Sports on Television Dennis Deninger, 2012-11-12 In *Sports on Television*, Dennis Deninger provides an all-encompassing view of the sports television industry. He progresses from the need for this book, to the history of the industry and discipline, to the pioneering events of sports broadcasting and sports television, to a nuts-and bolts, behind-the-scenes look at a sports television production. All the while, he examines the impact that sports and the mass media have had (and are continuing to have) on one another and on society.

ESPN Travis Vogan, 2015-10-15 Once a shoestring operation built on plywood sets and Australian rules football, ESPN has evolved into a media colossus. A genius for cross-promotion and its near-mystical rapport with its viewers empower the network to set agendas and create superstars, to curate sports history even as it mainstreams the latest cultural trends. Travis Vogan teams archival research and interviews with an all-star cast to pen the definitive account of how ESPN turned X's and O's into billions of \$\$\$\$. Vogan's institutional and cultural history focuses on the network since 1998, the year it launched a high-motor effort to craft its brand and grow audiences across media platforms. As he shows, innovative properties like SportsCentury, ESPN The Magazine, and 30 for 30 built the network's cultural caché. This credibility, in turn, propelled ESPN's transformation into an entity that lapped its run-of-the-mill competitors and helped fulfill its self-proclaimed status as the Worldwide Leader in Sports. Ambitious and long overdue, *ESPN: The Making of a Sports Media Empire* offers an inside look at how the network changed an industry and reshaped the very way we live as sports fans.

A History of Sports Highlights Ray Gamache, 2010-07-08 This book traces the development and popularity of the sportscast highlight—the dominant news frame in the crowded medium of electronic sports journalism—as the primary means of communicating about sports and athletes. It explores the intricate relationships among media producers, sports leagues and organizations, and

audiences, and explains that sportscast highlights are not a recent development, given their prominent use within a news context in every medium from early news film actualities and newsreels to network and cable television to today's new media platforms.

Sports on Television Alvin H. Marill, 2008-12-30 Television has always augmented its dramatic and variety programming with sports. After covering wrestling and boxing matches for several years, ABC added the hugely popular Roller Derby between 1949 and 1951, and later, college and pro football. Today, there is a multitude of pay and cable networks devoted exclusively to baseball, football, golf, hockey, tennis, ice-skating, and auto racing. Rather than focusing on live sports

broadcasts, however, this book chronicles the history of sports-themed comedies and dramas, to see how our national fictions have affected our authentic sports experiences, and vice versa. Sports dominate the television landscape today, and still the demand for more is so great that pay and cable networks continue to find funding and success, even when devoted exclusively to a single sport. But this is really nothing new: television has always augmented its dramatic and variety programming with sports. Live sports have had a tremendous impact on what we see on television, and on how we see it. Rather than focusing on live sports broadcasts, however, this book takes a critical look at sports-themed comedies and dramas, to see how our authentic sports affect our national fictions as well. From the character studies that supplement Olympic coverage, to nightly highlight reels, to reality programming on ESPN, sports both echo and help shape the myths that pervade our culture. Sports on Television covers the changing relationship between live sports broadcasts and television dramas, as well as the important technological developments and cultural shifts that have changed the way we view the reality of sports. In 1949, after covering wrestling and boxing matches for several years, ABC added the hugely popular Roller Derby, and later moved on to college and pro football, where humble beginnings have since developed into a national obsession. In the early sixties Jimmy Stewart played a disgraced baseball player in *Flashing Spikes*—which was also one of the rare ventures into television for veteran director John Ford. On HBO the Yankees have been the subject of both *61**—about Roger Maris's quest to top Babe Ruth's home run record—and *The Bronx Is Burning*, about the 1977 Yankees team. And there have been sports-themed TV sitcoms as well, such as *Sports Night*, Aaron Sorkin's critically lauded but commercially unsuccessful project, which preceded his work on *The West Wing*. Meanwhile *American Gladiators*—a strange blend of canned programming and authentic athletic endeavor that in effect puts television audiences in an arena with what amounts to

professional athletes—is quickly becoming one of the most popular shows on primetime. Here, Marill gives due time to all of these unique projects.

