101 Ways to Be Lucky Richard de Meath, 2012-09-05 If you find your life caught in an endless cycle of negativity, that every time you consider you have resolved your problems, only for them to resurface in a different guise, then it is just possible this is the book that holds the answers you pursue. 101 WAYS TO BE LUCKY is a fascinating book that is certain to raise a number of questions, just as it succeeds in delivering on its promise to answer even more than you can think of asking. Richard de Meath has successfully brought together over a hundred people, drawn from different cultures, ethnic backgrounds, believers and non-believers alike, who offer their opinion on the reality of luck. Within these pages, you will find there is more to this simple question than first thought, that people hold fast to their opinion on what delivers the answers they seek, or determines new ways to overcome life's difficulties that others believe are impossible to surmount. Some of us look for love, others pursue money and power, while some seek success in their career. Of course, we are able to change the way we think, just as much as we are able to see opportunity when it rises before us. The answer to many questions comes when we find the road ahead is unexpectedly free of problems, when just a touch of luck gives us a sharp push in the right direction. Luck exists, it remains for you to know where to seek it!

Natalie Tan's Book of Luck and Fortune Roselle Lim, 2019-06-11 Lush and visual, chock-full of delicious recipes, Roselle Lim's magical debut novel is about food, heritage, and finding family in the most unexpected places. At the news of her mother's death, Natalie Tan returns home. The two women hadn't spoken since Natalie left in anger seven years ago, when her mother refused to support her chosen career as a chef. Natalie is shocked to discover the vibrant neighborhood of San Francisco's Chinatown that she remembers from her childhood is fading, with businesses failing and families moving out. She's even more surprised to learn she has inherited her grandmother's restaurant. The neighborhood seer reads the restaurant's fortune in the leaves: Natalie must cook three recipes from her grandmother's cookbook to aid her struggling neighbors before the restaurant will succeed. Unfortunately, Natalie has no desire to help them try to turn things around—she resents the local shopkeepers for leaving her alone to take care of her agoraphobic mother when she was growing up. But with the support of a surprising new friend and a budding romance, Natalie starts to realize that maybe her neighbors really have been there for her all along.

The Girl with No Face M. H. Boroson, 2019-10-22 *Winner--First Prize in the Colorado Authors League Award, Science Fiction and Fantasy Category!* The adventures of Li-lin, a Daoist priestess with the unique ability to see the spirit world, continue in the thrilling follow-up to the critically-acclaimed historical urban fantasy *The Girl with Ghost Eyes*. It's the end of the Nineteenth Century. San Francisco's cobblestone streets are haunted, but Chinatown has an unlikely protector in a young Daoist priestess named Li-lin. Using only her martial arts training, spiritual magic, a sword made from peachwood, and the walking, talking spirit of a human eye, Li-lin stands alone to defend her immigrant community from supernatural threats. But when the body of a young girl is brought to the deadhouse Li-lin oversees for a local group of gangsters, she faces her most

bewildering—and potentially dangerous—assignment yet. The nine-year-old has died from suffocation . . . specifically by flowers growing out of her nose and mouth. Li-lin suspects Gong Tau, a dirty and primitive form of dark magic. But who is behind the spell, and why, will take her on a perilous journey deep into a dangerous world of ghosts and spirits. With hard historical realism and meticulously researched depictions of Chinese monsters and magic that have never been written about in the English language, *The Girl with No Face* draws from the action-packed cinema of Hong Kong to create a compelling and unforgettable tale of historical fantasy and Chinese lore.

AS LUCK WOULD HAVE IT Lucky Rimpila,2024-01-17 When I think back about the history that happened while I was growing up to graduate in the class of '68 in small-town America, I was more thinking about relationships, dating, muscle cars, movies, TV shows, drive-ins and family events. I heard of some events while they happened but didn't realize the full extent of how our country and the world changed with the history that took place at the same time. I took a look back and now I want to share with you every day, country and world events that shaped our lives.

Trojan Women Euripides,2021-04-15 *Trojan Women* tells the story of the survivors of the Trojan War, the women and children taken into slavery by the victorious Greek army. Through the tragedy's central character, the matriarch Hecuba, this late play (415 BCE) demonstrates Euripides' commitment to speaking on behalf of the less powerful and offers a scathing critique of Athenian behavior as the city fought its own disastrous war with its southern neighbor, Sparta. *Trojan Women* features well-known characters from Greek mythology, including the prophetess Cassandra, the gods Athena and Poseidon, and most notably, the infamous Helen, the cause of the war, who must defend herself to the husband she abandoned. This new translation features a text committed to accuracy and clarity, one developed in collaboration with actors for clear reading and performance. Appendices provide other important literary treatment of the women in the play, from Homer to Shakespeare.

Structured Luck Onoso Imoagene,2023-04-03 The Diversity Immigrant Visa Program is a lottery that awards winners from underrepresented countries the chance to apply for legal permanent residence in the United States. Most lottery winners think of themselves as lucky, viewing the win as an opportunity to pursue better lives for themselves and their families. In *Structured Luck*, sociologist Onoso Imoagene uses immigrants' stories to show that while the visa program benefits many recipients, the program's design can also lead to exploitation in their countries of origin and reduced potential once they are in the United States. Combining ethnographic observation in Africa and interviews with immigrants, their family members, and friends from Ghana and Nigeria, Imoagene demonstrates that the visa program is a process of "structured luck," from how people

hear about the lottery, who registers for it, and who participates in it to the application requirements for the visa. In Ghana and Nigeria, people often learn about the lottery through friends, colleagues, or relatives who persuade them to enter for the perceived benefits of receiving a visa: opportunities for upward mobility, permanent legal status, and the ability to bring along family members. Though anyone can enter the lottery, not everyone who wins obtains a visa. The visa application process requires proof of a high school diploma or artisan skills, a medical exam, a criminal background check, an interview with U.S. consular officers, and payment of fees. Such requirements have led to the growth of visa entrepreneurs, who often charge exorbitant fees to steer immigrants through the process. Visa recipients who were on track to obtain university degrees at home often leave in the middle of their studies for the United States but struggle to continue their education due to high U.S. tuition costs. And though their legal status allows them to escape the demoralizing situations that face the undocumented, these immigrants lack the social support that the government sometimes provides for refugees and other migrants. Ultimately, Imoagene notes, the real winner of the visa lottery is not the immigrants themselves but the United States, which benefits from their relatively higher levels of education. Consequently, she argues, the U.S. must do more to minimize the visa program's negative consequences. Structured Luck illuminates the trauma, resilience, and determination of immigrants who come to the United States through the Diversity Visa Program and calls for the United States to develop policies that will better integrate them into society.

A self-acknowledged black sheep, Roen Shepard knows what it means to feel alone. Recognizing a kindred spirit in the reserved widow whose fascinating blue-green eyes have seen too much, and charmed by the warmth of her ready-made family, the two begin an unlikely friendship. When a complication from his past follows him to Frost Falls, Roen proposes a mad scheme to protect the new life he's built and keep close the stubborn woman he's accidentally fallen for—a marriage of convenience.
