**Ramakrishna Life and sayings** F. MAX M?LLER,2021-01-01 The name of Ramakrishna has lately been so often mentioned in Indian, American, and English newspapers that a fuller account of his life and doctrine seemed to me likely to be welcome, not only to the many who take an interest in the intellectual and moral state of India, but to the few also to whom the growth of philosophy and religion, whether at home or abroad, can never be a matter of indifference. I have therefore tried to collect as much information as I could about this lately-deceased Indian Saint (died in 1886), partly from his own devoted disciples, partly from Indian newspapers, journals, and books in which the principal events of his life were chronicled, and his moral and religious teaching described and discussed, whether in a friendly or unfriendly spirit.

Their subjects are diverse - how the world was made, how kings should rule, the tales of wise and foolish men and women, and animal fables. Some stories are about well-known heroes – Akbar and Birbal, Vikram and Betal, Tenali Raman – while some introduce new ones, like Gulalla Shah, the brave man from the hills, and Parmanand, the reluctant guru from Andhra Pradesh. There are also sundry appearances by the devil, beautiful temptresses and supernatural creatures. This is a true collector’s item, encompassing the entire range and diversity of the oral tradition in different parts of the country, and with bold and vivid illustrations by Sujata Singh.

*Laugh And Learn Moral Values* Dr. Hare Krishna Chandrasekaran,2022-07-01 It is really important that all children learn them early in their schools, as they say, “Catch them young!”. Along with the modern education, children should be taught values from scriptures in parallel. This will help the children develop an all round personality, which will help them in their life. A ‘must read’ for every child.

**Amrut Laya - The Stateless State** Shri Siddharameshwar Maharaj, From the guru of Shri Nisargadatta Maharaj and Shri Ranjit Maharaj, a masterpiece of spiritual teachings from Shri Siddharameshwar Maharaj. Contained within this book are newly revised editions of Amrut Laya - Volumes 1 and 2. Also contained within this book is the great work of distinction authored by Shri Siddharameshwar Maharaj titled Master Key to Self-Realization. Volume 1 of Amrut Laya is comprised of transcribed notes from 50 talks given by Siddharameshwar Maharaj on various themes from Dasbodh. Volume 2 of Amrut Laya consists of notes taken from 88 talks of Siddharameshwar Maharaj where he elaborates on various spiritual principles from three main classic texts; Dasbodh, Yogavasishta and Eknathi Bhagawat. This text is a great treasure-house of teachings on Spiritual Enlightenment and Self-Knowledge. Siddharameshwar Maharaj gives expositions on many principles of Advaita Vedanta philosophy in a direct and simple language. He offers clear explanations on the nature of the Self [Atman] and Brahman, dispels ignorance with Knowledge [Jnana], and then instructs us to cast off even that Knowledge. Through the power of words Siddharameshwar Maharaj directs the reader to that indescribable Parabrahman which is our True Nature.

**Death in Asia** Lee Pyung Rae et al,2016-03-02 Learning How to Die Can Teach Us How to Live All of the world's religions refer to death in some way. Everyone is somewhat familiar with stories about where we go or what happens to us after death. From an early age, we have all heard stories of heaven or hell or some other version of paradise. Many of us believed such stories, and a great number of us still do. When considering that such stories manage to persist in modern times, an age of science and logic, we can be sure that death is an issue to which humans attach great importance. In a sense, the idea of an afterlife can be a great source of comfort to those whose death is imminent, as well as to their loved ones. Those who have led especially difficult lives can look forward to a more pleasant world, while those who have enjoyed happiness and abundance have the chance to experience more good fortune. To those left behind, the idea of an afterlife presents the chance to meet a loved one again. We may not be conscious of it, but such hopes and expectations stay with us throughout our lives. If such an afterlife does exist, then there is no reason to avoid or fear death. Moreover, if we believe that another life awaits us, then we would believe that we are only separated from our loved ones temporarily before being reunited with them later on.

**Representing the Margin** Ajay S. Sekher,2008 The work explores the representation of socio cultural margins of caste and gender in Indian contexts in works of fiction written in various Indian languages in the twentieth century, taking representative samples from Hindi/Urdu, Bengali, Kannada, Malayalam and English. The focus of enquiry is the narrativization of these important cultural and political questions in representative texts of fiction. What are the socio political and cultural implications and underpinnings of the representation of marginalization in the medium and genre of fiction, what could be the politics, ethics and aesthetics of such narrating, how far such representations are subversive or consensual/complicit, what are the limitations and pitfalls of such intervening radicalism in fictional narration all these questions are taken up in detail in the analyses. In the greater sense this study is also a critique of modernity and its discontents as it analyses the dialectics of modernity, its radical as well as reactionary aspects. A problematic premise of contextualizing the text and textualizing the context would also be prominent in the attempt. Fictional texts from five Indian languages including English (two texts from each language ) are incorporated in the study to ensure regional and linguistic representation within the limits of the availability of works in translation. Questions of class analytical perspectives in the context of Brahmanic patriarchy are explicated and critiqued. The need for a subaltern hermeneutics and the urgency of epistemological democratization are also discussed as a political and emancipatory outcome of the study. Both the formal as well as thematic concerns of the novel in the Indian languages are found to be shaped and determined by the material realities and associated attitudes and worldviews of caste and gender hierarchy emanating from internal imperialism. Though the ten texts chosen attempt intense critique of the gender question, the more profound and specific cultural question of caste evades comprehension and critical understanding. Caste often escapes as the un-representable in narration as it is in conversion.

