Alice's Adventures in Wonderland Lewis Carroll,2021-08-13 Alice's Adventures in Wonderland (1865) is a novel written by English author Charles Lutwidge Dodgson, better known under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy world populated by peculiar and anthropomorphic creatures. The tale is filled with allusions to Dodgson's friends (and enemies), and to the lessons that British schoolchildren were expected to memorize. The tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense, and its narrative course and structure has been enormously influential, mainly in the fantasy genre.

Full of sublime make-believe and introducing such unforgettable characters as the Mad Hatter, the Queen of Hearts, and the Cheshire Cat, the Alice books are full of anarchic humor and sparkling word play. Alice in Wonderland is one of the top 25 books of all time. I always loved the book and I always loved the various characters, the psychedelic nature of it and kind-of odd allegorical stories inside stories. I always thought it was beautiful. -Jonny Depp Alice's Adventures in Wonderland is an 1865 novel written by English mathematician Charles Lutwidge Dodgson under the pseudonym Lewis Carroll. The Wonderland Collection (Seasons Edition -- Summer) Lewis Carroll,2020-06-30 A fine exclusive edition of one of literature's most beloved stories with full page call-outs with quotes from summer. So she was considering in her own mind (as well as she could, for the hot day made her feel very sleepy and stupid), whether the pleasure of making a daisy-chain would be worth the trouble of getting up and picking the daisies, when suddenly a White Rabbit with pink eyes ran close to her. Lewis Carroll's Alice in Wonderland books have delighted readers across the globe for more than a hundred years. The Wonderland Collection presents three of Carroll's most famous works: Alice in Wonderland Through the Looking Glass A Tangled Tale The Wonderland Collection (Seasons Edition--Summer) is one of four titles available in June 2020. The summer season also will include Jane Eyre, Persuasion, and the Adventures of Huckleberry Finn.

Alice's Adventures in Wonderland Lewis Carroll,2000-09-13 First published in 1865, Alice's Adventures in Wonderland began as a story told to Alice Liddell and her two sisters on a boating trip in July of 1862. The novel follows Alice down a rabbit-hole and into a surreal world of strange and wonderful characters who constantly turn everything upside-down with their mind-boggling logic and word play, and their fantastic parodies. Carroll's fable illustrates his masterful ability to weave logic with nonsense in a tale that continues to delight all ages. While this great classic is widely available, the Broadview edition is unique. Richard Kelly combines Alice's Adventures in Wonderland not with the later (and largely distinct) work Through the Looking Glass but rather with Alice's Adventures Under Ground,

Lewis Carroll's first version of the story. Readers are thus able to trace the literary revisions, and to compare Carroll's own illustrations in the original with the famous John Tenniel illustrations for Alice's Adventures in Wonderland. Among the many other materials included in the Broadview Literary Texts edition are a substantial selection of early reviews, selections from Carroll's diaries and correspondence, Carroll's early nonsense poems, and the originals of the poems parodied in his text.
