New York Contemporary Thomas Hickey,Edward Yedid,2019-10-08 The first monograph on GRADE New York, an architecture and design studio dedicated to creating artistically curated environments in a cutting-edge contemporary setting. Architect Thomas Hickey and interior designer Edward Yedid partnered to establish GRADE New York as a unique practice where architecture and interiors merge into a seamless continuum. Within their refined and beautifully proportioned spaces, a meticulously curated selection of furnishings, contemporary art, and exquisite objects create a luxurious and personal environment for their clients. New York Contemporary presents seven apartments in the most glamorous condominium buildings in Manhattan, including a penthouse at Place 57, a pied-à-terre at 551 West 21st Street by Norman Foster, and 56 Leonard Street by Herzog & de Meuron. A special feature is an in-depth look at Edward Yedid's own duplex on Madison Avenue, where the principles of structuring and curating the space have created a sleek but warm and inviting home for his family.

An Unnecessary Woman Rabih Alameddine,2014-02-04 An obsessive introvert in Beirut, eschewed by her family and neighbors for her divorced status and lack of religious reverence, quietly translates favorite books into Arabic while struggling with her aging body until an unthinkable disaster threatens what little life remains to her. By the best-selling author of *The Hakawati*. 20,000 first printing.

The Devil's Hand Jack Carr,2021-11-30 It's been twenty years since 9/11, two decades since the United States was attacked on home soil and set out to make the guilty pay with their lives. In the shadows, the enemy has been patient--learning, and adapting. And the enemy is ready to strike again. A new president offers hope to a country weary of conflict. He's a young, popular, self-made visionary...but he's also a man with a secret. Halfway across the globe a regional superpower struggles with sanctions imposed by the United States and her European allies, a country whose ancient religion spawned a group of ruthless assassins. Faced with internal dissent and extrajudicial targeted killings by the United States and Israel, the Supreme Leader puts a plan in motion to defeat the most powerful nation on earth. Meanwhile, a young PhD student has gained access to a bioweapon thought to be confined to a classified military laboratory known only to a select number of officials. A second-generation agent, he has been assigned a mission that will bring his adopted homeland to its knees.--Back cover.

Death in Jewish Life Stefan C. Reif,Andreas Lehnardt,Avriel Bar-Levav,2014-08-27 Jewish customs and traditions about death, burial and mourning are numerous, diverse and intriguing. They are considered by many to have a respectable pedigree that goes back to the earliest rabbinic period. In order to examine the accurate historical origins of many of them, an international conference was held at Tel Aviv University in 2010 and experts dealt with many aspects of the topic. This volume includes most of the papers given then, as well as a few added later. What emerges are a wealth of fresh material and perspectives, as well as the realization that the high Middle Ages saw a set of exceptional innovations, some of which later became central to traditional Judaism while others were gradually abandoned. Were these innovations influenced by Christian practice? Which prayers and poems reflect these innovations? What do the sources tell us about changing attitudes to death and life-after death? Are tombstones an important guide to historical developments? Answers to these questions are to be found in this unusual, illuminating and readable collection of essays that have been well documented, carefully edited and well indexed.
