Norway Fodor's, Rebecca Miller, Fodor's Travel Publications, Inc. Staff, 1998 There is a conspiracy painted in Rembrandt's The Nightwatch. The sinister title of the painting alone suggests we should look for it. And we should listen too to the sound-track of the painting. Amongst all the hullabaloo, the dogs barking, the drummer drumming, the clattering of thirteen pikes, the hallowing of Banning-Cocq, the loudest sound is of a musket shot. You can see the flame of the firing, bursting forth behind the head of the foreground shining figure in yellow, who carries the head of his halberd where his prick should be, and whose belly is groped by the shadow of the hand of his companion. Where did the bullet go? We should investigate, and when we do, in the end, with a little ingenious adventuring, we can plainly see that the whole gaudy endeavour of this painting of Rembrandt's Nightwatch, probably the

third most celebrated painting, in the Western World after Leonardo's Mona Lisa, a subversive painting if ever there was one, and Michelangelo's Sistine offering, certainly a pagan painting paid for by a Christian pope, is going to stir up trouble. It is, in that tradition where great painters are known by their Christian names, Rembrandt's great subversive act - his J'aceuse. The painting is a demonstration of murder with the murderers all picked out in detail. How delicious is the thought that Rembrandt got paid, and got paid quite well for revealing the truth about that part-time home-guard, Amsterdam burgher-party playing at soldiers in the Golden Age of Holland's greatest fifteen minutes of Warhole good fortune.-  
-BOOK JACKET.

Oslo: Norway Lea Rawls, 2019-02-18 Oslo is the capital and most populous city of Norway. It constitutes both a county and a municipality. Founded in the year 1040 as Ánslo, and established as a kaupstad or trading place in 1048 by Harald Hardrada, the city was elevated to a bishopric in 1070 and a capital under Haakon V of Norway around 1300. Personal unions with Denmark from 1397 to 1523 and again from 1536 to 1814 reduced its influence, and with Sweden from 1814 to 1905 it functioned as a co-official capital. After being destroyed by a fire in 1624, during the reign of King Christian IV, a new city was built closer to Akershus Fortress and named Christiania in the king's honour. It was established as a municipality (formannskapsdistrikt) on 1 January 1838. The city's name was spelled Kristiania between 1877 and 1897 by state and municipal

authorities. In 1925 the city was renamed Oslo. Oslo is the economic and governmental centre of Norway. The city is also a hub of Norwegian trade, banking, industry and shipping. It is an important centre for maritime industries and maritime trade in Europe. The city is home to many companies within the maritime sector, some of which are among the world's largest shipping companies, shipbrokers and maritime insurance brokers. Oslo is a pilot city of the Council of Europe and the European Commission intercultural cities programme. As of 1 July 2017, the municipality of Oslo had a population of 672,061, while the population of the city's urban area of 3 December 2018 was 1,000,467. The metropolitan area had an estimated population of 1.71 million. The population was increasing at record rates during the early 2000s, making it the fastest growing major city in Europe at the time. This growth stems for the most part from international immigration and related high birth rates, but also from intra-national migration. The immigrant population in the city is growing somewhat faster than the Norwegian population, and in the city proper this is now more than 25% of the total if people with immigrant parents are included. Oslo is one of very few cities in Norway, besides Bergen and Tønsberg, that does not have a formal coat of arms, but which uses a city seal instead. Oslo has a humid continental climate (Köppen climate classification Dfb) with warm summers and cold winters. Due to oceanic influences, winters are less cold than more continental areas at same latitude. With -3°C isotherm, it is also

reasonable for Oslo to be classified as a borderline oceanic climate. Oslo has a significant amount of rainfall during the year. This is true even for the driest month. When Christiania was made capital of Norway in 1814, there were practically no buildings suitable for the many new government institutions. An ambitious building program was initiated, but realised very slowly because of economic constraints. The first major undertaking was the Royal Palace, designed by Hans Linstow and built between 1824 and 1848. Oslo is a compact city. It is easy to move around by public transportation and rentable city bikes are accessible to all, all over the city centre. In 2003, Oslo received The European Sustainable City Award and in 2007 Reader's Digest ranked Oslo as number two on a list of the world's greenest, most liveable cities.

**Greater Than a Tourist- Oslo Norway** Greater Than A. Tourist,Irma Vuckovic,2019-09-12 Are you excited about planning your next trip? Do you want to try something new? Would you like some guidance from a local? If you answered yes to any of these questions, then this Greater Than a Tourist book is for you. Greater Than a Tourist - Oslo Norway by Irma Vuckovic offers the inside scoop on Oslo Norway. Most travel books tell you how to travel like a tourist. Although there is nothing wrong with that, as part of the Greater Than a Tourist series, this book will give you travel tips from someone who has lived at your next travel destination. In these pages, you will discover

advice that will help you throughout your stay. This book will not tell you exact addresses or store hours but instead will give you excitement and knowledge from a local that you may not find in other smaller print travel books. Travel like a local. Slow down, stay in one place, and get to know the people and culture. By the time you finish this book, you will be eager and prepared to travel to your next destination. Inside this travel guide book you will find: Insider tips from a local. Packing and planning list. List of travel questions to ask yourself or others while traveling. A place to write your travel bucket list. OUR STORY Traveling is a passion of the Greater than a Tourist book series creator. Lisa studied abroad in college, and for their honeymoon Lisa and her husband toured Europe. During her travels to Malta, an older man tried to give her some advice based on his own experience living on the island since he was a young boy. She was not sure if she should talk to the stranger but was interested in his advice. When traveling to some places she was wary to talk to locals because she was afraid that they weren't being genuine. Through her travels, Lisa learned how much locals had to share with tourists. Lisa created the Greater Than a Tourist book series to help connect people with locals. A topic that locals are very passionate about sharing.

*Oslo* J.T. Rogers, 2018-02-07 Winner of the 2017 Tony Award for Best Play. Everyone remembers the stunning and iconic moment in 1993 when Israeli Prime Minister Yitzhak Rabin and PLO Chairman Yasser Arafat shook hands on the South Lawn of the White House. But among the many questions that laced the hope of the moment was that of Norway's role. How did such high-profile negotiations come to be held secretly in a castle in the middle of a forest outside Oslo? A darkly funny and sweeping play, *OSLO* tells the surprising true story of the back-channel talks, unlikely friendships, and quiet heroics that led to the Oslo Peace Accords between the Israelis and Palestinians. J.T. Rogers presents a deeply personal story set against a complex historical canvas: a story about the individuals behind world history and their all too human ambitions.
