Awareness and the Substructure of Knowledge Paul Silva Jr,2022-12-20 To say that someone is aware of a fact is a commonplace expression, not at all a philosopher's term of art. It is often used to criticize, excuse, admonish, and inform others. Such uses of the expression presuppose the existence of a state of awareness that one can be in or fail to be in with regard to some fact. Here lies the phenomenon of factual awareness. It is conventional in epistemology to treat 'S is aware of the fact that p' as either expressing the same thought as 'S knows that p' or at least entailing it. Learning of the failure of conventional views is often both surprising and theoretically fruitful. This book presents a comprehensive case against the view that factual awareness just is knowledge or even essentially related to knowledge: factual awareness is not identical to, and it does not entail, knowing, being in a position to know, or being capable of knowing. It provides a systematic exploration of the relation between knowledge and factual awareness, arguing that knowledge is but

one species of factual awareness and that we can understand the possession of objective reasons, the normativity of knowledge, and the nature of knowledge in terms of factual awareness. In this way, the state of factual awareness is, structurally and substantively, a more basic type of state than knowledge. If correct, this undermines a number of ways in which knowledge has been regarded as coming 'first' in recent epistemology.

David Ben-Gurion, the State of Israel and the Arab World, 1949-1956 Zaki Shalom,2002 A specialist in the Arab-Israeli conflict and Israel's defense policy, Shalom (Ben-Gurion U.) looks at the first prime minister's views on politics and security and the forces that shaped his positions regarding the Arab world between the War of Independence and the Sinai campaign. He highlights the fundamental difference between political theory and the praxis of applications, and finds in the gap the truism that no policy can reflect in absolute terms a leader's purity of will and aspiration.
