**Azerbaijani Vocabulary Book** Pinhok Languages,2022-11-17 Azerbaijani vocabulary book + Azerbaijani dictionary This Azerbaijani vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Azerbaijani-English as well as English-Azerbaijani dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Azerbaijani learning resource is a combination of Azerbaijani vocabulary book and a two-way basic Azerbaijani dictionary: Part 1 - Topic based Azerbaijani vocabulary book: This is the main part of the book and represents a list of chapters each containing Azerbaijani vocabularies for a certain topic. The Azerbaijani vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Azerbaijani dictionary: The index in the second half of the book can be used as a basic Azerbaijani dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Azerbaijani-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Azerbaijani words and directly find the English translation How to use this Azerbaijani vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Azerbaijani dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Azerbaijani translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Azerbaijani dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Azerbaijani and comes in particularly handy at times when there is no internet to look up words and phrases.

**English / Azerbaijani Dictionary** John C. Rigdon,2016-06-08 This dictionary contains 12,500 word pairs in English and Azerbaijani. Each word is identified for its part of speech. There is also a guide to English and Azerbaijani Pronunciation and Grammar. Azerbaijani is spoken primarily by the Azerbaijanis, who are concentrated mainly in Transcaucasia. The language has official status in Azerbaijan and Dagestan (a federal subject of Russia) but not in Iranian Azerbaijan where the majority of Azeri speakers live. The language is also spoken to lesser varying degrees in Azerbaijani communities of Georgia, Iraq, and Turkey. Azerbaijani has two primary divisions, North Azerbaijani (spoken in the Republic of Azerbaijan and Russia) and South Azerbaijani (spoken in Iran), and is closely related to Turkish, Qashqai, Turkmen and Crimean Tatar, sharing varying degrees of mutual intelligibility with each of those languages. North Azerbaijani and South Azerbaijani are sometimes classified as separate languages. North Azerbaijani is spoken in Azerbaijan, where is the official language, and also southern Dagestan, in the southern Caucasus Mountains and in parts of Central Asia. There are around 7.3 million native speakers, and another 8 million second language speakers. South Azerbaijani has about 16.9 million speakers mainly in the northwest of Iran and also in parts of Iraq and Turkey, and in Afghanistan and Syria. Since 1992, the Latin Alphabet has been adopted and we now have essentially a full generation of people who have used this alphabet. This dictionary focuses on this orthography. Azerbaijani is a very phonetic language, so pronunciation is very easy. Most words are pronounced exactly as they are spelled in modern Azeri alphabet.
