Under the Wide and Starry Sky Nancy Horan, 2014-01-21 NEW YORK TIMES BESTSELLER • TODAY SHOW BOOK CLUB PICK • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND ST. LOUIS POST-DISPATCH From the New York Times bestselling author of *Loving Frank* comes a much-anticipated second novel, which tells the improbable love story of Scottish writer Robert Louis Stevenson and his tempestuous American wife, Fanny. At the age of thirty-five, Fanny Van de Grift Osbourne has left her philandering husband in San Francisco to set sail for Belgium—with her three children and nanny in tow—to study art. It is a chance for this adventurous woman to start over, to make a better life for all of them, and to pursue her own desires. Not long after her arrival, however, tragedy strikes, and Fanny and her children repair to a quiet artists' colony in France where she can recuperate. Emerging from a deep sorrow, she meets a lively Scot, Robert Louis Stevenson, ten years her junior, who falls instantly in love with the earthy, independent, and opinionated “belle Americaine.” Fanny does not immediately take to the slender young lawyer who longs to devote his life to writing—and who would eventually pen such classics as *Treasure Island* and *The Strange Case of Dr. Jekyll and Mr. Hyde*. In time, though, she succumbs to Stevenson's charms, and the two begin a fierce love affair—marked by intense joy and harrowing darkness—that spans the decades and the globe. The shared life of these two strong-willed individuals unfolds into an adventure as impassioned and unpredictable as any of Stevenson's own unforgettable tales. Praise for *Under the Wide and Starry Sky* “A richly imagined [novel] of love, laughter, pain and sacrifice . . . *Under the Wide and Starry Sky* is a dual portrait, with Louis and Fanny sharing the limelight in the best spirit of teamwork—a romantic partnership.”—USA Today “Powerful . . . flawless . . . a perfect example of what a man and a woman will do for love, and what they can accomplish when it's meant to be.”—Fort Worth Star-Telegram “Horan's prose is gorgeous enough to keep a reader transfixed, even if the story itself weren't so compelling. I kept re-reading passages just to savor the exquisite wordplay. . . . Few writers are as masterful as she is at blending carefully researched history with the novelist's art.”—The Dallas Morning News “A classic artistic bildungsroman and a retort to the genre, a novel that shows how love and marriage can simultaneously offer inspiration and encumbrance.”—The New York Times Book Review

While playing on the beach in her coastal town, a young girl comes across a sea turtle ensnared by a wire. Her town is home to a factory that has provided jobs for many of her neighbors, including her mother, but it has also been dumping garbage from a pipe into the waters, threatening the creatures that live in them. Children are used to being asked what they'll do and be when they grow up, but the girl knows there is so much she can do today to help. Unable to forget the sight of the struggling turtle, with a fantastic act she inspires the townspeople to compel the factory to change its destructive ways. Covering authors from Henry Fielding to Cormac McCarthy, Jane Austen to George Saunders, and Flannery O'Connor to F. Scott Fitzgerald, Prior explores some of the most compelling universal themes found in the pages of classic books, helping readers learn to love life, literature, and God through their encounters with great writing. The book includes end-of-chapter reflection questions geared toward book club discussions, original artwork throughout, and a foreword by Leland Ryken. The hardcover edition was named a Best Book of 2018 in Religion by Publishers Weekly. [A] lively treatise on building character through books.' - Publishers Weekly (starred review)

*Read Dangerously* Azar Nafisi, 2022-03-08 The New York Times bestselling author of *Reading Lolita in Tehran* returns with a guide to the power of literature in turbulent times, arming readers with a resistance reading list, ranging from James Baldwin to Zora Neale Hurston to Margaret Atwood. [A] stunning look at the power of reading. ... Provokes and inspires at every turn. -Publishers Weekly (starred review) Remarkable. ... Audacious. -The Progressive Stunningly beautiful and perceptive. -Los Angeles Review of Books What is the role of literature in an era when one political party wages continual war on writers and the press? What is the connection between political strife in our daily lives, and the way we meet our enemies on the page in fiction? How can literature, through its free exchange, affect politics? In this galvanizing guide to literature as resistance, Nafisi seeks to answer these questions. Drawing on her experiences as a woman and voracious reader living in the Islamic Republic of Iran, her life as an immigrant in the United States, and her role as literature professor in both countries, she crafts an argument for why, in a genuine democracy, we must engage with the enemy, and how literature can be a vehicle for doing so. Structured as a series of letters to her father, who taught her as a child about how literature can rescue us in times of trauma, Nafisi explores the most probing questions of our time through the works of Toni Morrison, Salman Rushdie, James Baldwin, Margaret Atwood, and more.

**A Year from Today** Stacy Szymaszek, 2018 A distinctive, book-length poem written over the course of a year that carries forward the lineage of New York School poets.

**I Am Not Going To Get Up Today!** Dr. Seuss, 1987-10-12 Dr. Seuss's hilarious Beginner Book about a boy who refuses to get out of bed! NOTHING is getting the young hero of this easy-reader out of bed—not an alarm clock, roosters, barking dogs, the police, the news media, or the United States Marines! With illustrations by beloved New Yorker cartoonist James Stevenson—and a plot that children and adults can relate to—this is a funny fantasy that the whole family can enjoy together! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning. A rhyming story that is full of laughs. 'The alarm can ring. The birds can peep....Today's the day I'm going to sleep,' says a lazy boy one morning, and despite a pail of icy water, television coverage, and the arrival of the Marines, he vows to stay

in bed--and he does! The repetition of concepts and words will keep children turning the pages, as will the energetic drawings. A sure draw for early readers.--Booklist.

**Revolution Today** Susan Buck-Morss,2019-05-19 Susan Buck-Morss asks: What does revolution look like today? How will the idea of revolution survive the inadequacy of the formula, "progress = modernization through industrialization," to which it has owed its political life? Socialism plus computer technology, citizen resistance plus a global agenda of concerns, revolutionary commitment to practices that are socially experimental and inclusive of difference--these are new forces being mobilized to make another future possible. Revolution Today celebrates the new political subjects that are organizing thousands of grass roots movements to fight racial and gender violence, state-led terrorism, and capitalist exploitation of people and the planet worldwide. The twenty-first century has already witnessed unprecedented popular mobilizations. Unencumbered by old dogmas, mobilizations of opposition are not only happening, they are gaining support and developing a global consciousness in the process. They are themselves a chain of signifiers, creating solidarity across language, religion, ethnicity, gender, and every other difference. Trans-local solidarities exist. They came first. The right-wing authoritarianism and anti-immigrant upsurge that has followed is a reaction against the amazing visual power of millions of citizens occupying public space in defiance of state power. We cannot know how to act politically without seeing others act. This book provides photographic evidence of that fact, while making us aware of how much of the new revolutionary vernacular we already share. Susan Buck-Morss is distinguished professor of political philosophy at the CUNY Graduate Center, NYC. Her work crosses disciplines, including art history, architecture, comparative literature, cultural studies, German studies, philosophy, history, and visual culture.

when an elastic material is deformed  
 due to an external force it  
 experiences internal resistance to  
 the deformation and restores it to  
 its original state if the external  
 force is no longer applied there are  
 various elastic moduli such as young  
 s modulus the shear modulus and the  
 bulk modulus all of which are  
 measures of the inherent elastic  
 properties of a material as a  
 resistance to deformation under an  
 applied load the various moduli apply  
 to different kinds of deformation
