Shelly Laurenston

Badger Book Jo Byrne, 2021-02-18 The Badger Book takes its place as part of Graffeg's compact, accessible Nature Book series, exploring our relationship with some of Britain's best-loved wild creatures. This addition introduces the wonderfully mysterious and enigmatic *Meles meles* to the newly curious with fresh information in store for those with a long-standing interest. An inhabitant of these lands for thousands of years, badgers have been both revered and reviled, cherished and tormented, beloved and brutalised - The Badger Book takes a closer look at Britain's largest carnivorous mammal. Alongside magical photography, we examine the science - and politics - around bTB and the controversial badger cull as well as introducing a passionate group of ordinary people dedicated to rescuing them, followed by a meander through the myth, legend, art and literature which has incorporated them into our culture. Chapters include: Badger Physiology, Badger Watching, Badger Threats, The Cull, The Badger Protectors, Wounded Badger Patrol Cheshire, Badgers in Myth & Legend, Badgers in Art & Literature

**Can You Do This, Old Badger?** Eve Bunting, 1999 Although Old Badger cannot do some things as easily as he used to, he can still

teach Little Badger the many things he knows about finding good things to eat and staying safe and happy. Full-color illustrations.

**Tiger and Badger** Emily Jenkins, 2016 Best friends Tiger and Badger work through their disagreements over a toy, a chair, and sharing.

**Blue Badger** Huw Lewis Jones, 2022-03-01 Featuring beautiful, emotive illustrations, this is the first story in a series of picture books about a befuddled, lovable Badger and his search for happiness, friends, and love. Who am I? White and black. Day and night. Badger doesn't feel quite right... ..and to make matters worse, he now has a blue bottom. Badger is feeling sad. He can't sleep. He asks the other animals one by one: "Am I white and black, or black and white?" Can he find an answer? Is anyone listening? Does anyone care? Can he find a friend? He speaks to several other animals, from zebra to panda to penguin to skunk, as he tries to find out who he is, but along his journey he discovers that it doesn't matter whether he is black or white, just as long as he is kind. Featuring wry wit, deadpan humour and a heartwarming ending, *Blue Badger* will endear himself to readers big and small, while touching gently on themes of sadness and identity.

**Breaking Badger** Shelly Laurenston,2021-08-31 It's instinct that drives Finn Malone to rescue a bunch of hard battling honey badgers. The Siberian tiger shifter just can't bear to see his fellow shifters harmed. But no way can Finn have a houseful of honey badgers when he also has two brothers with no patience. Things just go from bad to worse when the badgers rudely ejected from his home turn out to be the only ones who can help him solve a family tragedy. He's just not sure he can even get back into the badgers' good graces. Since badgers lack graces of any kind... Mads knows her teammates aren't about to forgive the cats that were so rude to them, but moody Finn isn't so bad. And he's cute! The badger part of her understands Finn's burning need to avenge his father's death--after all, vengeance is her favorite pastime. So Mads sets about helping Finn settle his family's score, which has its perks, since she gets to avoid her own family drama. Besides, fighting side by side with Finn is her kind of fun--especially when she can get in a hot and heavy snuggle with her very own growling, eye-rolling, and utterly irresistible kitty-cat...--

**Badger Boy** Elmer Kelton,2007-04-01 The Texas Frontier, 1865 The Civil War is over and Texas is reluctantly yielding to the Union soldiers spreading across the state, even into the dangerous

Comanche country. David Rusty Shannon, proud member of a ranging company attempting to protect Texas settlers from Indian depredations, finds that the rangers are being disbanded. He makes his way home to his land on the Red River, hoping to take up the life of a farmer and the hand of the beloved girl he left behind, Geneva Monahan. But Geneva has married in Rusty's long absence and the country is filled with hostiles—not just Indians, but hate-filled Confederates, overbearing Union soldiers, and army renegades. Rusty's youth as a captive of the Comanches returns to haunt him when, in pursuit of Indian raiders, he takes as prisoner Badger Boy, a white child taken from his murdered parents by a Comanche warrior. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Can You Do This, Old Badger? Eve Bunting, 2004 Although Old Badger cannot do some things as easily as he used to, he can still teach Little Badger the many things he knows about finding good things to eat and staying safe and happy.

*Badger* Daniel Heath Justice, 2014-10-15 Fierce, menacing, and mysterious, badgers have fascinated humans as living animals, abstract symbols, or commercial resources for thousands of years—often to their detriment. With their reputation for

determined self-defense, they have been brutalized by hunters and sportsmen, while their association with the mythic underworld has made them idealized symbols of earth-based wisdom and their burrowing habits have resulted in their widespread persecution as pests. In this highly illustrated book, Daniel Heath Justice provides the first global cultural history of the badger in over thirty years. From the iconic European badger and its North American kin to the African honey badger and Southeast Asian hog badger, Justice considers the badger's evolution and widespread distribution alongside its current, often-imperiled status throughout the world. He travels from natural history and life in the wild to the folklore, legends, and spiritual beliefs that badgers continue to inspire, while also exploring their representation and exploitation in industry, religion, and the arts. Tracing the complex and contradictory ways in which this fascinating animal endures, *Badger* will appeal to anyone interested in a deeper understanding of these much-maligned creatures.

*Badger to the Bone* Shelly Laurenston, 2020-03-31 An Amazon Best of the Year Selection “When it comes to combining offbeat humor and mayhem, it is tough to beat Laurenston.” —RT Book Reviews She’s the woman he’s been hired to kidnap. But ZeZé

Vargas has other ideas . . . like getting them both out of this nightmare alive. Just one problem. She's crazy. Certifiably. Because while he's plotting their escape, the petite Asian beauty is plotting something much more deadly . . . Max "Kill It Again" MacKilligan has no idea what one of her own is doing with all these criminal humans until she realizes that Zé has no idea who or what he is. Or exactly how much power he truly has. But Max is more than happy to bring this handsome jaguar shifter into her world and show him everything he's been missing out on. A move that might be the dumbest thing she's ever done once she realizes how far her enemies will go to wipe her out. Too bad for them Zé is willing to do whatever it takes to keep her alive . . . and honey badgers are just so damn hard to kill!

**Honey Badger Don't Care** Randall, 2012-01-24 Never before has wildlife narration been this bold and this hilarious. More than 40 million people have viewed Randall's honey badger video, "The Crazy Nastyass Honey Badger." "It has no regard for anyone or anything—it just takes what it wants! What a little badass!" When viewing wildlife footage, who hasn't thought at times, "Ewww! What the hell is that?!" Randall thinks it — and says so! In **Honey Badger Don't Care**, Randall examines and humorously informs on a dozen

crazy, nasty animals of the wild kingdom employing his unique style of telling it like it is! His wildlife writing is refreshingly honest. If an animal scares Randall, he's not afraid to share. Unlike most nature writers, Randall doesn't deliver the sugarcoated or drab description. He "goes there" and shares his true feelings with his audience. Because of this, his readers feel that they can relate. Randall loves animals—even the ones that terrify him. He may not agree with how these animals conduct themselves in the world, but Randall wants everyone to know who they are. Just as he introduced the world to the honey badger, the Jesus lizard, and others, so will Randall shed light on twelve bizarre and interesting animals. Designed with callouts, sidebars, and more than fifty photos, *Honey Badger Don't Care* presents a wildlife book for adults—hilarious, irreverent, profane, yet charming, chatty, and informative. Don't be stupid—buy this book!
