Toxic Loopholes Craig Collins,2010-03-08 The EPA was established to enforce the environmental laws Congress enacted during the 1970s. Yet today lethal toxins still permeate our environment, causing widespread illness and even death. Toxic Loopholes investigates these laws, and the agency charged with their enforcement, to explain why they have failed to arrest the nation's rising environmental crime wave and clean up the country's land, air and water. This book illustrates how weak laws, legal loopholes and regulatory negligence harm everyday people struggling to clean up their communities. It demonstrates that our current system of environmental protection pacifies the public with a false sense of security, dampens environmental activism, and erects legal barricades and bureaucratic barriers to shield powerful polluters from the wrath of their victims. After examining the corrosive

economic and political forces undermining environmental law making and enforcement, the final chapters assess the potential for real improvement and the possibility of building cooperative international agreements to confront the rising tide of ecological perils threatening the entire planet.

The Six O'Clock Scramble Aviva Goldfarb,2014-12-09 The Six O'Clock Scramble cookbook is a companion to Aviva Goldfarb's wonderful email-based newsletter service that provides busy moms with easy and nutritious meals for their families. The Scramble is a weekly e-mail newsletter that features: Five flavorful and healthy, tried-and-true dinner recipes with side dish suggestions, emailed to you each week. Easy-to-prepare dinners in 30 minutes (or less), most with fewer than 10 ingredients. Delicious, easy recipes like Asian Turkey Burgers, Tortellini Tossed with Fresh Mozzarella, honey glazed salmon and red beans and rice burritos. Includes an organized grocery list so you can print and shop. Perfect for working or full-time parents, or anyone who wants to make easy, delicious home-cooked meals. From O, The Oprah magazine: Aviva Goldfarb had one of those ideas - incredibly obvious, yet nobody had thought of it - that immediately make the pieces of your brain fit together with a neat click. A wife, mother, self-published cookbook author, and organizational ace, Goldfarb realized that for most people 6 P.M. was too late to start wondering what to cook for dinner. So she started the Six O'Clock Scramble, a weekly e-mail newsletter with five days' worth of dinner recipes, plus grocery lists. The meals (grilled teriyaki chicken tenderloins one night, baked huevos rancheros another) take about a half hour to prepare and are creative, healthy, unprocessed and kid-friendly without being adult-alienating.

The Liddabit Sweets Candy Cookbook Liz Gutman,Jen King,2012-10-16 Chocolate Mint Meltaways. PB&J Cups. Chai Latte Lollipops. Cherry Cordials, Spicy Pralines, and the cult favorite, Beer and Pretzel Caramels. Plus candy bars—the Twist Bar, the Nutty Bar, the Coconut-Lime Bar, inspired by commercial favorites (Snickers, Twix) but taken to new heights of deliciousness. And the French-style sea salt caramels that Daniel Boulud claimed were better than those he'd tasted in France. Yes, you really can make these sublime treats at home thanks to Liz Gutman and Jen King, the classically trained pastry chefs who traded in their toques to make candy—and now lead the candy-craft movement as proprietors of Liddabit Sweets, the Brooklyn confectionery whose products have drawn the attention of The Early Show, Fox and Friends, the Cooking Channel, O, The Oprah Magazine, Real Simple, Food & Wine, GQ, and more. Doing for candymaking what Jeni's Splendid Ice Cream did for ice cream, The Liddabit Sweets Candy Cookbook is the perfect marriage of sugar and spice, packed with 75 foolproof recipes, full-color photographs, and lots of attitude. The approachable recipes, offbeat humor, and step-by-step photographs remind us that home candymaking is meant to be fun. The flavor combinations, down-to-earth advice, and easy directions make this the guide to turn to whether making candy for a treat, a holiday, a

gift, or a bake sale.