"The Thrill of Victory" Bert Randolph Sugar, 1978 The Thrill of Victory is an action-packed, anecdotal history of the internal life of the ABC network. Here for the first time are the inside stories of how the Mickey Mouse of television became the mouse that roared: Howard Hughes's abortive attempt to take over ABC; why Saturday Night Live with Howard Cosell died; Walt Disney's entry into television; the discovery of Evel Knievel and Dorothy Hamill by ABC's Wide World of Sports; and many more behind-the-camera stories, all told in colorful detail.

Live Sports Media Dennis Deninger, 2022-01-27 In Live Sports Media: The What, How and Why of Sports Broadcasting, Dennis Deninger provides an all-encompassing view of the sports television industry from his own perspective as an Emmy Award-winning producer at ESPN, at a time of seismic shifts in the industry. Technological advances and the proliferation of sports content across multiple media platforms have increased accessibility to sports events of all kinds across the world. Shifts in viewing habits and audience preferences are changing the dynamic of sports media and the sports industry as a whole. The result: more power for some sectors and diminished power for many others, to which professionals in the field need to rapidly adapt. This second edition has been substantially updated to explore the impact of COVID-19 disruptions on sports and the growth of women's sports broadcasting and evolving sports, as well as political statements made in sports: Black Lives Matter, and taking a knee. It illustrates the origins, impact, reach, economics, production, and presentation of sports on video media – including, but not limited to, television. It takes the reader behind the scenes to describe the forces and processes that have shaped and continue to change sports content, its delivery, and how it connects with fans. Dennis Deninger draws from his experiences as an expert in

the industry to expose how the choices and decisions that are now being made affect the programming, content, storytelling, production, advertising, and delivery of the sports broadcasting that we will see next season and how it will evolve in the years to come. This practical, entertaining book provides insights into sports broadcasting that sports management, media, and journalism students and learning practitioners will not find anywhere else.

Those Guys Have All the Fun James Andrew Miller, Tom Shales, 2011-05-24 In the exclusive behind the scenes look, sports fans can unlock the fascinating history of the channel that changed the way people watch and interact with their favorite teams. It began, in 1979, as a mad idea of starting a cable channel to televise local sporting events throughout the state of Connecticut. Today, ESPN is arguably the most successful network in modern television history, spanning eight channels in the

Unites States and around the world. But the inside story of its rise has never been fully told-until now. Drawing upon over 500 interviews with the greatest names in ESPN's history and an All-Star collection of some of the world's finest athletes, bestselling authors James Miller and Tom Shales take us behind the cameras. Now, in their own words, the men and women who made ESPN great reveal the secrets behind its success-as well as the many scandals, rivalries, off-screen battles and triumphs that have accompanied that ascent. From the unknown producers and business visionaries to the most famous faces on television, it's all here.

Out of the Pocket Kirk Herbstreit, 2022-08-02 This powerfully intimate, plain-spoken memoir about fathers and sons, fortitude, and football from the face and voice of college football—Kirk Herbstreit—is not just “a window into the game, but also a peek into what makes him special: his heart” (David Shaw, head coach, Stanford University). Kirk Herbstreit is a reflection of the sport he loves, a reflection of his football-crazed home state of Ohio, where he was a high school star and Ohio State captain, and a reflection of another Ohio State football captain thirty-two years earlier: his dad Jim, who battled Alzheimer’s disease until his death in 2016. In *Out of the Pocket*, Herbstreit does what his father did for him: takes you inside the locker rooms, to the practice fields, to the meeting rooms, to the stadiums. Herbstreit describes how a combination of hard work, perseverance, and a little luck landed him on the set of ESPN’s iconic College GameDay show, surrounded by tens of thousands of fans who treat their Saturdays like a football Mardi Gras. He takes you into the television production meetings, on to the GameDay set, and into the broadcast booth. You’ll live his life during a football season, see the things he sees, experience every chaotic twist and turn as the year unfolds. Not to mention the relationships he’s established and the insights he’s learned from the likes of coaches and players such as Nick Saban, Tim Tebow, Dabo Swinney, and Peyton Manning, as well as his

colleagues, including Chris Fowler, Rece Davis, and his “second dad,” the beloved Coach Lee Corso. Yes, Kirk Herbstreit is the undeniable face and voice of college football—but he’s also a survivor. He’s the quiet kid who withstood the collapse of his parents’ marriage. The boy who endured too many overbearing stepdads and stepmoms. The painfully shy student who always chose the last desk in the last row of the classroom. The young man who persevered through a frustrating Ohio State playing career. The new college graduate who turned down a lucrative sales job after college to pursue a “no way you’ll make it” dream career in broadcasting. Inspiring and powerful, *Out of the Pocket* “proves the importance of perseverance and family” (Peyton Manning).

