**Poof ABC** Arielle Berg, Isabel Casal, 2019-08-14 Spaceship ABC has been sucked into a black hole, and the alphabet has split apart. Let your kid be the superhero and save the alphabet. Young readers are asked to touch each letter to the next in order to bring the alphabet back together in a book that teaches kids about the power of their words. Innovative and a Fun Way to Learn the ABCs for preschoolers- In this spaceship ABC book, each letter stands for an object of space or nature (C is for Comet, D is for Dinosaur). When they turn the page, they are met with a colorful, full-page illustration of the flask with the transformative onomatopoeia, 'Poof!', followed by a comical combination (e.g. a dinosaur riding a comet in outer space!). It puts a Fun Twist to Learning the Alphabet. It is Interactive and Appealing - Level up your teaching materials by getting this collaborative education book that teaches letters a-z. Watch your kids interact with you as you teach them the basics of the alphabet. Uses Science Imagery to Teach Young Kids About the Alphabet - With lots of fun activities for kids out there, this ABC book set in outer space is a good addition as it is interactive and the ABCs are connected to the universe. Great ABC'S book for boys (and girls). In an ABC book that will appeal to girls as well as boys, this book is a great way to learn the alphabet as kids use their sense of touch, their sense of hearing as well as their sense of sight. Great Addition to your Numbers, Colors and Shapes Library An alphabet book that teaches kids early concepts. A great companion for early learning books such as books that help teach toddlers numbers, colors, and shapes, baby books that help teach kids about animals, board books that help teach kids sports, books to learn about cars, books to learn about science, abc puzzle books, abc tracing books, train your kid to go potty books, abc blocks, early concept picture books, activity workbooks, books to learn about flowers, books for kids to learn about potty training and more. A great 2018 and 2019 addition to other toddler and preschool books for ages 1 -3 in preschool prep. In a learning alphabet baby book that is interactive in line with animal alphabet flash cards for toddlers, Berg brings innovation to learning the ABCs. By encouraging 2 and 3 year olds to touch the page, it also helps kids visualize and internalize letters similar to sight word books, letters wipe clean books, tracing books for kids, write and wipe books, alpha phonics books, kids learning toys, bob books and other beginning readers. POOF SERIES POOF ABC is part of the POOF series which includes POOF 123: Touch and Learn Numbers and SWOOSH SHAPE: Touch & Learn Shapes. Each book gives toddlers the framework for reading before a parent launches into more detailed lessons for learning to write or introduces more advanced books for learning to read for preschool. POOF ABC keeps kids busy and helps both a parent and a toddler feel empowered. In the process, it teaches kids an important universal lesson, that YES they can transform their universe with the power of their words.
