A normal day for me is hiding thieves and criminals in alternate universes where their pursuers can't find them. On my latest assignment, I ran across a plot between two powerful worlds. If left unchecked, it could destroy all worlds, including my own. I can't let that happen. My enemies put a price on my head, but I never go down without a fight. Now, I'm coming for them. I've gathered a few friends and we're hunting. If I die, I'm taking a few hundred of them with me. This book contains side characters that are m/m. Keywords: Urban Fantasy, Fantasy.

*BattleTech Legends: Pandora's Gambit* Blaine Lee Pardoe,2022-07-31 THREE SIDES TO EVERY WAR... In 3069, the extremist Word of Blake group attacked the capital of the Free Worlds League and declared its leader, Captain-General Thomas Marik, to be a fraud. House Marik fell into disgrace, and after eight centuries, the Free Worlds League shattered. Three captains-general now vie to reunite the realm: • Anson Marik of the Marik-Stewart Commonwealth prides himself on possessing Marik blood, and seeks to rule on its strength. • Lester Cameron-Jones of the Regular Fiefs knows the Marik bloodline is defunct; only a new royal house can resurrect the League. • Jessica Marik of the Oriente Protectorate is on a mission to redeem her father's name: the false Thomas Marik, and the very man who helped destroy the League. The world of Marik becomes a battleground as the three contenders prove they will go to any lengths to further their causes. But only Jessica Marik appears to remember that the Free Worlds League was forged not through military might alone, but also through alliances of trust. They will all find the price for their ambitions is higher than they could ever have imagined. Who will be willing to pay to achieve their dream?

101 Weapons of Spiritual Warfare Dr. D. K. Olukoya,2013-12-10 101 Weapons of Spiritual Warfare Never in the history of the world has there been an era of war, both physical and spiritual, like this era. This is a tougher era of warfare. More people are under bondage now, more than in any other period of human history. There are cases of deep bondage, uncommon attacks against the family and horrendous occurrences in the lives of individuals. The devil has wreaked a lot of havoc upon humanity. The bible has described in vivid terms that God is aware of the high spate of demonic hostilities. Hence the Holy Spirit has released the prophetic revelations in this book in order to place us in good stead for a unique role in this end times. This manual is the first of its kind. This is the apex of deliverance. We are the threshold of a revival of spiritual warfare. The sweeping and the far reaching effect shall be best described as awesome!

**The Chain Breaker** DR. D. K. OLUKOYA,2014-07-17 The Chain breaker is an uncommon deliverance book, specially packaged to break every chain and set the captives free. It is an easy to use manual focusing on individual needs and addressing every spectrum of human need for total liberty. Each section contains exhaustive analysis of common areas of bondage. There are practical symptoms as well as prayer points vomited by the Holy Ghost to break such

common chains. It is well researched and offered in digestible manner. The Chain breaker is a unique manual that would break the chains of oppression and satanic bondage.

*The Astral Traveler's Daughter* K.C. Archer, 2019-04-02 Last year, Teddy Cannon discovered she was psychic. This year, her skills will be put to the test as she investigates a secretive case that will take her far from home—and deep into the past in the thrilling follow-up to *School for Psychics*. With trepidation, Teddy enters her second year at The Whitfield Institute, a facility hidden off the coast of San Francisco where students master telepathy and telekinesis, investigative techniques and SWAT tactics for covert roles in government service. She has been obsessively tracking the movements of the Patriot Corps, a secret organization that seems to be behind a string of crimes on US soil—including the disappearance of her friend, Molly. She is not sure who she can trust with her findings: her friends think she is crazy and her teachers insist she focus on her schoolwork. Teddy tries to do what she is told. She tries to forget about her missing friend, her long lost birth parents, her rivalry with other students, even her forbidden romance with an instructor. She learns to be a meat shield: a Secret Service operative trained to protect whatever dummy they throw her way. She learns to disarm explosive devices. She also learn to transport herself through time, as she begins to grasp astral travel (that is, if she doesn't get lost in the time-space continuum). But Teddy has never been good at following the rules. So when an unexpected assignment leads her to the answers she's chased for so long, and reveal a clue about her own past, she takes a risk that puts everyone else she cares about in danger. The next book in the series that Kirkus Reviews called "Harry Potter with a cast of millennials," K.C. Archer's *The Astral Traveler's Daughter* is a heart-racing novel set in a world very much like our own—but there is more to this place than meets the eye.

My crew and I end up in a fight that has nothing to do with us. Now we've offended some very powerful people, and they're coming for us. We're used to fighting, but they made the mistake of going after our loved ones. Now we're coming for them. No Mercy. This is a fight to the death. These people mean to kill us and everyone we love. My crew and I can't let that happen. We'll fight to our last breath. They call me the World Breaker. They call my crew the Wrath Bringers. We never back down from a fight, but this time I

wonder if any of us will make it out alive. Urban Fantasy, Fantasy

*Lucifer: A Theosophical Magazine. Volume I* H. P. Blavatsky, 2019-12-09 What's in a name? Very often there is more in it than the profane is prepared to understand, or the learned mystic to explain. It is an invisible, secret, but very potential influence that every name carries about with it and leaveth wherever it goeth. Carlyle thought that there is much, nay, almost all, in names. Could I unfold the influence of names, which are the most important of all clothings, I were a second great Trismegistus, he writes. The name or title of a magazine started with a definite object, is, therefore, all important; for it is, indeed, the invisible seedgrain, which will either grow to be an all-over-shadowing tree on the fruits of which must depend the nature of the results brought about by the said object, or the tree will wither and die. These considerations show that the name of the present magazine- rather equivocal to orthodox Christian ears-is due to no careless selection, but arose in consequence of much thinking over its fitness, and was adopted as the best symbol to express that object and the results in view. Now, the first and most important, if not the sole object of the magazine, is expressed in the line from the 1st Epistle to the Corinthians, on its title page. It is to bring light to the hidden things of darkness, (iv. 5); to show in their true aspect and their original real meaning things and names, men and their doings and customs; it is finally to fight prejudice, hypocrisy and shams in every nation, in every class of Society, as in every department of life. The task is a laborious one but it is neither impracticable nor useless, if even as an experiment.

*Astral Tides: the Rimward Trilogy* Nicholas Kory, 2021-08-03 Astral Tides: The Rimward Trilogy collects books 1 - 3 into one volume. This book includes: Astral Tides Book One: Rimward Astral Tides Book Two: The Huntmaster Astral Tides Book Three: Eravice Captain Daltir Stone is up to his eyeballs in problems. If it isn't his ship breaking down, it's his empty pockets, the Council's security forces, or other brigands in the wide open space that are getting him down. His quartermaster, Merrill Rynn, and his loyal friend and crew member, Thad Vanorin, try to keep the balance between Captain Stone's blunders and his money-hungry crew. Together, this motley crew makes their way

across the stars, following their captain's orders as he plots their course and rolls the dice, taking the long shots and the dangerous gambles in an effort to keep credits in their wallets and fuel in their ship. After a lucky escape from incarceration, Daltir and his crew return to their ship to find a mysterious, backwards-talking contact waiting for them. Presenting a vague - but extremely well-paying - job that will bring the crew out to the outer rim of the galaxy and back in a very short amount of time. But old friends, and old debts, catch up to Daltir on their journey, and a short detour to collect some cash and make amends for past acts turns into a detrimental encounter with a band of pirates, costing them precious time and supplies. The crew, now distraught and running more ragged than before, resolves to set their sights on the final prize. Finish the job and get paid.
