Porn & Pong Damon Brown, 2008 Explores, for the first time, how pornography and video games have influenced the world's sexual mores and technological compulsions on a massive scale. The first Atari systems and their phallic joysticks sold by the millions, reality TV skyrocketed at the same time The Sims took off and the surgically-endowed Pamela Anderson was outshone by only one other woman: Lara Croft. Porn & Pong examines how politics, hidden agendas and financial pressure affect the controversial art forms of gaming and pornography.

Addiction the RPG Steve Ryan, 2015-01-29 It is just so tight to be the illest, downest, stoopit Big Playa that who amongst us would not rule the Park Blocks with a dirty fist full of nickels and pennies. Perp the Respect it takes to rep the LBC instead of Lake Oswego where we actually 'came up.' Enslave other Playaz with narcotics and meth, pimp that ho down to the Rose Quarter transit

station, and then extract props from the Cultural District panhandlers until they Kick Down ill-gotten gains demanded from 'Do-Gooders' outside the Central Library. Affront the Squares with a PASS-AGG display of sketchiness that will scandalize Suburban Values; grow a handlebar moustache and busk for change in the Pearl, or go to culinary school and cut a figure in the service industry, Portland has it all, fueled by the pennies, nickels and dimes of Californian implants who found out about it all on Yelp, Instagram or Pinterest. Addiction is the only RPG that models life on the muddy, syringe-strewn sidewalks of Rip City USA, and the savage world of suburban tragedy lurking just outside the cute little pink box. Role-Playing Game Studies Sebastian

Deterding, José Zagal, 2018-04-17 This handbook collects, for the first time, the state of research on role-playing games (RPGs) across disciplines, cultures, and media in a single, accessible volume. Collaboratively authored by more than 50 key scholars, it traces the history of RPGs, from wargaming precursors to tabletop RPGs like Dungeons & Dragons to the rise of live action role-play and contemporary computer RPG and massively multiplayer online RPG franchises, like Fallout and World of Warcraft. Individual chapters survey the perspectives, concepts, and findings on RPGs from key disciplines, like performance studies, sociology, psychology, education, economics, game design, literary studies, and more. Other chapters integrate insights from RPG studies around broadly significant topics, like transmedia worldbuilding, immersion, transgressive play, or player-character relations. Each chapter includes definitions of key terms and recommended readings to help fans, students, and scholars new to RPG studies find their way into this new interdisciplinary field.

Fallout Erwan Lafleurriel, 2019-06-21 The year was 1997 and Fallout: A Post Nuclear Role Playing Game had just been released by Interplay. This book looks back at the entire Fallout saga, tells the story of the series' birth, retraces its history and deciphers its mechanics. The perfect book to discover and understand the origins of Fallout,

with the saga's genesis and the decryption of each of his episodes ! EXTRACT The intro music and the end credits were the final main components of this hybrid post-apocalyptic/50s ambiance. Initially, Brian Fargo wanted to signal Fallout's inspiration with Warriors of the Wasteland, by Frankie Goes to Hollywood, but when he heard The Ink Spots, he changed his mind and loved the result. The first choice was I Don't Want To Set The World On Fire by this group of crooners from the 1930s/40s, but unfortunately the high cost made it impossible to acquire the rights. But while browsing an extensive list of tracks from the era, the team found that Maybe, by the same group, had almost the same sound-with the added bonus of being cheap! The lyrics are about a break-up, from the point of view of the person being left behind: Maybe you'll think of me when you are all alone/ Then maybe you'll ask me to come back again. Leonard Boyarsky notes that, It worked with the intro [and the ending], referring to the ending with the betrayal and lonely exile of Fallout's hero. It felt like it was this genius plan we had [...] but it was only later that we decided to kick [the player] out of the Vault. I feel like this is a metaphor for the whole game: it looks like we had a better picture in mind than we did, it just came out of the things we were doing.

Newspeak (Routledge Revivals) Jonathon Green,2013-10-02 George Orwell coined the term 'Newspeak' for his novel 1984, the purpose of which was designed to shrink vocabularies and eliminate subtlety and nuance. For this

dictionary, first published to herald the year 1984, Jonathon Green compiled nearly 8, 000 entries – selected from the slangs and specific vocabularies of trades, professions and interests – covering such areas as the world of entertainment, the media, the military economics, and finance. This dictionary provides an accurate and useful linguistic guide for students of lexicography and an interesting compendium for the general inquisitive reader.
