*No Day Shall Erase You* Alice M. Greenwald, 2016-08-30

Published to coincide with the fifteenth anniversary of 9/11, this book emphasizes the highlights of the museum's interpretation of this somber day. This book is the definitive, official companion volume to the National September 11 Memorial & Museum. It provides visitors with a lasting record of their experience at the museum, and tells the story of September 11 through essays on and photographs of the installations and thoughtfully curated artifacts that serve as touchstones to the day and its aftermath. It also provides a behind-the-scenes glimpse—through photographs and planning concepts—into the evolution of the museum from idea to finished entity. By maximizing the visual impact through the innovative use of photography and design, the book immerses the reader in the visceral emotion of both the museum and the day—September 11—itself. *No Day Shall Erase You* offers an authoritative narrative of 9/11, as it is presented in the National September 11 Memorial & Museum, and as told by Alice M. Greenwald, the museum's director, and other key staff who planned and built the museum. Focusing on the historic impact of the event, *No Day Shall Erase You* recognizes the central importance 9/11 has in America's national memory, as well as putting the day into context fifteen years later.

**The Ground Zero Cross** Brian J. Jordan, 2017-05-12 Two days after the terrible attack against the World Trade Center on September 11, 2001, a union construction worker made a remarkable discovery within the ruins of World Trade Center 6. He saw a cross-like beam that stood on top of a heap of debris. He was stunned by its significance as were countless others after him. The purpose of this book is to trace the thirteen-year odyssey of this iconic cross from World Trade Center 6, to its position atop a concrete abutment within the World Trade Center during the recovery and rebuilding period, to the outside wall of St. Peter's Roman Catholic Church across from Ground Zero and finally to the

National 9/11 Memorial Museum where it remains today. The odyssey also includes a three-year legal battle whose appellate decision found that the Constitution of the United States does not preclude the presence of the Ground Zero cross within the National 9/11 Memorial Museum. This book is the author's personal memoir. He is a Franciscan priest who, through many uncertain days, was the unofficial guardian of the Ground Zero cross. The concurrent themes of the book treat spirituality, grief sharing, selfless sacrifice, architecture, church history, biblical theology, and litigation. The book tells the story of many obstacles transcended on the way to the triumph of the Ground Zero cross.

A Place of Remembrance Allison Blais, Lynn Rasic, 2011 With photographs and architectural plans never before published, paired with comments in the very voices of those who witnessed the event, this book will stand apart from all the rest on the 10th anniversary of that world-changing event.

*Faces of Hope* Christine Pisera Naman, 2002-09 In this book, Christine Pisera Naman, whose son Trevor was born on September 11, 2001, has gathered together striking black-and-white photos of her child and forty-nine other babies who share the same birthday. Gathered from each of the fifty states in the union, these shining faces give hope to our nation as its citizens reflect on the anniversary of September 11. With simple eloquence, the author shares two wishes that she has for each little one, such as: I hope that you find good in all people. I hope you catch snowflakes on your tongue. I hope you always have more than you need and share your plenty. I hope you are someone's dream come true.

**30,000 Stitches** Amanda Davis, 2021 The inspiring story of the American flag that flew over Ground Zero, traveled across all fifty states as it was repaired, and returned to New York, a restored symbol of unity--

**9/11 Memorial Visions** Lester J. Levine, 2016-08-17 More than a billion people watched the 9/11 World Trade Center destruction unfold on television, making it the greatest shared

event in world history. Reflecting this fact, the 2003 World Trade Center Memorial Design Competition was open to anyone, drawing 5,201 entries from 60 countries, all of which were posted online. Most designs were the greyscale hardscape of typical memorials. A few were radically imaginative. Some engaged memory with sound, color, movement, technology or visitor participation. Others reached across the globe, cyberspace, even outer space. These imaginings stirred questions about their creators. Who were they? What were they thinking and feeling? How did the concept develop? This book, based on a first ever review of the entries, tells the personal stories of more than 180 designers whose creative perspective translated an horrific event, giving deeper thought to the relation of memorial spaces to history, geography, technology and cultural diversity.

