The A.B.C.D.: An Introductory Book into the English Alphabet Makwei Mabioor Deng,2011-07-22 The A.B.C.D: An Introductory Book into the English Alphabet is an elementary pronunciation course for beginning learners who are being introduced to the English Alphabet for the first time or those learners in elementary and intermediate schools who have consistently shown considerable difficulties with either learning to read and write in English or have difficulties grasping the essence of English Pronunciation. The book aims to help learners learn to pronounce, read and write the sounds of the English language. The book consists of three parts, all of which are further subdivided into numerous chapters. It is my hope that this introductory book into the sounds of the English letters will help the young learners to recognize and pronounce all the vowel and consonant sounds of the

English Language. Indeed, they would become exceptional writers, avid readers and fluent speakers of the English language at an early age.