Reclaiming Your Community Majora Carter, 2022-02 Majora Carter shows how brain drain cripples low-status communities and maps out a development strategy focused on talent retention to help them break out of economic stagnation. My musical, *In the Heights*, explores issues of community, gentrification, identity and home, and the question: Are happy endings only ones that involve getting out of your neighborhood to achieve your dreams? In her refreshing new book, Majora Carter writes about these issues with great insight and clarity, asking us to re-examine our notions of what community development is and how we invest in the futures of our hometowns. This is an exciting conversation worth joining.” –Lin-Manuel Miranda How can we solve the problem of persistent poverty in low-status communities? Majora Carter argues that these areas need a talent-retention strategy, just like the ones companies have. Retaining homegrown talent is a critical part of creating a strong local economy that can resist gentrification. But too many people born in low-status communities measure their success by how far away from them they can get. Carter, who could have been one of them, returned to the South Bronx and devised a development strategy rooted in the conviction that these communities have the resources within themselves to succeed. She advocates measures such as • Building mixed-income instead of exclusively low-income housing to create a diverse and robust economic ecosystem • Showing homeowners how to maximize the long-term value of their property so they won't succumb to quick-cash offers from speculators • Keeping people and dollars in the community by developing vibrant “third spaces”—restaurants, bookstores, and places like Carter's own Boogie Down Grind Cafe This is a profoundly personal book. Carter writes about her brother's murder, how turning a local dumping ground into an award-winning park opened her eyes to the hidden potential in her community, her struggles as a woman of color confronting the “male and pale” real estate and nonprofit establishments, and much more. It is a powerful rethinking of poverty, economic development, and the meaning of success.

Simple and Usable Web, Mobile, and Interaction Design Giles

Colborne, 2010-09-16 In a complex world, products that are easy to use win favor with consumers. This is the first book on the topic of simplicity aimed specifically at interaction designers. It shows how to drill down and simplify user experiences when designing digital tools and applications. It begins by explaining why simplicity is attractive, explores the laws of simplicity, and presents proven strategies for achieving simplicity. Remove, hide, organize and displace become guidelines for designers, who learn simplicity by seeing before and after examples and case studies where the results speak for themselves.

Remodelista Julie Carlson, 2013-11-05 Remodelista.com is the go-to, undisputed authority for home design enthusiasts, remodelers, architects, and designers. Unlike sites that cater to all tastes, Remodelista has a singular and clearly defined aesthetic: classic pieces trump designs that are trendy and transient, and well-edited spaces take precedence over cluttered environments. High and low mix seamlessly here, and getting the look need not be expensive (think Design Within Reach meets Ikea). Remodelista decodes the secrets to achieving this aesthetic, with in-depth tours and lessons from 12 enviable homes; a recipe-like breakdown of the hardest-working kitchens and

baths; dozens of do-it-yourself projects; "The Remodelista 100," a guide to the best everyday household objects; and an in-depth look at the ins and outs of the remodeling process. In a world of design confusion, Remodelista takes the guesswork out of the process.

The Sqirl Jam (Jelly, Fruit Butter, and Others) Book Jessica Koslow, 2020-07-21 A home cook-friendly recipe collection of over seventy-five famed jams, jellies, butters, marmalades, and other fruit preserves, from a James Beard-nominated chef. "This is food whose time has come," declared Mark Bittman about Sqirl, the much-beloved Los Angeles restaurant that locals, tourists, and critics alike all flock to. Sqirl all began with jam-organic, local, made from unusual combinations of fruits, fragrant, and not overly sweet-the kind of jam you eat with a spoon. The Sqirl Jam Book collects Jessica Koslow's signature recipes into a cookbook that looks and feels like no other preserving book out there, inspiring makers to try their own hands at canning and creating. With photography and a design bound to inspire imitators, The Sqirl Jam Book will make you fall in love with jam.

Thinking in Pictures Temple Grandin, 2006 The idea that some people think differently, though no less humanely, is explored in this inspiring book. Temple Grandin is a gifted and successful animal scientist, and she is autistic. Here she tells us what it was like to grow up perceiving the world in an entirely concrete and visual way - somewhat akin to how animals think, she believes - and how it feels now. Through her finely observed understanding of the workings of her mind she gives us an invaluable insight into autism and its challenges.