The Man in the Red Bandanna Honor Crowther

Fagan, 2013-02-15 When Welles Crowther was a young boy, his father gave him a red bandanna, which he always carried with him. On September 11, 2001, Welles Remy Crowther saved numerous people from the upper floors of the World Trade Center South Tower. The Man in the Red Bandanna recounts and celebrates his heroism on that day. Welles' story carries an inspirational message that will resonate with adults as well as young children.

14 Cows for America Carmen Agra Deedy, 2018-09-18 This New York Times bestseller recounts the true story of the touching gift bestowed on the US by the Maasai people in the wake of the September 11 attacks. In June of 2002, a mere nine months since the September 11 attacks, a very unusual ceremony begins in a far-flung village in western Kenya. An American diplomat is surrounded by hundreds of Maasai people. A gift is about to be bestowed upon the American men, women, and children, and he is there to accept it. The gift is as unexpected as it is extraordinary. Hearts are raw as these legendary Maasai warriors offer their gift

to a grieving people half a world away. Word of the gift will travel newswires around the globe, and for the heartsick American nation, the gift of fourteen cows emerges from the choking dust and darkness as a soft light of hope—and friendship. With stunning paintings from Thomas Gonzalez, master storyteller Carmen Agra Deedy (in collaboration with Naiyomah) hits all the right notes in this elegant story of generosity that crosses boundaries, nations, and cultures.

**Fall and Rise** Mitchell Zuckoff, 2019-04-30 “Better and more comprehensive than any prior account. . . . Those of us who lived through those days will find the book cathartic; those rising generations who were too young to remember 9/11, or who weren’t yet born, will find it revelatory.” — John Farmer, senior counsel to the 9/11 Commission and author of *The Ground Truth* “With his rigorous research and moral clarity, Mitchell Zuckoff has provided us with an invaluable service. He has deepened our understanding of what happened on 9/11 and recorded the voices of the victims and the survivors. What’s more, he has ensured that we never forget.” —David Grann, #1 New York Times bestselling author of *Killers of the Flower Moon* Years in the making, this spellbinding, heartbreaking, and ultimately uplifting narrative is an unforgettable portrait of 9/11. This is a 9/11 book like no other. Masterfully weaving together multiple strands of the events in New York, at the Pentagon, and in Shanksville, Pennsylvania, *Fall and Rise* is a mesmerizing, minute-by-minute account of that terrible day. In the days and months after 9/11, Mitchell Zuckoff, then a reporter for the *Boston Globe*, wrote about the attacks, the victims, and their families. After further years of meticulous reporting, Zuckoff has filled *Fall and Rise* with voices of the lost and the saved. The result is an utterly gripping book, filled with intimate stories of people most affected by the events of that sunny Tuesday in September: an out-of-work actor stuck in an elevator in the North Tower of the World Trade Center; the heroes aboard Flight 93 deciding to take action; a veteran trapped in the

inferno in the Pentagon; the fire chief among the first on the scene in sleepy Shanksville; a team of firefighters racing to save an injured woman and themselves; and the men, women, and children flying across country to see loved ones or for work who suddenly faced terrorists bent on murder. Fall and Rise will open new avenues of understanding for everyone who thinks they know the story of 9/11, bringing to life—and in some cases, bringing back to life—the extraordinary ordinary people who experienced the worst day in modern American history. Destined to be a classic, Fall and Rise will move, shock, inspire, and fill hearts with love and admiration for the human spirit as it triumphs in the face of horrifying events.

**Portraits: 9/11/01** The New York Times, 2003-08 Publisher Description

*Asia's New Wings* Clifton Cottom, Michelle Cottom, 2014-09-11 Asia Cottom lived eleven short years on this earth. Her tragic death on Flight #77 on 9/11 is forever etched in the hearts of the countless people who loved her. But her wise and influential life, her positive attitude, and profound faith in God are her true legacy. You may love God with all your heart and soul, yet not understand what He is doing. In *Asia's New Wings*, Clifton and Dr. Michelle Cottom, along with family and friends, walk beside you, sharing their thoughts and offering compassion to help you come to a place of acceptance, when trying to make sense of suffering great loss. The people in this book have learned to come to terms with what God allows, and are now in a place where they can help heal others. If you have gone - or are going through - the valley of despair, you will find comfort and empathy from those who care. You will also find hope and the strength to move forward as you rediscover your life. What Asia's parents and all those who loved her went through, healed from, and learned will bring comfort and

relief to those who travel down the road of loss. Reading and experiencing Asia's story will truly bring healing and life to all who turn these pages.

