*Alien Feast* Michael Simmons,2009-05-12 The War of the Worlds meets The Hitchhiker's Guide to the Galaxy as two kids and one old man prepare to save the world, in this hysterically twisted adventure. Illustrations.

*Alien Invasion* Allan Morey,2019-08-01 We have all wondered about the possibility of intelligent life visiting Earth. But what if their intentions were to take over? With superior intelligence and weapons, humans may not stand a chance. This title explores the worst-case scenario of an alien invasion, from what we know about the potential for alien life to what plans may be in the works in case of attack. Features look back at the flying saucer sighting in Roswell, and a narrative opening envisions what an attack might look like. Watch out! Aliens may attack without warning!

Alien Invasion Travis S. Taylor,Bob Boan,2011-06-01 What if there really are aliens and they do attack? Read what two scientists reveal in this how-to survival manual for the space age. Some events (such as a deliberate asteroid strike) produce such a massive setback to life, the Earth and humanity that we must understand and prepare for them, even if the chances are low that they'll come about. But where to begin? Drs. Travis S. Taylor and Bob Boan are experienced scientists, physicists with expertise in both defense and military signal intelligence and experience working with the Department of Defense and NASA. These two intellectual heavyweights take us on an amazing journey through what we do<sup>3</sup>/<sub>4</sub>and do not<sup>3</sup>/<sub>4</sub>know about how to defend ourselves from space. Sure, that day may never come in our lifetimes<sup>3</sup>/<sub>4</sub>but everyone should have a copy of this lying around just in case. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).

**The Real Alien Invasion** Melissa McGinness,2022-11-24 The unexpected happened when Ryleigh took his high school crush Rudy on a date to Ever Blue Lakeside. The mysterious events of that afternoon might have ruined his date with Rudy but exposed him to something far more exciting. A bright blue meteor shower fell from the sky bringing small baby aliens to Earth. Why are they here and where did they come from? Who knows about them? Most importantly, do they come in peace? That day a thrilling journey started for Ryleigh and his friends. They start to get to know these tiny aliens but the fun quickly turns into a race to save the Aliens from the cruelty of the Area-51 agents, who plan to capture and experiment on these small Alien creatures.

Alien - Invasion Tim Lebbon,2016-04-26 For centuries Weyland-Yutani has tried to weaponize the aliens. Now someone has beaten them to it, sweeping through Yautja space and turning predator into prey. Faced with the overwhelming forces of the Rage, Earth envoys forge an unprecedented alliance with the Predators. Yet even the combined might of two races may not be enough to stop the carnage, as an unstoppable swarm of Xenomorphs topples planet after planet, penetrating ever deeper into the Human Sphere.

*Invasion* Luke Rhinehart,2016-09-06 Super-intelligent furry aliens suddenly appear from another universe. And they've come to earth to have fun. "Louie" follows fisherman Billy Morton home one day and he and his family come quickly to love the playful alien. But when Louie starts using their computer to hack into government and corporate networks, and steal millions from banks to give to others, they realize that Louie and his friends mean trouble. Billy, his wife and two sons begin a roller-coaster ride of fame, fortune, jail, death, resurrection, and a distinguished ranking high on the

FBI's "Most Wanted" List. The Government soon decides that all these aliens are terrorists. They must be eliminated. The aliens are playing games they hope will help humans to see the insanity of the American political, economic and military systems. But the Powers that Be don't play games: they make war.

**Invasion! Or, Earth Vs. the Aliens** Robert Reginald, 2007 In this sweeping saga set on Earth and intergalactic space, Robert Reginald envisions a detailed future world of Martians versus humans. In the first novel, *War of Two Worlds*, they attack without warning or mercy, slaughtering and harvesting humankind. An intrepid band of ordinary people refuse to accept what seems inevitable, vowing to fight to the death. The second novel, *Operation: Crimson Storm*, spreads the conflict to space as Earth goes on the offensive. Deep within the bowels of their own Red Planet, the aliens use many different weapons, not all of them military, to fight the human foes. In the final book, *The Martians Strike Back!*, war rages deeper into the solar system, with savage battles fought on land and sea. The planetoid Ceres holds the key -- but will both races die before they can unlock it? Reginald's gripping prose and rich narrative make these books worthy successors to Wells' cosmic vision.