Playing Hurt John Saunders, John U. Bacon, 2017-08-08 For the first time ever, the popular late host of ESPN's *The Sports Reporters* and ABC's college football openly discusses a lifelong battle with depression. During his three decades on ESPN and ABC, John Saunders became one of the nation's most respected and beloved sportscasters. In this moving, jarring, and ultimately inspiring memoir, Saunders discusses his troubled childhood, the traumatic brain injury he suffered in 2011, and the severe depression that nearly cost him his life. As Saunders writes, *Playing Hurt* is not an autobiography of a sports celebrity but a memoir of a man facing his own mental illness, and emerging better off for the effort. I will take you into the heart of my struggle with depression, including insights into some of its causes, its consequences, and its treatments. I invite you behind the facade of my apparently perfect life as a sportscaster, with a wonderful wife and two healthy, happy adult daughters. I have a lot to be thankful for, and I am truly grateful. But none of these things can protect me or anyone else from the disease of depression and its potentially lethal effects. Mine is a rare story: that of a black man in the sports industry openly grappling with depression. I will share the good, the bad, and the ugly, including the lengths I've gone to to conceal my private life from the

public. So why write a book? Because I want to end the pain and heartache that comes from leading a double life. I also want to reach out to the millions of people, especially men, who think they're alone and can't ask for help. John Saunders died suddenly on August 10, 2016, from an enlarged heart, diabetes, and other complications. This book is his ultimate act of generosity to help those who suffer from mental illness, and those who love them.

Haven't They Suffered Enough? John D Lukacs, Beano Cook, 2021-10-09 Beano Cook was an American sports media icon, an original character known for his wit and his one-liners, his eccentric personality, his encyclopedic knowledge of college football history, and his distinctive voice, which the writer Tom Callahan said sounded like a plumbing fixture gargling Drano. That voice, which captivated countless college football fans for decades, narrates Cook's posthumously published biography, Haven't They Suffered Enough? Written with friend and author John D. Lukacs, the book is equal parts op-ed piece, history lesson and stand-up comedy routine. Employing the same colorful style as a storyteller he exhibited on the air as a college football commentator for ABC Sports and ESPN, Cook holds court, regaling readers with stories and recollections from his childhood through his extraordinary sixty-year professional career in sports, public relations and network television. That career started at Cook's alma mater, the University of Pittsburgh, where he served as the school's maverick athletics publicist from 1956 to 1966. It was at Pitt that Cook was anointed, by New York sportswriter Dan Parker, the greatest publicity man since Barnum - and, on second thought, Bailey, too. From 1966 to 1974, Cook worked as NCAA press director for ABC Sports and held a similar position at CBS Sports from 1977 to 1982. Cook also served stints as a sportswriter for the St. Petersburg Times, as a publicist for the Mutual Broadcasting System, and spent one year out of sports as a social worker with the domestic Peace Corps, Volunteers in Service to America, aka. VISTA. The

book serves as an all-access pass to the world of college athletics and the golden era of network television sports, with Cook taking the reader into broadcast booths, production trucks, pressboxes, and long-gone watering holes. Such an unconventional life requires a unconventional storytelling approach, which Cook takes with special, standalone chapters on subjects such as sports betting, plus one moving section that serves as a love letter from the lifelong bachelor to the true love of his life, the game of college football. As one of the defining voices in the history of the sport, he ranks his all-time greatest teams, plays, players, coaches, fight songs and traditions, and recounts never-before-told stories about the personalities and contests that made college football America's national passion. A first-hand witness to some of the most memorable events in sports history, Cook relives epic contests such as the 1960 World Series, the 1969 Texas-Arkansas Big Shootout, countless college football bowl games and classic Games of the Century. Cook tells it like it is, like it was and even how it will be, with several special predictions regarding the future of the sports and media. He recounts in remarkable detail his unique perspective of the 1974 NFL season, which he spent doing PR for the Miami Dolphins, his pivotal role in the rise of ESPN in the mid-1980s, and recalls special relationships with television executive Boone Arledge, broadcaster Howard Cosell and Pittsburgh sports personality Bob Prince. The book features an ensemble cast of famous athletes, actors, coaches, writers, broadcasters, team owners, television executives, media personalities and politicians such as Red Smith, Robert F. Kennedy, Jimmy The Greek Snyder, Mary Tyler Moore, Muhammad Ali, Myron Cope, Dan Jenkins, Dr. Jonas Salk, Richard Nixon, Bill Russell, Pete Rozelle, Paul Hornung, Keith Jackson, Lindsey Nelson, Colonel Harlan Sanders, Phyllis George, Don Shula, Joe Paterno, Joe Robbie, Jack Whitaker, James Michener and many others. Haven't They Suffered Enough? is an educational, entertaining read full of laughs, history and nostalgia, an uncensored,

