How to Download Free Ebooks Red Rody, 2016-12-29

There is one thing I love more than a good book, and that is a good FREE book. But wait a minute -- does such a thing even exist? The average consumer will say no. Free ebooks are rare and they tend to be of low quality. Well, that's what the average consumer thinks! This book will give you everything you need so that you can find Free books and audiobooks in any subject. Don't think this is possible? Think again... An ebook is a digital good that has no manufacturing costs. This means that the author or publisher will not incur any costs if you get a free copy. In fact the publisher may have something to gain from you by giving away the book to you for no money. In fact, authors will THANK YOU for downloading their ebook. Since authors have to pay their bills too, free ebook opportunities are only available to those that know where to look. In this book, I will let you know how to search, find and download free ebooks. And the best part? You will also make some new friends in the process.

Crash Course in eBooks Michele McGraw, Gail Mueller Schultz, 2016-10-11 Everything you need to know about eBooks is explained in this holistic guide to a new world of reading—from selection and curation of an eBook collection to training and support for staff and patrons. eBooks are a must for today's libraries, making this introduction indispensable for those who have yet to delve into the ever-expanding universe of downloadable material. This crash course is an easy-to-use, hands-on approach that will simplify the decision and implementation processes. It introduces you to eBooks and eReading and covers the many issues surrounding eBooks in circulating libraries including technology, acquisition, and training. You'll learn how to launch a program, what to buy, how to let your public know you've added eBooks to your collection, and how to circulate the materials. The guide will also help you with decisions like vendor selection, how many eBooks to purchase, which delivery platforms to employ, how best to offer access, and licensing agreements. Chapters can be consulted as stand-alone overviews of key areas, or the book can be used as a source of holistic instruction. While it will be especially useful to small or rural circulating libraries, including public libraries, school libraries, and specialty libraries that may have a small staff responsible for all aspects of library service, tips on things like promoting an eBook collection are pertinent to enhancing any collection.

The Skinner Neal Asher, 2018-02-27 The Skinner is the first book in Neal Asher's Spatterjay series set in a lethal waterworld. To the remote planet Spatterjay come three travellers with very different missions. Janer is directed there by the hornet Hive-mind; Erlin comes to find the sea captain who can teach her to live; and Keech - dead for seven hundred years - has unfinished business with a notorious criminal. Spatterjay is a watery world where the human population inhabits the safety of the Dome and only the quasi-immortal hoopers are safe outside amidst a fearful range of

voracious life-forms. Somewhere out there is Spatterjay Hoop himself, and monitor Keech cannot rest until he can bring this legendary renegade to justice for atrocious crimes committed centuries ago during the Prador Wars. Keech does not realize that Hoop's body is running free on an island wilderness, while his living head is confined in a box on an Old Captain's ships. Nor does he know that the most brutal Prador of all is about to pay a visit, intent on wiping out all evidence of his wartime atrocities. Which means major hell is about to erupt in this chaotic waterscape.

The Voyage of the Sable Keech Neal

Asher, 2009-08-21 The Voyage of the Sable Keech returns to Neal Asher's water-bound world of Spatterjay, teeming with bizarre characters and gruesome monsters. Taylor Bloc is a walking dead man, determined to live again. He also wants adulation, power and control - and will do anything to get them. Of Bloc's kind, Sable Keech alone has achieved resurrection. So Bloc will retrace Keech's journey across Spatterjay's wild seas, with his crew of killers, to grasp his secret. Erlin wanted solitude to understand her eternal life, until an attack prompts her own strange journey. And Janer returns, with forbidden weaponry. He must stop an agent controlled by a hive mind with a death fixation. But a wider crisis will overshadow personal missions. In the deeps, an alien Prador is stirring, horribly transformed by Spatterjay's immortality virus. And an enemy ship would destroy the planet to keep this secret. Continue the science fiction adventure series with Orbus, or start at the beginning with The Skinner.

The Technician Neal Asher, 2011-02-04 In Neal Asher's *The Technician*, the Theocracy has been dead for twenty years, and the Polity rules on Masada - but it is an order that the rebels of the Tidy Squad cannot accept, and the iconic Jeremiah

Tombs is top of their hitlist. Its secrets could mean our survival . . . On the savage planet of Masada, one of the native aliens is spreading terror through the human population. It creates sculptures from its victims' remains, earning it its nickname: the Technician. And only Jeremiah Tombs has survived an encounter. This sent him mad, but he may have learned something key to humanity's survival - if he lives to remember it. Jeremiah was a member of a brutal regime, now deposed, and a radical sect still wants its revenge. The Technician buried something in Jeremiah's mind about the alien Atheter, an entire race that committed suicide. However, in seeking to understand their disappearance, we may somehow be attracting the same fate. And to unlock Jeremiah's secrets, Polity operatives must keep him alive.

The Gabble - And Other Stories Neal

Asher, 2008-11-07 An extraordinary collection from the architect of the Polity universe, Neal Asher's *The Gabble - And Other Short Stories* reveals a universe of unbridled imagination, and each one is a delight in itself. Much of Neal Asher's fiction is set in the galactic civilization he calls the Polity, an alliance of human-populated worlds. And in this collection of thirteen marvellously inventive and action-packed short stories, Asher is on top form. You can expect conflicted humans, fiendishly clever plot twists, extraordinary technologies and so much more. The discerning reader can also savour tales of alien poisons, the walking dead, the Sea of Death, and the putrefactor symbiont. No one does weird, wonderful and downright gruesome aliens better than Neal Asher, so prepare to visit his favourites. Sample the lifestyles of creatures such as the gabbleduck and the hooder, as Asher takes you on a wild ride into his vividly-imagined futures.

The Infamous \$10.00 Profit Plans R.K., If you've

been struggling to make money selling information products, or digital products, then I urge you to continue reading. Every once in a while you will hear from many an online digital info product seller that you must sell higher priced items to decrease your workload. If you were asked for just \$10.00 for some type of product you wanted, would you be less worried about parting with it? Of course! Because it's a very small investment. That's the psychology behind these methods. And they do work. Maybe not every time, but a majority of the time they will.

Internet Book Piracy Gini Graham

Scott, 2016-03-22 The international battle against Internet pirates has been heating up. Increasingly law enforcement is paying attention to book piracy as ebook publishing gains an ever-larger market share. With this threat to their health and even survival, publishers and authors must act much like the music, film, and software giants that have waged war against pirates for the past two decades. Now, *The Battle against Internet Piracy* opens a discussion on what happens to the victims of piracy. Drawing from a large number of interviews—from writers, self-publishers, mainstream publishers, researchers, students, admitted pirates, free speech advocates, attorneys, and local and international law enforcement officials—the text speaks to such issues as: •Why pirates have acted and how they feel about it •The conflict over constitutional rights and piracy •The current laws surrounding Internet piracy •Examples of cases taken against some pirates •Alternatives to piracy •Personal experiences of being ripped off •The ways piracy affects different industries and how they've responded Author Gini Graham Scott prepares readers to arm themselves against these modern perils by learning about copyright, infringement, and how to prevent, combat, and end book piracy.

Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more.
