Varshaphal (Annual Predication) S.P. Gour, Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Taik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasa which is different from the 'Mudda dasa' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'. Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha, sahas and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.

Finance and Profession: a Vedic Approach Raj Kumar, The survival and sustenance of human life and all activities on this earth mainly depends on financial prosperity. A vast majority of us think of, talk about and act as per financial considerations. In 21st millennium, money is God, God is money. A high financial status automatically brings power, glory, authority, comforts and friends and covers most of the short comings. People without money lead a life of sufferings & penury unsung, unwept & unhonoured in life as well as in death. People's curiosity and inquisitiveness grow more and more in the quest for future financial status & life style. This brings in the necessity of divine astrological consultations which help a native to decide why, what, when, where and how one should act to get the best as per one's past karmas & present serious efforts. Selection of an auspicious time to start a work and resort to remedial measures when things are not moving as expected are core considerations for any business. The profession of a native is intimately related to one's chances and degree of success in acquiring riches & wealth. The number and type of professions are far too many to be counted. The profession is a mean to achieve prosperity, but these days the end results justify the means. More and more people earn riches through dubious means passing through the phenomenon of ups and downs, rags to riches and riches to rags. Hence various professions along with these phenomenons have been discussed in detail with illustrations.

It clearly presents a language of energy that enables astrology to be reliably used by those in the helping professions as well as by the general public. Retrograde Jupiter - Part IV Himanshu Shangari, 2021-09-27 A retrograde planet may not change its functional nature in a horoscope, in most cases. Hence if a benefic planet goes retrograde in a horoscope, it may still give benefic results. Likewise, if a malefic planet goes retrograde in a horoscope, it may still give malefic results. When a planet goes retrograde, it may undergo some changes in its style of working, rather than in its nature of working. Due to such changes in its style of operation, retrograde Jupiter may produce results, which may be different than those given by forward moving Jupiter. This book deals with the placements of retrograde Jupiter in the 10th, 11th and 12th houses of horoscope. Benefic as well as malefic effects of retrograde Jupiter have been discussed in each one of these houses in different signs, along with relevant examples from horoscopes.
