**Annoying Orange #2** Scott Shaw!,Mike Kazaleh,2013-06-25 What's more annoying than one Annoying Orange? You guessed it! Orange becomes the victim of identity theft, but doesn't really mind. But who is the false Orange, and why would anyone steal the identity of one of the most annoying creatures in existence? Is the world ready for a second Annoying Orange? **Annoying Orange #3** Scott Shaw!,Mike Kazaleh,2013-09-10 Annoying Orange, Pear, Apple, Passion Fruit, and the rest star in five all-new juicy stories that explore the darker side of the supermarket. The forgotten scandals, the crazy kidnappings, the mysterious murders, and the all-night parties that ended up as—fruit salads! It's all revealed here for the first time anywhere!

**Annoying Orange #1** Scott Shaw!,Mike Kazaleh,2012-12-11 Orange has jumped out of the fruit bowl and into his first graphic novel! Secret Agents 00-Orange and Oh-Oh-Nerville may be the best spies working on Her Majesty's Select Produce, but they haven't gone up against the color purple-

stealing mastermind Grapefinger before! With the most insane scheme ever devised, the fate of the world is at stake. Can Orange annoy the bad guys into submission?

**Annoying Orange #4** Scott Shaw!,Mike Kazaleh,2014-01-14 Don't adjust your television; that really is a talking orange and he really is that annoying! **Advertising and Promotional Culture P** David Marshall,Joanne Morreale,2017-12-21 This key textbook traces the development of advertising from the mid-nineteenth century to the present, providing connections with the past that illuminate present developments and point to future possibilities. Chapters take a variety of theoretical approaches to address four main themes: how advertising imagines the future through the promise of transformation; how tribalism creates a sense of

collective identity organised around a product; how advertising builds engagement through participation/presumption; how the blurring of advertising, news, art, education and entertainment characterises the attention economy. P. David Marshall and Joanne Morreale expertly trace these themes back to the origins of consumer culture and demonstrate that, while they have adapted to accord with new technologies, they remain the central foci of advertising today. Ideal for researchers of Media Studies, Communication, Cultural Studies or Advertising at all levels, this is the essential guide to understanding the contemporary milieu and future directions for the advertising industry.

**How to Do Nothing** Jenny Odell, 2020-12-29 \*\* A New York Times Bestseller \*\* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture •

Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library

A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, *The New York Times Book Review* One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so

often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

**Unruly Media** Carol Vernallis, 2013-10-10 *Unruly Media* argues that we are the crest of a new international style in which sonic and visual parameters become heightened and accelerated. This audiovisual turn calls for new forms of attention. Post-classical cinema, with its multi-plot narratives

and flashy style, fragments under the influence of audiovisual numbers and music-video-like sync. Music video becomes more than a way of selling songs. YouTube's brief, low-res clips encompass many forms and foreground reiteration, graphic values and affective intensity. These three media are riven by one another: a trajectory from YouTube through music video to the new digital cinema reveals commonalities, especially in the realms of rhythm, texture and form. This is the first book to account for the current audiovisual landscape across medium and platform, and it demonstrates that attending equally to soundtrack and image reveals how these media work and how they both mirror and shape our experience.