*Intro to Alien Invasion* Owen King, Mark Jude Poirier, 2015-09-15 In this wildly entertaining collaboration, novelists Owen King and Mark Jude Poirier team up with illustrator Nancy Ahn to present a wickedly funny graphic novel about an alien invasion on a college campus. Stacey, a brilliant, overachieving astrobiology major at Fenton College, had planned on just another lonely Spring Break on campus. But when a hurricane batters the small college town, downing power lines and knocking out cell phone reception, Stacey and her friends are stranded with no way to communicate with the outside world at the worst possible moment: in the midst of an alien invasion.

As space insects begin to burrow into students and staff, transforming them into slobbering, babbling monsters, a conglomeration of misfits must band together to prevent the infestation from spreading. Meanwhile, Stacey's long-stifled romantic feelings for her friend Charlotte begin to surface, while the professor she had admired and respected becomes the students' worst enemy. Illustrated with enormous wit and dynamism—mixing classic tropes from science fiction, indie comics, B-movies, and campus culture—this graphic novel is something different, a large-scale action/adventure story as seen from the point-of-view of a contemporary, realistic heroine. The result is a funny and singular work unlike anything else you've ever read.

**Alistair and the Alien Invasion** Marilyn Sadler, 1996 When aliens invade from outer space, boy genius Alistair is the only person able to save the Earth.

**The Serene Invasion** Eric Brown, 2013-04-30 In 2025, the Serene arrive from Delta Pavonis V, and change mankind's destiny forever. The gentle aliens bring peace to an ailing world – a world riven by war, terrorism and poverty, by rising conflicts over natural resources – and offer an end to need and violence. But not everyone supports the seemingly benign invasion. There are those who benefit from conflict, who cherish chaos, and they will stop at nothing to bring back the old days. When Sally Walsh is kidnapped by terrorists and threatened with death, it seems that only a miracle can save her life. Geoff Allen, photo-journalist, is contacted by the Serene and offered the opportunity to work with the aliens in their mission. For Sally, Geoff, and billions of other citizens of Earth, nothing will ever be the same again...

Alien Invasion Larry Collins, 2016-03-20 Space freighter co-captain, Matt McGregor, is worried. His father's ship, the McGregor-7, has not returned from the Triangulum Galaxy. A cryptic message from the Federation Battle Cruiser Majestic warns of an attack and an alien virus. Matt, his bride,

Tracy, along with older brother, Marc, sister, Maddie, and Federation Investigator, Jake Stevens, push their modified freighter to its limit to reach the far galaxy. Once there, they discover political intrigue, ghost ships with dead crews, a seemingly unstoppable epidemic, and an intelligent alien species. Are the aliens responsible for the virus? Can the outlawed nanomedical robots in the bodies of Matt's crew save them? And what is the fate of his parents and their ship?

*The Invasion That Never Happened* Udi Menashe, 2016-03-07 This is a story of an alien invasion of California, USA in 1970. Twenty Thousand funny looking, purple aliens invading Earth for a single reason - to acquire a large amount of Double AA batteries. Why do they need so many batteries? What make this Tape Player so important to them is its content - a cassette with the music of 1967 Earth's rising star - Jimi Hendrix, which they became addicted to. When this device batteries died, the aliens left with no choice but to invade our planet in a search for a new stock. While on Earth, they would encounter California's varied population of the early 70's: Hippies; Black Panthers; the rest of us; and Jimi Hendrix himself. This exposure to our Culture will force them to make a crucial decision about their future. If you wonder why this 1970 invasion of California, USA never happened? The answer is quite simple - We ignored them...
