*Letter Tracing and Coloring Book for Kids Armenian Alphabets* Second TEACHER,2020-11-22 Dear Parents, The language is a basic characteristic which constitutes one's own representation of who you are. The Armenian alphabet is an alphabetic writing system used to write Armenian. It was developed around 405 AD by Mesrop Mashtots, an Armenian linguist and ecclesiastical leader. The system originally had 36 letters; eventually, three more were adopted. The alphabet was also in wide use in the Ottoman Empire around the 18th and 19th centuries. Children and Parents may feel that using English as a common language, it won't matter whether they learn Armenian or not. It happens that your child

might just stop speaking Armenian leading to identity change. Since a child's Armenian language skills are lacking, they will not be able to interact well in Armenian as they do in English. How can parents support their child's learning process? Here the solution is! This book enables your kids to practice and learn letters, words in an interesting way. ★Content of the book:★ For each alphabet letter there will be a page. \* 1st page has an outline of a capital letter and small letter with the image that starting with that letter, name in Armenian, English with the phonics of Armenian name and image. If you loved the book, we request you to take a moment to review it?. It helps in further progression for our future works. Thanks for your support Team SECOND TEACHER(tm)

**Eastern Armenian for English Speakers** T Baghdasaryan,A Mkhitarian,2019-02-10

This Armenian language textbook is one-of-its kind, innovative tool for everyone who wants to learn Armenian from A to Z. It is easy, fun and culturally informative. It educates and unfolds a whole new world in front of the learners' eyes. I have written this textbook with the challenges of my students in mind and by utilizing most strategic methodologies of teaching foreign languages. The textbook consists of two parts. Part 1 is for complete beginners, where one learns the alphabet, basic dialogues accompanied by Latin transliteration, grammar and essential vocabulary. Part 2, on the other hand, is intended for

intermediate learners. We have almost no transliteration in this Part and assume that the student is feeling more comfortable reading the Armenian letters. The units in Part 2 have more exercises, longer texts and teach richer vocabulary. The texts and dialogues include information about Armenian places of interest, famous writers and artists, historical facts, pictures. This way the student feels more engaged with the Armenian culture and does not simply learn a new foreign language. In the appendix, one can find a more elaborate vocabulary list, common Armenian proverbs, acronyms and useful expressions. We hope you enjoy your Armenian journey!
