**Be on the Look Out (BOLO): a Journal for Tracking Deals to Sell Online** Matt Grabowski,2019-06-23 BOLO stands for Be On the Look Out. It is normally used when searching for deals to flip online. You may find a deal online, or in a store and it's not always easy to remember all of the exact details of the deal. You can use this log to track and verify deals that you find and help organize them so you can sell them online. This log allows you to enter all of the pertinent details into a single location. Let's say you find a deal at Store A, you can log the details such as Price, Return on Investment, SKU/UPC, Sales Rank and location in the store. You can use these details to search other stores to find additional units to sell and to analyze the payback on your deals. This journal also helps you keep a historical record of all the details you have found and contains enough pages for 35 entries. This journal is great for sellers on eBay, Amazon or even Craigslist.

**Amazon Goldmine** Esther B.,2016-06-26 Have you ever heard the name Amazon or bought any item on this popular marketplace which can either be a book, toys or other items and you really want to learn about how to use Amazon to make money online from the comfort of your home, then you have come to the right place. This eBook will teach you about how to start selling on Amazon, in addition to promoting the products on Amazon with what is popularly known on Amazon as either Affiliates or Associates, in addition to writing and publishing your eBooks on Amazon. It is possible to make passive income by using Amazon as your source. The book will explain how you can get started in easy steps using Amazon to buy and resell your items, learn about how to promote products as an affiliate where you will be able to earn affiliate commissions, in addition to learning how to write and publish your books on Amazon both in Kindle and even Paperback. It is no longer news that as of today, Amazon is arguably one of the best online platforms in the field of buying and selling merchandise, which is popularly called e-Commerce. Unquestionably, the biggest e-commerce platform in the world is Amazon, which is an internet giant with a global presence and reaches. The company began as an online seller of books, but quickly adopted emerging trends and branched out into other areas such as sales of entertainment media (like DVDs, VHSs, CDs, online video and mp3 streaming and downloads, software and video games). Amazon also expanded to other categories (electronics, clothing items, food, toys, children's items, jewellery, household items and more). Some years ago, Amazon diversified into the production of consumer electronics including the Kindle E-book reader, Kindle Fire Tablets, Fire TV and the Fire Phone. By selling on Amazon, you get the advantage of tapping into its more than 85 million unique monthly customers, that is a heck of a lot of eyeballs and those eyeballs can translate into higher sales volume. Not only that, once you get a customer to your store, though the buyer might not be looking for your store specifically, just stumble upon your store as a result of the keyword that the buyer typed into the Amazon search bar, you can turn that buyer into a repeat customer provided your item is good and is as described in addition to offering great customer service and fulfilment. How cool can that be you might not get that buyer if not for the fact that you have put up your items for sale on Amazon. Amazon also has a great marketplace infrastructure as it has a single stream of check-out and fulfilment support in order to create a seamless experience for buyers. Moreover, Amazon is a well-recognised brand, and this means it is trusted by people, if not buyers will not be trooping into Amazon daily looking for items to buy. There are so many other services that Amazon is involved in, such as Selling your Apps, your Business and much more. If you can take time out to read about the many potential ways of making money with Amazon, you can substitute Amazon in place of your 9 - 5 payday job. This book is thus written to show you how to make money on Amazon using the 3 different methods which are: Buying and Selling, Affiliate Programs and writing and publishing your books into the Kindle platform. If you care to read this book carefully, take the required steps and work hard at it, you will soon discover that you can use Amazon to make tons of money and all from the comfort of your home. Do not delay any longer, jump into the bandwagon of earning income with Amazon.

*How to Sell on Amazon* Esther Odejimi,2023-02-16 How to Sell on Amazon - Subtitle: The Real Deal How to sell on Amazon is the 2nd series in the earlier published Kindle Book (Kindle and Paperback) titled "Amazon Goldmine - "How Amazon Can Make You a Millionaire". I will advise you to buy Amazon Goldmine that will walk you through on how to buy and sell on Amazon, publish your books into Kindle Direct Publishing (KDP) and how to become an Affiliate Marketer with Amazon - this is simply by promoting the products on Amazon to existing and potential customers. If the customer buys through your affiliate link(s), you will earn a commission. I have therefore decided to pick one of the 3 recommended methods of utilising Amazon to earn "money" working from the comfort of your own house. Buying and reselling physical products online is called "e-Commerce", and it is a method in which you can research online to buy and sell products on popular marketplaces like Amazon, eBay, Shopify, Etsy, BigCommerce, BigCartel, Facebook Marketplace, your own website and much more. While it is possible to combine 2 or more marketplaces at the

same time, my advice to you is that you should start with Amazon where you can later add other marketplaces as stated above. One beauty of starting with Amazon first is that by the time that you are ready to launch into other marketplaces, Amazon will take care of packing, picking, and shipping to your customers. This is made possible if you use its popular fulfilment method that is known as Fulfilment by Amazon (FBA). With FBA, you only need to send your merchandise to an Amazon warehouse, which you will see when you add and list your products on Amazon Seller Central, once, Amazon takes delivery, you can relax, and you will receive an email alert that says: “Amazon has dispatched the item which you sold”. Not only that, but Amazon will also handle customer services, such as, responding to inquiries, problems, etc. In addition, Amazon will take responsibility for defect orders and other problems. E-commerce is gold and if you are not selling online, you are missing a great deal. This is because people will always buy whatever the economy might be or even in the face of pandemic, and this is the reason why I have decided to pick one out of the 3 recommended methods of using Amazon to make money online. Amazon Goldmine was first published in 2016 and since then Amazon has added other ways by which individuals and even organisations can make money online. In this 2nd series How to Sell on Amazon, I have excluded some of the platforms on Amazon Goldmine, since they are not reliable and will hurt your Amazon business. In addition, I have also listed the methods you can use to source for profitable items to resell. Happy reading and to your success!