*Eleven* Tom Rogers, 2014-01-06 Alex Douglas always wanted to be a hero. But nothing heroic ever happened to Alex. Nothing, that is, until his eleventh birthday [which fell on September 11, 2001]. Then everything changed--P. [4] of cover.

*The Downwind Walk* Steve Kanarian, 2011-10-07 About the Book *The Downwind Walk* lets you experience the tragic events following the terrorist attacks on the World Trade Center in New York on September 11, 2001 through the eyes of an Urban Search and Rescue (USAR) paramedic who went into harms way to rescue the victims, which rapidly included many of his brothers and sisters of the New York Fire Department (NYFD) and Emergency Medical Services (EMS). The author was a member of the EMS FDNY in the Bronx who was deployed with the Federal Emergency Management Association (FEMA) USAR team at Ground Zero. He went downwind with the USAR team after they set up operations and donned the proper protective clothing and breathing protection. Their mission was to take a first hand look at that mass casualty incident (MCI), assess the damage and losses, and make an estimation of resources needed to mitigate the incident. The reader is invited to take the downwind walk with Steve as he recounts the events, sights, smells and vivid memories of that unforgettable September .. from eye level at Ground Zero, in his dusty boots. In this book, you will read stories about EMTs and paramedics who were at Ground Zero with the author, including some who were wounded or traumatized and others who made the ultimate sacrifice. You will also learn about NYFD EMS personnel who made a significant contribution to patient care and public service by responding to numerous 9-1-1 calls or assisting fallen coworkers that week despite extremely stressful working conditions. No doubt you have heard the popular stories that tell of heroism on airline flights, in the Twin Towers and at the Pentagon.

It is also important for future generations of Americans to know about the sacrifice and dedication of NYFD EMS first responders. Now is the time to share their stories as the 10th Anniversary of 9/11 looms on the horizon as ominously as the smoke and dust filled the atmosphere after the collapse of the Twin Towers. Steve wants future EMTs and paramedics to know about the individual acts of caring and dedication of the EMS first responders at Ground Zero. He also would like to share with them stories of how EMS dealt with this horrendous incident and lessons learned from the catastrophic consequences of that MCI so they may learn from their experience.

**The Caravan** Thomas Hegghammer, 2020-03-05 Abdallah Azzam, the Palestinian cleric who led the mobilization of Arab fighters to Afghanistan in the 1980s, played a crucial role in the internationalization of the jihadi movement. Killed in mysterious circumstances in 1989 in Peshawar, Pakistan, he remains one of the most influential jihadi ideologues of all time. Here, in the first in-depth biography of Azzam, Thomas Hegghammer explains how Azzam came to play this role and why jihadism went global at this particular time. It traces Azzam's extraordinary life journey from a West Bank village to the battlefields of Afghanistan, telling the story of a man who knew all the leading Islamists of his time and frequented presidents, CIA agents, and Cat Stevens the pop star. It is, however, also a story of displacement, exclusion, and repression that suggests that jihadism went global for fundamentally local reasons.

**The Stories They Tell** Alice M. Greenwald, Clifford Chanin, 2013-09-10 This poignant selection of artifacts—and their stories—from September 11 provides an official, lasting record of that day's experience. In both text and photography, the story of September 11 is told through a selection of powerfully moving artifacts from the 9/11 museum's collection that serve as touchstones to the day and its aftermath. From crushed FDNY

trucks to the steel that was pierced as planes struck the Twin Towers, from victims' property pulled from the wreckage and returned to families (who later donated the property to the museum) to spontaneous memorials collected from around Ground Zero, the array of objects tell complex and often surprising stories. Poignant artifacts as monumental as the Vesey Street staircase—which offered an escape for thousands fleeing the towers—and as intimate as a loved one's wedding band or last recorded phone message are selected to illuminate people's experiences during and after September 11, 2001, and February 26, 1993. The mission of the National September 11 Memorial & Museum is to bear solemn witness to the terrorist attacks against the World Trade Center. The museum honors the nearly 3,000 victims of these attacks and all those who risked their lives to save others. It further recognizes the thousands who survived and all who demonstrated extraordinary compassion in the aftermath.
