Danny Gray, the founder of War Paint, Makeup for
Men will show men of all ages how to care for
their skin and apply subtle makeup to enhance and

self-esteem. Makeup for men is nothing new. In ancient Egypt, kings and pharaohs blackened their eyes with kohl to ward off evil spirits, and Native American tribes used body paint to prepare themselves psychologically for war. Up until the 1600s, it was common for Englishmen to powder their faces as well as adding a touch of rouge to their cheeks and lips. Today, the male skincare industry is growing rapidly. Since launching War Paint in 2019, Danny's mission has been to eliminate the stigma surrounding men wearing makeup and to help men feel more comfortable and confident in their appearance.

A Revolution in Three Acts David Hajdu, John Carev, 2021-09-21 Bert Williams-a Black man forced to perform in blackface who challenged the stereotypes of minstrelsy. Eva Tanquay-an entertainer with the signature song "I Don't Care" who flouted the rules of propriety to redefine womanhood for the modern age. Julian Eltinge-a female impersonator who entranced and unnerved audiences by embodying the feminine ideal Tanguay rejected. At the turn of the twentieth century, they became three of the most provocative and popular performers in vaudeville, the form in which American mass entertainment first took shape. A Revolution in Three Acts explores how these vaudeville stars defied the standards of their time to change how their audiences thought about what it meant to be American, to be Black, to be a woman or a man. The writer David Hajdu and the artist John Carey collaborate in this work of graphic nonfiction, crafting powerful portrayals of Williams, Tanguay, and Eltinge to show how they transformed American culture. Hand-drawn images give vivid visual form to the lives and work of the book's subjects and their world. This book is at once a deft telling of three intricately entwined stories, a lush evocation of a performance milieu with unabashed entertainment value, and an eye-opening account of a key moment in American cultural history with striking parallels to present-day questions of race, gender, and sexual identity.
