Business Strategies for Sustainability Helen Borland,Adam Lindgreen,Francois Maon,Véronique Ambrosini,Beatriz Palacios Florencio,Joelle

Vanhamme,2018-10-03 Business Strategies for Sustainability brings together important research contributions that demonstrate different approaches to business strategies for sustainability. Many corporate initiatives toward what firms perceive to be sustainability are simply efficiency drives or competitive moves – falling far short of actual strategies for ecological sustainability. To suggest true ecological sustainability strategies, this new research anthology adopts an interdisciplinary, or transdisciplinary, approach to discern what business strategies might look like if they were underpinned by environmental and ecological science. The 23 chapters in this anthology reflect five main topic sections: (a) delineating sustainability challenges and visions; (b) contradiction, integration and transformation of business and sustainability logics; (c) innovating and developing strategic capabilities for sustainability; (d) assessing and valuing sustainability; and (e) toward multi-level engagement and collaboration.

**The Poor** Raul Brandão,2016 The Poor (Os Pobres, 1906), by Portuguese author Raúl Brandão is a powerful tribute to the underclasses. Innovative thematically and stylistically, the novel consists of loosely connected vignettes on two narrative levels: the lives of prostitutes, where the inexorable need for love is transformed into a means for survival; and the life of Gebo, a seemingly slovenly man, with neither sentiment nor intelligence. Instead, as he searches tirelessly for work -- and loves his daughter and wife with tenderness and constancy -- he is revealed as a victim of the economic situation in Portugal. With prescience, Brandão emphasizes the interdependence between nature and humankind by intertwining descriptions of the physical and human surroundings, while his depictions of desperation, sorrow and violence prefigure the works of contemporary Portuguese writers.
