Sri Lanka Philip Briggs, 2023-03-10 The new seventh edition of Bradt's Sri Lanka remains the most detailed and comprehensive guidebook to this alluring island nation. Written by Philip Briggs, one of the world's most experienced and highly regarded guidebook writers, this thoroughly updated guide provides detailed coverage of every aspect of this diverse and compact country, from idyllic tropical coastlines to mist-shrouded tea plantations and time-warped colonial homesteads. Alongside in-depth sections on all major beach resorts, archaeological sites, historic towns and national parks, it introduces adventurous travellers to intriguing lesser-known sites and emergent destinations inaccessible for decades prior to 2009, when the civil war ended. Beach holidays are a year-round attraction, while fantastic Buddhist-affiliated UNESCO World Heritage Sites range from the massive dagobas of Anuradhapura, built in pre-Christian times on a scale rivalling Egyptian pyramids, to Dambulla's exquisitely painted cave temples. Wildlife-viewing opportunities abound, and this guide provides unparalleled, illustrated advice on making the most of these. Asia's densest elephant and leopard populations thrive in an extensive network of national parks, complemented by fine whale and dolphin-watching, and 450 bird species including 30 occurring in no other country. Extensive hotel and restaurant listings, covering everything from exclusive boutique hotels to shoestring homestays, have been cherry-picked based on the author's personal inspection of hundreds of properties countrywide. Sri Lanka's increasingly renowned cuisine features strongly, as does its growing focus on wellness tourism including Ayurveda therapies. This guidebook differs further from competitors by catering for truly independent travellers, providing 70-plus visitor-focused maps covering all major towns and resorts, clear directions for public transport, and off-the-beaten-track information. Following a tourist boom in the south, and the gradual opening of the north and east to

independent travel, tourism jumped 15% in the two years to 2018. Following COVID-19 and a 2019 terrorism incident, Sri Lankan tourism is again welcoming visitors, with infrastructure benefitting from recent investment in trains, which provide comfortable, efficient and inexpensive public transport. Whether you're into wildlife, culture, beaches or cuisine – and whether you seek luxury or budget travel – Bradt's Sri Lanka will address your every need for an enjoyable visit to this bewitching and varied country.

Elephant Complex John Gimlette, 2016-02-16 No one sees the world quite like John Gimlette. As The New York Times once noted, "he writes with enormous wit, indignation, and a heightened sense of the absurd." Writing for both the adventurer and the armchair traveler, he has an eye for unusually telling detail, a sense of wonder, and compelling curiosity for the inside story. This time, he travels to Sri Lanka, a country only now emerging from twenty-six years of civil war. Delving deep into the nation's story, Gimlette provides us with an astonishing, multifaceted portrait of the island today. His travels reveal the country as never before. Beginning in the exuberant capital, Colombo ("a hint of anarchy everywhere"), he ventures out in all

directions: to the dry zones where the island's 5,800 wild elephants congregate around ancient reservoirs; through cinnamon country with its Portuguese forts; to the "Bible Belt" of Buddhism—the tsunami-ravaged southeast coast; then up into the great green highlands ("the garden in the sky") and Kandy, the country's eccentric, aristocratic Shangri-la. Along the way, a wild and often desperate history takes shape, a tale of great colonies (Arab, Portuguese, British, and Dutch) and of the cultural divisions that still divide this society. Before long, we're in Jaffna and the Vanni, crucibles of the recent conflict. These areas—the hottest, driest, and least hospitable—have been utterly devastated by war and are only now struggling to their feet. But this is also a story of friendship and remarkable encounters. In the course of his journey, Gimlette meets farmers, war heroes, ancient tribesmen, world-class cricketers, terrorists, a former president, old planters, survivors of great massacres—and perhaps some of their perpetrators. That's to say nothing of the island's beguiling fauna: elephants, crocodiles, snakes, storks, and the greatest concentration of leopards on Earth. Here is a land of extravagant beauty and profound devastation, of ingenuity and catastrophe, possessed of both a volatile past and an uncertain future—a place capable of being at once heavenly and hellish—all brought to vibrant, fascinating life here on the page.