Dreams, Illusion, and Other Realities Wendy Doniger O'Flaherty,2015-05-14 Wendy Doniger O'Flaherty . . . weaves a brilliant analysis of the complex role of dreams and dreaming in Indian religion, philosophy, literature, and art. . . . In her creative hands, enchanting Indian myths and stories illuminate and are illuminated by authors as different as Aeschylus, Plato, Freud, Jung, Kurt Gödel, Thomas Kuhn, Borges, Picasso, Sir Ernst Gombrich, and many others. This richly suggestive book challenges many of our fundamental assumptions about ourselves and our world.—Mark C. Taylor, New York Times Book Review Dazzling analysis. . . . The book is firm and convincing once you appreciate its central point, which is that in traditional Hindu thought the dream isn't an accident or byway of experience, but rather the locus of epistemology. In its willful confusion of categories, its teasing readiness to blur the line between the imagined and the real, the dream actually embodies the whole problem of knowledge. . . . [O'Flaherty] wants to make your mental flesh creep, and she succeeds.—Mark Caldwell, Village Voice

**Literary Sentiments in the Vernacular** Charu Gupta,Laura Brueck,Hans Harder,Shobna Nijhawan,2021-12-14 This collection brings together nine essays, accompanied by nine short translations that expand the assumptions that have typically framed literary histories, and creatively re-draws their boundaries, both temporally and spatially. The essays, rooted in the humanities and informed by interdisciplinary area studies, explore multiple linkages between forms of print culture, linguistic identities, and diverse vernacular literary spaces in colonial and post-colonial South Asia. The accompanying translations—from Bengali, Hindi, Marathi, Tamil, and Urdu—not only round out these scholarly explorations and comparisons, but invite readers to recognise the assiduous, intimate, and critical labour of expanding access to the vernacular archive, while also engaging with the challenges—linguistic, cultural, and political—of rendering vernacular articulations of gendered experience and embodiment in English. Collectively, the essays and translations foreground complex and politicised expressions of gender and genre in fictional and non-fictional print materials and thus draw meaningful connections between the vernacular and literature, the everyday and the marginals, and gender and sentiment. They expand vernacular literary archives, canons and genealogies, and push us to theorise the nature of writing in South Asia. *Literary Sentiments in the Vernacular* is a significant new contribution to South Asian literary history and gender studies, and will be a great resource for academics, researchers, and advanced students of History, Literature, Cultural Studies, Politics, and Sociology. The chapters in this book were originally published as a special issue of *South Asia: Journal of South Asian Studies*.

**Sri Ramakrishna Life and Message** Swami Vijnanananda, Of all the accounts of the life of Sri Ramakrishna, those written by his disciples who knew and lived with him are the most reliable. This book is an English translation of the Hindi book *Paramahansa Charit* — a biography of the Master written by none other than Swami Vijnanananda. *Paramahansa Charit* has the distinction of being the first Hindi biography of Sri Ramakrishna, as well as the only Hindi biography to be written by one of his disciples. It therefore has great historical significance. In addition to the life of Sri Ramakrishna and an early compilation of his teachings and parables, the book also contains a short biography of Swami Vijnanananda, his reminiscences of his Master, and a list of early writings on Sri Ramakrishna. Detailed notes and references further enhance the value of the book.

*Best Loved Folk Tales of India* Pranab Chandra Roy Choudhury,1999-08 India is a treasure-trove of folktales born out of the customs and traditions of the country. Sometimes these tales are retold in its different regions, while imparting the local flavour to them. The mobility of the folktales can be attributed to the pilgrims and travellers journeying from one part of the country to another. They rested at night in dharamsalas or inns, often attached to temples, where they mingled among themselves and with the local people. More often than not, folktales are passed on from grandmother to grandchildren so vividly that they are impressed in the listener's memory forever. They are delightful and fascinating to the young as well as the old. The same story even when heard repeatedly does not lose its interest as it appeals to the fantasies, the make-beliefs and the primitiveness in us. These beautiful folktales of India were on the verge of extinction when a project of compilation of 21 volumes consisting of folktales of different regions was launched by Sterling. These folktales have been gleaned from the larger collection.

*The Mystery of the Sundarbans* Haraprasad Chattopadhyaya,1999 Study refers mostly to the region south of 24-Parganas, West Bengal.
