Chitty Chitty Bang Bang Flies Again Frank Cottrell

Boyce, 2012-03-13 Buckle your seatbelt for the first-ever follow up to Ian Fleming's only children's story. When the Tooting family finds an old engine and fits it to their camper van, they have no idea what kind of adventure lies ahead. The engine used to belong to an extraordinary car . . . and it wants its bodywork back! But as the Tootings hurtle across the world rebuilding the original Chitty, a sinister baddie is on their trail — one who will stop at nothing to get the magnificent car for himself. Fueled by wry humor, this much-anticipated sequel to the children's classic by Ian Fleming, creator of James Bond — featuring a contemporary family and a camper van with a mind of its own — is driven by best-selling, award-winning author Frank Cottrell Boyce and revved up by Joe Berger's black-and-white illustrations.

Bang Bang Theo Gangi, 2012-04-24 Stickup kid (n.): an urban gunslinger who preys on other criminals, often stealing already stolen property, using violence and intimidation. Izzy picks a bad time to have a conscience crisis. As a stick up kid in New York's underworld, he has a good thing going--robbing the worst drug lords in the city and leaving no witnesses behind. It is a game of high risk and high reward. There is just one problem: Izzy is in his thirties now, and for good reason, there is no such thing as a stickup man. When a job gets botched, leaving Izzy's psychotic partner guilty of yet another homicide, Izzy knows what he is supposed to do--kill the remaining witness or be killed himself. But a bystander named Eva seems different from others he has done before. Is she the exception to Izzy's number one rule? Izzy has never jacked himself into a problem he could not jack himself out of. But that was before. Now, on the unforgiving streets of New York City--where the skyline stretches out like a graveyard--there is a war on and there is no room for mistakes. His ex-partner is hellbent on revenge and is no longer acting alone. And as bodies start to fall around Izzy, he is left to take on both his enemies and

his inner demons face first in a battle that has no questions, no conversation. Just bang bang. In this explosive debut, Theo Gangi redefines the crime thriller, delivering a pulse-pounding, white-knuckle ride through gritty back rooms, where justice is sealed with gunfire, no one can be trusted, and being innocent can get you killed. Theo Gangi is a superb craftsman. His work displays diverse characters and wonderful dialogue that would make Elmore Leonard stand up and applaud. He is new talent that has finally arrived. --Eric Jerome Dickey, New York Times bestseller author Theo Gangi portrays the people of the criminal world not only in a way that brings them to vivid life, but life felt at the extreme, out where suffering, pity, even tenderness and love have their own stark reality. --David Plante, author of Age of Terror Theo Gangi's first novel Bang Bang is a classic extreme thriller, with some surprising literary subtleties, and a level of Escherian interlocking that would make Tarantino's head spin. --Madison Smartt Bell, of All Soul's Rising, a National Book Award finalist Gritty and gripping, full of tense moments and sharp prose, Bang Bang is a debut worthy of attention. With the ear of a poet, the insight of a psychologist, and the attitude of a true New Yorker, Theo Gangi brings empathy and pathos to every gangsterfied page. --Adam Mansbach, author of Angry Black White Boy Theo Gangi attended Goucher College, and is a recent graduate of Columbia's MFA writing program. His writing has appeared in The Greensboro Review and The Columbia Spectator. A New York native, he now lives in Harlem.

Left of Bang Patrick Van Horne, Jason A. Riley, 2014-06-19 At a time when we must adapt to the changing character of conflict, this is a serious book on a serious issue that can give us the edge we need." —General James Mattis, USMC, Ret. Left of Bang offers a crisp lesson in survival in which Van Horne and Riley affirm a compelling truth: It's better to detect sinister intentions early than respond to violent actions late. Left of Bang helps readers avoid the bang. —Gavin de Becker, bestselling author of *The Gift of Fear* Rare is the book that is immediately practical and interesting. Left of Bang accomplishes this from start to finish. There is something here for everyone in the people business and we are all in the people business. —Joe Navarro, bestselling author of *What Every BODY is Saying*. Left of Bang is a highly important and innovative book that offers a substantial contribution to answering the challenge of Fourth Generation war (4GW). —William S. Lind, author of *Maneuver Warfare Handbook* Like Sun Tzu's *The Art of War*, Left of Bang isn't just for the military. It's a must read for anyone who has ever had a gut feeling that something's not quite right...be it walking down the street, sitting in a corporate boardroom, or even entering an empty home. --Steven Pressfield, bestselling author of *The Lion's Gate*, *The Warrior Ethos* and *Gates of Fire* "An amazing book! Applying the lessons learned during the longest war in American history, and building on seminal works

like *The Gift of Fear* and *On Combat*, this book provides a framework of knowledge that will bring military, law enforcement, and individual citizens to new levels of survival mindset and performance in life-and-death situations. *Left of Bang* is an instant classic.” --Lt. Colonel Dave Grossman, U.S. Army Ret., author of *On Combat* and *On Killing* -- You walk into a restaurant and get an immediate sense that you should leave. -- You are about to step onto an elevator with a stranger and something stops you. -- You interview a potential new employee who has the resume to do the job, but something tells you not to offer a position. These scenarios all represent *LEFT OF BANG*, the moments before something bad happens. But how many times have you talked yourself out of leaving the restaurant, getting off the elevator, or getting over your silly “gut” feeling about someone? Is there a way to not just listen to your inner protector more, but to actually increase your sensitivity to threats before they happen? Legendary Marine General James Mattis asked the same question and issued a directive to operationalize the Marine Corps’ Combat Hunter program. A comprehensive and no-nonsense approach to heightening each and every one of our gifts of fear, *LEFT OF BANG* is the result.

Up the Mazaruni for Diamonds William La Varre, 2022-08-10 *Up the Mazaruni for Diamonds* is a book by William La Varre. It depicts a search for diamonds in the isles of Guyana during the 19th century. Excerpt: I stared at the black bank of the river whence came the weird sounds, but could see nothing. Finally, as my eyes became accustomed, I caught faint glimmers of light that seemed far inland, miles and miles, I thought. In reality the natives were no more than a quarter of a mile inland, or perhaps less. We found a

landing place and, guided by the fearful din and the flickering lights, made our way through the jungle to the higher, dry ground beyond. I had all sorts of visions of great snakes dropping on me and wild jungle beasts grabbing at my heels, but nothing worse than giant mosquitoes came near.