The Cage Gordon Weiss, 2012-09-04 The Cage is a tightly written and clear-eyed narrative about one of the most disturbing human dramas of recent years. . . . A riveting, cautionary tale about the consequences of unchecked political power in a country

at war. A must-read. —Jon Lee Anderson, New Yorker staff writer and author of *The Fall of Baghdad* In the closing days of the thirty-year Sri Lankan civil war, tens of thousands of civilians were killed, according to United Nations estimates, as government forces hemmed in the last remaining Tamil Tiger rebels on a tiny sand spit, dubbed The Cage. Gordon Weiss, a journalist and UN spokesperson in Sri Lanka during the final years of the war, pulls back the curtain of government misinformation to tell the full story for the first time. Tracing the role of foreign influence as it converged with a history of radical Buddhism and ethnic conflict, *The Cage* is a harrowing portrait of an island paradise torn apart by war and the root causes and catastrophic consequences of a revolutionary uprising caught in the crossfire of international power jockeying. Gordon Weiss has lived in New York and worked in numerous conflict and natural disaster zones including the Congo, Uganda, Darfur, Bosnia, Afghanistan, Syria, and Haiti. Employed by the United Nations for over two decades, he continues to consult on war, extremism, peace building, and human rights.

Tea Time with Terrorists Mark Stephen Meadows, 2010-04-27 A journalist's travelogue of war-torn Sri

Lanka “brings refreshing clarity and enlightenment” to our understanding of terrorism (Robert Young Pelton). Armed with a map and a motorcycle, Mark Stephen Meadows ventures to Sri Lanka’s war zone to interview terrorists, generals, and heroin dealers on their own terms. He seeks only to understand the conflict and witness the civil war’s effects on the country. As he travels north through Colombo, Kandy, and the damaged city of Jaffna, Meadows discovers an island of beauty and abundance ground down by three decades of war. He is invited into an ancient culture where he learns to trap an elephant, weave rope from coconut husks, cast out devils, and even have afternoon tea with terrorists. Meadow’s story and take on the war focuses on the interconnectedness of globalization, the media, and modern terrorism in what Greg Mortenson, author of *Three Cups of Tea*, calls “an excellent undertaking.”

On the Ho Chi Minh Trail Sherry Buchanan, 2021 Follow Sherry Buchanan on a journey by an author who has long had a passion for Vietnamese art and for the sketches produced under the duress of the Vietnam or American War (1965-1975). Though she was familiar with and had traveled in Vietnam, she had never attempted the Trail before. The epic military road through the spectacular Tru'ò'ng So'n Mountains was built by North Vietnam to bring about the unification of North and South Vietnam, promised in the 1954 Geneva Accords. The United States, allied with South Vietnam to defeat the communist North, deployed close to eight million tons of bombs against it. Buchanan encounters totemic locations from Hanoi in the north to Ho Chi Minh City in the south, and records her interactions - both scheduled and spontaneous - with North the South Vietnamese, Laotians, and Americans, who were actors or participants in the Vietnam War. Buchanan reveals the stories of the women who defended the Trail against the sustained American bombing campaign - the most ferocious in modern warfare - and of the artists who drew them. She focuses on what life was really like for

the women and men under fire, bringing a unique perspective to the history of the Vietnam War. She discovers an inspiring postwar legacy of personal healing, forgiveness, and atonement. She talks to the Vietnamese women veterans who encouraged a culture of forgiveness toward the foreign enemy and continued their fight for social justice; to American veterans who returned to Vietnam to take responsibility where their government had failed to do so; and to women in the former South Vietnam who brought reconciliation through art. Interspersed with these accounts are excerpts from memoirs and chronicles that reveal logistical details of the Ho Chi Minh Trail which were hidden until now.

The New Granta Book of Travel Albino Ocherokello, 2011-11-03 A collection of travel writing by some of the genre's finest authors, from Paul Theroux to Sara Wheeler, voyaging from Mississippi to Malawi and Thailand. The New Granta Book of Travel Writing represents a sea change in writers' approaches to the craft. The 1980s were the culmination of a golden age, when writers including Bruce Chatwin, James Hamilton-Paterson and James Fenton set out to document life in largely unfamiliar territory, bringing back tales of the beautiful, the extraordinary and the unexpected. By the mid 1990s, travel writing seemed to change, as a younger generation of writers appeared in the magazine, making journeys for more complex and often personal reasons. Decca Aitkenhead reported on sex tourism in Thailand, and Wendell Steavenson moved to Iraq as a foreign correspondent. What all these pieces have in common is a sense of engagement with the places they describe, and a belief that whether we are in Birmingham or Belarus, there is always something new to be discovered.

Sri Lanka Richard Plunkett, Brigitte Ellemor, 2003 Sri Lanka is one of the world's great travel destinations. This comprehensive guide will help you find idyllic palm-fringed beaches, explore ancient cities, join in the fun at local festivals and organise an

elephant to carry you through the jungle. We cover every option!
