The Bhagavad Gita and Inner Transformation Naina Lepes,2008 This contemporary companion to the Bhagavad Gita addresses the heart of human yearning. T offers the possibility of transforming the battle of life into a path to Truth, a living process. Each chapter presents a road toward our inner, universal Self, bringing a deeper and wider perspective along the way. A psychological orientation invites the reader to move from abstract idea to individual insight. As the book proceeds, the relationship between the personal and the eternal gradually unfolds in an ever-expanding process of self-discovery. Quotes from the great teachers are included in the text to inspire, uplift and help us cross over the sea of illusion.

Curanderismo Soul Retrieval Erika Buenaflor,2019-05-28 A step-by-step shamanic guide to navigating the non-ordinary realms, locating lost soul fragments, and reintegrating them • Explains how the soul is a form of sacred energy that can escape when someone experiences trauma or stressful situations • Explores how to work with the 5 Mesoamerican cardinal directions to connect with lost soul fragments, create the ideal space for them to return, and ensure a lasting soul retrieval • Details how to enter a trance journey for navigating the spirit realm through shamanic breathwork, shamanic dancing, toning methods, as well as hand postures Drawing on her more than 20 years' experience working with present-day Mesoamerican curanderos/as and the ancient shamanic healing traditions of the Mexica and Maya, Erika Buenaflor, M.A., J.D., provides a step-by-step guide for the curanderismo practice of soul retrieval. She explains how the soul is a form of sacred energy that can escape when someone experiences trauma or is threatened by challenging

and stressful situations. Its absence can be responsible for a host of negative conditions including physical ailments, depression, insomnia, and dysfunctional behavior patterns. Exploring how to retrieve this sacred energy, or soul fragments, as well as resolve cases of soul theft, the author details how to journey through the non-ordinary realms of the Underworld, Middleworld, and Upperworld to locate lost soul fragments and reintegrate them. She explains how to enter a trance journey, providing instructions for shamanic breathwork practices, shamanic dancing, sounding and toning methods, as well as hand postures (mudras) to facilitate trance states. She explores how to perform soul diagnosis, create a loving and nurturing space for soul fragments to return, and work with the healing wisdom of the 5 Mesoamerican cardinal directions: South, West, North, East, and the Center, which marries the other directions and offers a portal to other worlds. She offers pressure point exercises to release the energies of traumas and contemplative exercises to continue the reintegration of soul fragments after the trance journey. She also explains how to connect with animal guardians to aid you in the soul retrieval process. Revealing how to achieve a lasting retrieval of soul energy, Buenaflor shows how the dynamic process of curanderismo soul retrieval can heal many forms and degrees of trauma and help people move forward in life with more clarity, self-awareness, empowerment, and greater depths of authentic self-love.

A Novice's Guide to Speaking in Public Michael Lawrence Faulkner, 2015-10-05 This book has one simple goal: to help you succeed in your next presentation or speech. You don't need decades of training to achieve this goal. You don't need the eloquence of Lincoln or Churchill or Martin Luther King. You just need to learn and practice 10 simple rules...and we mean simple. Michael Lawrence Faulkner helps you apply basic truths about human nature and nonverbal communication to get your audience on your side, and keep them there—from the moment you walk on stage to the moment you leave. You'll learn how to prepare well, enter with confidence, own your space, and deliver a message that is clear and powerful. Nervous? Of course you are! Everyone is. But Faulkner shows how to make your fears serve you, not immobilize you. Imagining the worst? Everyone does. But, as Faulkner shows you, those disasters just won't happen. Made a mistake? Everyone will. But you can move right past it, like it never happened. Other public speaking books aim to make you brilliant...and they fail. This book aims to make you very good: better than most speakers. That's a goal you can achieve—and with Faulkner's help and a little practice, you will. Practical, simple ways to Keep your language simple Make your fears work for you Prepare a conversation, not a speech Walk with purpose and confidence Make and keep eye contact Own your speaking and your space Ignore your mistakes and keep going Stop worrying about worst-case scenarios Finish strong Know when to ignore the rules
