Practice on Purpose Gary Schwartz,2014-06-06 Many mid-career advisors with \$300,000 to \$400,000 practices have the infrastructure, skills, and experience to double their revenue by making simple but powerful changes in their mindset and client-service model. In Practice on Purpose, three senior executives in the largest independently owned financial services firm in the world reveal proven strategies for conquering performance plateaus. The authors describe practical steps advisors can take to build a Practice on Purpose--a practice built around the advisor's personal purpose and in an intentional way, on purpose. Advisors will learn how to create an exceptional client experience, charge appropriately for financial advice, and design a practice that ultimately can be sold for a profit. The authors make a compelling case for building ongoing financial advice relationships with clients. This model benefits clients and advisors alike because it aligns them in a fiduciary relationship. Many countries

worldwide are imposing the fiduciary standard through legislation and regulation of the advisor-client relationship. In some cases, advisors are not permitted to be paid product commissions, and their entire compensation is from financial advice. This book is intended to prepare advisors for that possibility wherever they practice and wherever the fiduciary standard is required or preferred. An encore chapter for those who coach and lead advisors offers tips for guiding advisors toward the Holy Grail in the insurance and financial services industry: the \$1 million Practice on Purpose.

How I Invest My Money Brian Portnoy, Joshua Brown, 2020-11-17 The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. *How I Invest My Money* changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, *How I Invest My Money* inspires readers to think creatively about their financial decisions and how money figures in the broader

quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian
