Cheerio and Best Wishes Donald R. Schneck, Ralph H. Schneck, 2013-02-15 This is the true story of a young boy from Posey County, Indiana, who had a dream to fly. The outbreak of World War II enabled him to fulfill that dream. *Cheerio and Best Wishes* is told entirely through the letters he wrote to his family and friends. Detailed narrative and commentary provide explanation and background information. One hundred thirty-eight letters are presented in this book. It is highly unusual to find this many letters from one person, curated by his family and recently rediscovered by his son, along with carefully created photograph albums. The story starts in rural southern Indiana and follows the young volunteer as he goes westward to California and New Mexico to be trained to fly bombers. From the United States, he travels via South America and North Africa to England and deploys with the Eighth Air Force. The accounts of his journeys and experiences are detailed, ranging from entertaining to spine-tingling. Moments of high drama intermingle with the mundane nature of war. Together the letters and pictures in this book (the originals are now preserved for posterity in the Purdue University Flight Archives) offer a comprehensive and cohesive story of how US airmen were prepared and trained for war, and detail the daily experience of a bomber pilot flying missions over Germany. The letters of one young flyer reflect the experience of thousands of Americans who volunteered to go to war in the 1940s. His experiences were those of a generation.

Norma Jeane's Wishes in Time Stuart P. Coates, 2008-09-08 In the year 2040, the United States no longer exists. Instead, it's a province of the former Soviet Union, which has been restored to its past glory. And each newborn child is assigned a Designation Number instead of a name. Now, forty years later, a man known only as 77241 escapes into the past in an effort to discover where the world went wrong. When 77241 comes upon footage of Norma Jeane Baker, known throughout the world as Marilyn Monroe, he becomes haunted by her face, so much so that he seeks out her gravesite and begins speaking to her hologram. As oxygen bombs fall upon the former United States in a final act of destruction, 77241 escapes in a time bubble traveling back to June 1960. Once there, he seeks out Norma Jeane at a movie set. Through her, he attempts to save John F. Kennedy from his all-too-early demise hoping to alter enough of the past to change the world's future destruction. Join 77241 and Norma Jeane as they interact with a cast of historical characters, including Kennedy, Mark Twain and Abraham Lincoln, as they seek to change the course of history in *Norma Jeane's Wishes in Time*.

Granting Wishes (A Once Upon a Curse Prequel) Kaitlyn Davis, 2019-09-23 **A USA Today Recommended Series!** She's about to discover a whole new world... Don't miss *GRANTING WISHES*, a fantasy romance from bestselling author Kaitlyn Davis that reimagines the classic fairy tale of Aladdin. (*This prequel novella is roughly ½ the length of the other books.) "His words come back to me—magic is the law. I guess I'm making my own set of rules." Alanna thought rock climbing in Yosemite National Park would be the trip of a lifetime. Until an earthquake strikes and she finds herself plummeting to her death. But instead of slamming into the forest floor, Alanna drops into a secret

underground cave where she's confronted by the impossible-magic. A mysterious man named Erick uses incredible powers to save her life, then tells her that his magical world has collided with earth, merging the two together. Alanna writes it off as crazy, until he shows her a vision of her brother being dragged down a sandy cobblestone street in chains. Crazy or not, she'll do anything to save him. As Alanna and Erick team up to rescue her brother from the clutches of a decrepit sorcerer king, fate intervenes in the form of a handsome prince. Alanna doesn't know who to trust, but in this foreign land, flying solo just might get her killed...
