Fan Fiction and Fan Communities in the Age of the Internet Kristina Busse, 2014-09-17 Fans have been responding to literary works since the days of Homer's *Odyssey* and Euripedes' *Medea*. More recently, a number of science fiction, fantasy, media, and game works have found devoted fan followings. The advent of the Internet has brought these groups from relatively limited, face-to-face enterprises to easily accessible global communities, within which fan texts proliferate and are widely read and even more widely commented upon. New interactions between readers and writers of fan texts are possible in these new virtual communities. From *Star Trek* to *Harry Potter*, the essays in this volume explore the world of fan fiction--its purposes, how it is created, how the fan experiences it. Grouped by subject matter, essays cover topics such as genre intersection, sexual relationships between characters, character construction through narrative, and the role of the beta reader in online communities. The work also discusses the terminology used by creators of fan artifacts and comments on the effects of technological advancements on fan communities. Instructors considering this book for use in a course may request an examination copy [here](#).

Trials of Korrasami Mia Angela Maroh, 2016-09-05 Short stories about Korra and Asami.

Horse Pussy Anon Ymous, 2020-01-12 This book was written in a week by a large (and unknown) number of anonymous writers who banded together on a thread on the /mlp/ (pony) board of the site 4chan. It is a collection of many stories ranging from over 100 pages long to as short as half a page. What's fascinating about this book is that there were no rules with regard to what could be included in it. As a result, there are vomit-inducing sections

of the book, as well as subtle romances, racist sections, anti-racist sections, rape scenes, wholesome scenes, and philosophical sections, all of which may even occur at the same time. It's a miracle of anarchy how so many people were brought together to write this ~42500-word book over the internet without having any previous connection with each other, other than sharing the same community (that being the My Little Pony community).

****Overview of story #1 (Horse pussy):** The misadventures of a man named Anon as he goes around the land of Equestria (from the show My Little Pony: Friendship is Magic) and gets himself into a variety of scenarios, which include: Questing for the opinion of Dante (from the Devil May Cry series) with regard to the famous Pringles brand of chips, Getting raped by Luna (de facto god of the night and dreams) and her kilometre long cock, Turning black (literally sucking and trapping light in his body), uncontrollably ejaculating, and much more.

****Overview of story #2 (Equilibrium):** About Anon and his mission to ejaculate in a box at the same rate as someone else drinks it, and the consequences of such an action if it is sustained over a period of centuries.

****Overview of story #3 (Pure Pain):** The misadventures of Anon as he gets thrown around the universe which results in him getting castrated, doing 9/11, and many other interesting things.

****Overview of story #4 (Hideo Kojima and pony adventures):** No idea. Hideo Kojima (Actual Video Game designer) pushes Twilight Sparkle (from the My Little Pony series) to play console games or something. It ends with Then Celestia farted on my pp.

****Overview of story #5 (What did they mean by this):** A seemingly historical word war 1-esque setting with the characters Twilight Sparkle and Trixie getting ready to jump off a plane. Involves 2pac somehow. They get raped mid-air and become half Mexicans.

****Overview of story #6:** Anon sits in a ball pit and speaks to

Luna on philosophical and ethical topics regarding God, the current state of America, and capitalism. Many more stories are included in this book. These six summaries were just a taste of what the book consists of. If you are sensitive to these topics, it is best that you do not read this book. Keep in mind this is a transformative work. Almost none of the characters, images, references, or intellectual property within the stories (not counting the stories themselves) belong to the writers of this book. This book, essentially, is one giant, semi-organized shitpost. Here's the original, unaltered document:
