AIR CRASH INVESTIGATIONS, PILOT ERROR? The Crash of Ethiopian Airlines Flight 409 Hans Griffioen, editor,2012-04 On 25 January 2010, at 00:41:30 UTC, Ethiopian Airlines flight ET 409, a Boeing 737-800, on its way from Beirut to Addis Abeba, crashed just after take-off from Rafic Hariri International Airport in Beirut, Lebanon, into the Mediterranean Sea about 5 NM South West of Beirut International Airport. All 90 persons on board were killed in the accident. The investigation concluded that the probable causes of the accident were pilot errors due to loss of situational awareness. Ethiopian Airlines refutes this conclusion. Other factors that could have lead to probable causes are the increased workload and stress levels that have most likely led to the captain reaching a situation of loss of situational awareness similar to a subtle incapacitation and the F/O failure to recognize it or to intervene accordingly. Ethiopian Airlines refutes the investigation. According to the airline the final report was biased, lacking evidence, incomplete and did not present the full account of the accident.

Beirut Blues Hanan al-Shaykh,2013-04-10 With the acclaim won by her first two novels, Hanan al-Shaykh established herself as the Arab world's foremost woman writer. Beirut Blues, published to similar acclaim, further confirms her place in Arabic literature, and brings her writing to a new, groundbreaking level. The daring fragmented structure of this epistolary novel mirrors the chaos surrounding the heroine, Asmahan, as she futilely writes letters to her loved ones, to her friends, to Beirut, and to the war itself- letters of lament that are never to be answered except with their own resounding echoes. In Beirut Blues, Hanan al-Shaykh evokes a Beirut that has been seen by few, and that will never be seen again.

Surviving the Holy War Rev. Jihad Cobey,2010-03-05 Surviving the Holy War is an account of a true life story that demonstrates

Gods interventions during the darkest of times. Rev. Jihad Cobey was kidnapped by the PLO, arrested by government authorities, poisoned in one of the Arab countries, diagnosed with Bipolar Disorder, and trapped in Lebanon during the Israeli siege of Beirut. He had a close encounter with Satan, among other events covered in this book. Through it all, the Lord miraculously set him free from each of these events. A true life story filled with Gods great demonstrations of His love and care for His children. It will enrich you spiritually; it will exhort and uplift you by seeing Gods ways that have not been seen before. Most of all; it presents the message of Jesus Christ and His saving grace in a unique and exciting way. The book is an actual account of real events, places, people, and incidents that took place in the life of the author on three continents and in more than seven countries. The author wants to share this book so that others might learn of the rewards and consequences of the choices that man makes in life.

Emergency Stanley Stewart,2012-05-01 Emergency is a collection of true stories about events where disaster seems imminent. Yet each situation is concluded without loss of life thanks to the skill of the pilots and their crews, whose bravery and resourcefulness have earned them well-deserved commendations. Written by a British Airways First Officer, Stanley Stewart, who has spoken at first hand with the pilots and crews involved in all the incidents recorded here, the book offers a unique insight into what really happened: not the passengers eye-view, which in many cases is already documented, but the view from the flight deck of the aircraft itself.

Visions of Beirut Hatim El-Hibri,2021-04-26 In Visions of Beirut Hatim El-Hibri explores how the creation and circulation of images have shaped the urban spaces and cultural imaginaries of Beirut. Drawing on fieldwork and texts ranging from maps, urban plans, and aerial photographs to live television and drone-camera footage, El-Hibri traces how the technologies and media infrastructure that visualize the city are used to consolidate or destabilize regimes of power. Throughout the twentieth century, colonial, economic, and military mapping projects helped produce and govern Beirut's spaces. In the 1990s, the imagery of its post-civil war downtown reconstruction cast Beirut as a site of financial investment in ways that obscured its ongoing crises. During and following the 2006 Israel/Hizbullah war, Hizbullah's use of live television broadcasts of fighting and protests along with its construction of a war memorial museum at a former secret military bunker demonstrate the tension between visualizing space and the practices of concealment. Outlining how Beirut's urban space and public life intertwine with images and infrastructure, El-Hibri interrogates how media embody and exacerbate the region's political fault lines.

Outrage Dale Dye, 2013-01-08 In 1982-83, American Marines were stationed in Beirut with a vaguely defined mission to keep the peace. But once the PLO was evacuated and a new Lebanese president elected, Moslem terrorists assassinated President Gemayel and relentlessly pressed their guerrilla war, forcing the Marines to stay in The Root and to participate in an increasingly tense and dangerous mission. Written and now revised by a retired Marine Corps captain who served in Beirut, this brutal, fast-moving novel about the events that led to the massacre of the Marines is peopled with Moslem terrorists; Arabs willing to lay down their lives to stop the fighting; tough Israeli soldiers who deride American peace efforts; wise-guy journalists; and--of course--the Marines. Outrage is a tribute to those Marines who gave their lives in Beirut and an expression of outrage at the events that occurred. Fast-paced, authentic, and at times disturbing, it is both an exhilarating testament to the sacrifice of those who served and an angry condemnation of the policies which led to the deaths of so many brave men. "Firsthand knowledge is the strong suit in this fictional treatment of the disastrous involvement of the US Marines in Beirut....Misguided American policy decisions leading to the use of Marine troops as symbols rather than as soldiers continually placed the men in combat situations, yet without the authority to become involved or even properly defend themselves....the real strength is the close-up view of the murderous effects of a rotten political strategy." —Kirkus Reviews "Retired Marine Captain Dye has written a fictionalized account of the events that led to the deaths of 241 American Marines and other servicemen at the hands of a Moslem fanatic at Beirut Airport in 1983. Dye's military dialogue will sound authentic to most veteran ears..." —Publisher's Weekly "The Marines struggle with increasing frustration against command indifference, Muslim snipers, and willfully blind politicals....The best part is the incandescent invective launched by these cheerfully profane soldiers at their enemies, allies, and one another." —Library Journal
