**Ancient Mariner** Ken McGoogan,2010-06-01 Published to great reviews in Canada, the US and the UK, *Ancient Mariner* tells the riveting story of how Samuel Hearne—a sailor at 12, a northern explorer at 24, an admirer of Native peoples—became the first European to reach the Arctic coast of North America. Yet, as Ken McGoogan reveals, Samuel Hearne's place in the history books has been a subject hotly disputed over the past two centuries. This fascinating saga, a skillful blend of literary detective work and finely imagined narrative, delights and surprises as it restores Hearne's rightful place in history.

My Sergei Ekaterina Gordeeva,E. M. Swift,2009-09-26 The Olympic gold medalist offers a poignant, loving account of her life with her long-time partner and beloved husband, Sergei Grinkov, from their first introduction and successive world pairs skating championships, to their storybook romance and marriage, to the fatal heart attack that took Sergei's life.

*Pre-Columbian Foodways* John Staller,Michael Carrasco,2009-11-24 The significance of food and feasting to Pre-Columbian Mesoamerican cultures has been extensively studied by archaeologists, anthropologists and art historians. Foodways studies have been critical to our understanding of early agriculture, political economies, and the domestication and management of plants and animals. Scholars from diverse fields have explored the symbolic complexity of food and its preparation, as well as the social importance of feasting in contemporary and historical societies. This book unites these

disciplinary perspectives – from the social and biological sciences to art history and epigraphy – creating a work comprehensive in scope, which reveals our increasing understanding of the various roles of foods and cuisines in Mesoamerican cultures. The volume is organized thematically into three sections. Part 1 gives an overview of food and feasting practices as well as ancient economies in Mesoamerica. Part 2 details ethnographic, epigraphic and isotopic evidence of these practices. Finally, Part 3 presents the metaphoric value of food in Mesoamerican symbolism, ritual, and mythology. The resulting volume provides a thorough, interdisciplinary resource for understanding, food, feasting, and cultural practices in Mesoamerica.

The Captain & Me Ron Blomberg, Dan Epstein, Diana Munson, 2021-04-20 The deeply personal story of a friendship between two teammates, and of a human bond which ultimately transcends the game itself. As back-to-back No. 1 draft picks for the New York Yankees, Ron Blomberg and Thurman Munson made for an odd couple. One was a good-looking, gregarious kid from Atlanta who cheerfully talked anyone's ear off at the slightest provocation; the other was a dumpy, grumpy dude from the Midwest rust belt who was about as fond of making idle chit-chat as he was of shaving. Despite the surface differences, the two men would form a close attachment as they ignited a youth movement with the 1970s Yankees. Now, over 40 years after Munson's shocking death in a plane crash at age 32, Blomberg opens up to author Dan Epstein about the beloved Yankees captain in an extraordinary memoir that reaches far beyond baseball.? By turns hilarious and heartbreaking, The Captain & Me shares tales of clubhouse hijinks during the infamous Bronx Zoo era, adventures on the road, and even rubbing shoulders with mobsters. Blomberg also offers a fascinating glimpse into baseball history, including the first-ever strike

and lockout, the escalation of the Yankees-Red Sox rivalry, and the start of full-scale free agency. This illuminating remembrance of Munson is filled with untold stories about his analytical-yet-hard-nosed approach to baseball, as well as his kindness and generosity off the field.

**The Second Life of Samuel Tyne** Esi Edugyan, 2011-03-04 Haunting and atmospheric, this debut novel portrays the heartbreak, hardship and moments of surprising grace in the life of a man struggling to realize his destiny. A young man of astonishing promise when he emigrated from Ghana in 1955, Samuel Tyne was determined to accomplish great things. Fifteen long years later, he's an insignificant government employee who hates his job when he unexpectedly inherits his uncle's crumbling mansion in Aster, Alberta. Despite his wife's resistance and the sullen complaints of his thirteen-year-old twin daughters, Samuel quits his job and moves his family to the town. For here, he believes, is that fabled second chance, and he is determined not to fail again. At first, Aster seems perfect – to Samuel, the formerly all-black town represents the return to a communal, idyllic way of life. But he soon discovers the town's problems: a history of in-fighting, a strict town council and a series of mysterious fires that put all the townsfolk on edge. When his daughters cease speaking and refuse to explain their increasingly strange behaviour, Samuel turns more and more to the refuge of his electronics shop. As his ambitions intensify, the life he has struggled so hard to improve begins to disintegrate around him, and a dark current of menace in the town is turned upon the Tyne family.

Global Entrepreneurship Monitor 2013 Global Report Jose Ernesto Amorós, Niels Bosma, 2014-01-20 In 2013, more than 197,000 individuals have been surveyed and approximately 3,800 national experts on entrepreneurship

*No One Wins Alone* Mark Messier,Jimmy Roberts,2021-10-26 Everybody has value and should be made to feel that way. That was one of our fundamental tenets, and we all bough into it completely. We believed that if you've built the right culture-a culture of inclusion-then an important contribution could just as likely come from a guy who says he's keeping his fingers crossed to hang on with the team as from one of the stars. Book jacket.

*1st Legion of Utopia* James Davidge, 2019-04-29 The Great Depression has turned Canada into a violent, riotous land. Farmer, Labour and Socialist groups are all looking for ways to provoke their government into responding to the crisis with more care. Join provincial clerks Holly Burnside and Brian Mah as they get caught up in the pivotal efforts to create the Co-Operative Commonwealth Federation, Canada's first socialist party. The 1st Legion of Utopia tells a dramatic story about how a small group of Canadians successfully collaborated to shift government priorities and pave the way for a complex yet functional multi-party system.

Greatly Exaggerated Marc Edge, 2014 Pundits have long foretold the imminent death of print newspapers. These claims intensified with the rise of the internet and the recent financial crisis, but they've accompanied every media technological development of the past 100+ years: telegrams, radio, and television were all heralded as the final nail in the coffin, yet newspapers adapted and even thrived. And they're not going anywhere. In *Greatly Exaggerated: The Myth of the Death of Newspapers*, Marc Edge dives deep into the history and finances of North American newspapers and media conglomerates, and comes up with a surprising conclusion: the newspaper business is far more healthy and profitable than believed. It's been roiled by greedy Wall Street investors, the doctrine of media convergence, and of course the internet, but has proved remarkably resilient in the face of it all. *Greatly Exaggerated* is a thoroughly informative and entertaining look at one of our most important institutions, essential reading for journalists and newspaper readers in Canada and the US.
