By the Grace of the Game Dan Grunfeld, Ray Allen, 2021-11-30 A multi-generational family epic detailing history's only known journey from Auschwitz to the NBA When Lily and Alex entered a packed gymnasium in Queens, New York in 1972, they barely recognized their son. The boy who escaped to America with them, who was bullied as he struggled to learn English and cope with family tragedy, was now a young man who had discovered and secretly honed his basketball talent on the outdoor courts of New York City. That young man was Ernie Grunfeld, who would go on to win an Olympic gold medal and reach previously unimaginable heights as an NBA player and executive. In By the Grace of the Game, Dan Grunfeld, once a basketball standout himself at Stanford University, shares the remarkable story of his family, a delicately interwoven narrative that doesn't lack in heartbreak yet remains as deeply nourishing as his grandmother's Hungarian cooking, so lovingly described. The true improbability of the saga lies in the discovery of a game that unknowingly held the power to heal wounds, build bridges, and tie together a fractured Jewish family. If the magnitude of an American dream is measured by the intensity of the nightmare that came before and the heights of the triumph achieved after, then By the Grace of the Game recounts an American dream story of unprecedented scale. From the grips of the Nazis to the top of the Olympic podium, from the cheap seats to center stage at Madison Square Garden, from yellow stars to silver spoons, this complex tale traverses the

spectrum of the human experience to detail how perseverance, love, and legacy can survive through generations, carried on the shoulders of a simple and beautiful game.

The Speed Game Paul Westhead, 2020-11 Paul Westhead was teaching high school in his native Philadelphia when he was named La Salle University's men's basketball coach in 1970. By 1980 he was a Los Angeles Lakers assistant, soon to be hired as head coach, winning an NBA title with Hall of Fame center Kareem Abdul-Jabbar and rookie guard Magic Johnson. After compiling a 112-50 record, he was fired in November 1981. After a short stay as coach of the Chicago Bulls, Westhead reemerged in the mideighties as a coach at Loyola Marymount in California, where he designed his highly unusual signature run-and-gun offense that came to be known as The system. The Speed Game offers a vibrant account of how Westhead helped develop a style of basketball that not only won at the highest levels but went on to influence basketball as it's played today. Known for implementing an up-tempo, quick-possession, high-

octane offense, Westhead is the only coach to have won championships in both the NBA and WNBA. But his long career can be defined by one simple question he's heard from journalists, fellow coaches, his wife, and, well, himself: Why? Why did he insist on playing such a controversial style of basketball that could vary from brilliant to busted? Westhead speaks candidly here about the feathers he ruffled and about his own shortcomings as he takes readers from Philadelphia's West Catholic High, where he couldn't make varsity, to the birth of the Showtime Lakers and to the powerhouse he built nearly ten years later at Loyola, where his team set records likely never to be approached. Westhead says he always found himself telling prospective bosses, My speed game is gonna knock your socks off! So will his story and what it could do to bring back a popular style of play.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Jack Kent Cooke was the owner of the Los Angeles Lakers, and he was a snarling bully behind closed doors. However, he was a financial genius when it came to buying struggling radio stations and magazines, and turning them around and selling them for large profits. #2 In 1966, the Los Angeles Lakers played in the Los Angeles Sports Arena, a seven-year-old facility located near the University of Southern California's downtown campus. The only other professional organization to regularly use the building was the Los Angeles Blades, a minor league hockey team. In 1967, the Kings made their NHL debut, sharing the Forum with the Lakers. #3 By the mid- to late 1970s, Cooke was, arguably, the most powerful man in professional sports. He also, secretly, wanted out. In 1977, the City News Service published a piece that revealed Cooke may have to sell some of his interests to meet a community property challenge by his recently divorced wife. #4 The owner of the Los Angeles Strings, Jerry Buss, was asked to move his team to the Los Angeles Memorial Sports Arena by Claire Rothman. He agreed, and the two began speaking semiregularly. They were an odd couple, with Buss wearing denim

jeans and a rumpled western shirt unbuttoned from the chest up.

Bracketology Joe Lunardi, David Smale, Mark Few, 2021-03-02 Lunardi delves into the early days of Bracketology, details its growth, and dispels the myths of the process The NCAA Tournament has become one of the most popular sports events in the country, consuming fans for weeks with the run to the Final Four and ultimately the crowning of the champion of college hoops.? Each March, millions of Americans fill out their bracket in the hopes of correctly predicting the future. Yet, there is no true Madness without the oft-debated question about what teams should be seeded where—from the Power-5 Blue Blood with some early season stumbles on their resume to the mid-major that rampaged through their less competitive conference season—and the inventor of Bracketology himself, Joe Lunardi, now reveals the mystery and science behind the legend. While going in depth on his ever-evolving predictive formula, Lunardi compares great teams from different eras with intriguing results, talks to the biggest names in college basketball about their perception of Bracketology (both good and bad), and looks ahead to the future of the sport and how Bracketology will help shape the conversation. This fascinating book is a must-read for college hoops fans and anyone who has aspired to win their yearly office pool.

Tall Men, Short Shorts Leigh Montville, 2022-05-24 This part memoir, part sports story (Wall Street Journal) from the New York Times bestselling author of *The Big Bam* chronicles the clash of NBA titans over seven riveting games—Celtics versus Lakers, Russell versus Chamberlain—covered by one young reporter. Welcome to the 1969 NBA Finals! They don't set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell's opponent? The fearsome 7'1" next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league's first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and

Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at The Boston Globe and Sports Illustrated, twenty-four-year-old Montville is ordered by his editor at the Globe to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville's reporting and recollections transport readers to a singular time – with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball – seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. Tall Men, Short Shorts is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.