unconventional and unbelievable memoir from one of the most unforgettable names in sports and media histo

Every Town Is a Sports Town George Bodenheimer, Donald T. Phillips, 2015-05-05 A Best Business Book of 2015, Strategy Business ESPN's rise is one of the most remarkable stories about business and sports in our time, and nobody can tell it better than George Bodenheimer. It may be hard to believe, but not long ago, getting sports updates was difficult and frustrating. ESPN changed everything. George Bodenheimer knows. Initially hired to work in the mailroom, one of Bodenheimer's first jobs was to pick up sportscaster Dick Vitale at the Hartford airport and drive him to ESPN's main campus--a couple of trailers in a dirt parking lot. But as ESPN grew, so did George's status in the company. In fact, Bodenheimer played a major part in making ESPN a daily presence not just here, but all over the world. In this business leadership memoir--written with bestselling author Donald T. Phillips--Bodenheimer lays out ESPN's meteoric rise. This is a book for business readers and sports fans alike.

Keepers of the Flame Travis Vogan, 2014-03-15 NFL Films changed the way Americans view football. Keepers of the Flame: NFL Films and the Rise of Sports Media traces the subsidiary's development from a small independent film production company to the marketing machine that Sports Illustrated named perhaps the most effective propaganda organ in the history of corporate America. Drawing on research at the NFL Films Archive and the Pro Football Hall of Fame and interviews with media pioneer Steve Sabol and others, Travis Vogan shows how NFL Films has constructed a consistent, romanticized, and remarkably visible mythology for the National Football League. The company packages football as a visceral and dramatic sequence of violent, beautiful, graceful, and heroic gridiron battles. Historically proven formulas for presentation--such as the

dramatic voiceovers once provided by John Facenda's baritone, the soaring scores of Sam Spence's rousing background music, and the epic poetry found in Steve Sabol's scripts--are still used today. From the Vincent Price-narrated *Strange but True Football Stories* to the currently running series *Hard Knocks*, NFL Films distinguishes the NFL from other sports organizations and from other media and entertainment. Vogan tells the larger story of the company's relationship with and vast influence on our culture's representations of sport, the expansion of sports television beyond live game broadcasts, and the emergence of cable television and Internet sports media. *Keepers of the Flame: NFL Films and the Rise of Sports Media* presents sports media as an integral facet of American popular culture and NFL Films as key to the transformation of professional football into the national obsession commonly known as America's Game.

ESPN Michael Freeman, 2001 *ESPN: The Uncensored History* traces the first 24-hour sports network from its inception through its evolution into a slick media outlet reaching more than 60 million homes via more than 26,000 cable providers. Entertainment and Sports Programming Network, ESPN, has blazed a stunning path of achievement with its expansive coverage of broadcast sports--spinning off into ESPN2, ESPN Classic Sports, ESPNNews, and ESPN Magazine--but has also experienced its share of controversy. Along the way, this American entrepreneurial triumph has alienated on-air talent, drawn charges of racial discrimination, and seen employees accused of blatant sexual harassment. ESPN's success story is no fairy tale. Among the colorful lore and amusing anecdotes lurk serious complications and controversies. Through information gleaned from internal documents, police and court records, and interviews with network employees, on-air talent, producers, and executives, *ESPN: The Uncensored History* probes the inside story of America's premiere sports network. Part corporate history, part media and cultural analysis, and part expose,

the book examines both the positive developments effected by the network and the bad habits it has picked up from the business it covers. This paperback reveals the most recent developments at ESPN since the publication of the hardback, including the network's aggressive reactions to the book.
