A Place Set Apart Trent Angers, 2018-11-08 A 176-page hardcover book about Our Lady of the Oaks Jesuit Retreat House - a place of peace and beauty in Grand Coteau, La., where men and women go to pray and refresh body and soul. The book features the history of the facility and an explanation of its place in the worldwide retreat movement. It contains lots of photos, a prayer section, interviews with retreatants, a definition of the Spiritual Exercises of St. Ignatius, and mini-bios of the Jesuit retreat directors who have served here over the years.

Albion's Seed David Hackett Fischer, 1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from

1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Reflections on My Life Thomas H. Olbricht, 2012-04-25 Thomas H. Olbricht grew up in Churches of Christ, has taught in several of their universities, and has given religious lectures on six continents and in most states in the United States. He has met most leaders in Churches of Christ globally. He has been active in several religious and rhetoric societies and has worked with leaders in all these organizations to bring about changes over the past sixty years. C. Clifton Black and Duane F. Watson wrote about Olbricht, Tom Olbricht possesses a memory of elephantine proportions. Not only does he have at his fingertips the names and places and dates; better than most he understands how the study of rhetoric has flourished among, while cross-pollinating, multiple disciplines in the humanities, classics, English, speech communication, and religion.

Healing Troubled Hearts Lyn Holley Doucet, 2005 In this 15-week program, readers are called to take a break from their harried lives, to overcome the hurt of a lifetime, and to embrace life renewed. Each day's entry begins with an inspirational quote and contains a meditation, suggestions for journaling or reflection, and ends with a

prayer.

Catherine Carmier Ernest J. Gaines, 2012-10-31 A compelling debut love story set in a deceptively bucolic Louisiana countryside, where blacks, Cajuns, and whites maintain an uneasy coexistence--by the award-winning author of *A Lesson Before Dying* and *The Autobiography of Miss Jane Pittman*. After living in San Francisco for ten years, Jackson returns home to his benefactor, Aunt Charlotte. Surrounded by family and old friends, he discovers that his bonds to them have been irreparably rent by his absence. In the midst of his alienation from those around him, he falls in love with Catherine Carmier, setting the stage for conflicts and confrontations which are complex, tortuous, and universal in their implications.

The Autobiography of Miss Jane Pittman Ernest J. Gaines, 2012-10-24 "Grand, robust, a rich and big novel."—Alice Walker, *The New York Times Book Review* "In [*Jane Pittman*], Ernest Gaines has created a legendary figure. . . . Gaines's novel brings to mind other great works: *The Odyssey*, for the way his heroine's travels manage to summarize the American history of her race, and *Huckleberry Finn*, for the clarity of [*Pittman's*] voice, for her rare capacity to sort through the mess of years and things to find the one true story of it all."—*Newsweek* *Miss Jane Pittman*. She is one of the most unforgettable heroines in American fiction, a woman whose life has come to symbolize the struggle for freedom, dignity, and justice. Ernest J. Gaines's now-classic novel—written as an autobiography—spans one hundred years of Miss Jane's remarkable life, from her childhood as a slave on a Louisiana plantation to the Civil Rights era of the 1960s. It is a story of courage and survival, history, bigotry, and hope—as seen through the eyes of a woman who lived through it all. A historical tour de force, a triumph of fiction, *Miss*

Jane's eloquent narrative brings to life an important story of race in America—and stands as a landmark work for our time.
