José García de Arboleya

Consejos a un escritor Anton Pavlovich Chekhov, 2005 Desde 1879 hasta 1904, Antón Chéjov mantuvo, una intensa correspondencia con escritores, familiares y amigos. Se estima que escribió cerca de cuatro mil cartas, de las cuales se han publicado hasta hoy en la edición rusa de sus obras completas unas tres mil quinientas. Este libro contiene aquellas cartas que tratan sobre la creación literaria. En ellas se contienen opiniones, recomendaciones y principios estéticos. Desde su experiencia como escritor y en calidad de lector crítico y honesto, Chéjov ofrece valiosos consejos prácticos a los escritores que le remiten sus cuentos, narraciones, obras de teatro o incluso poesías. Entre sus destinatarios encontramos a jóvenes autores como Gorki, aprendices de escritores como su hermano Alexándor, a su amigo y editor Alexéi Suvorin o a directores teatrales como Stanislavski.

En busca de la memoria Eric R. Kandel, 2007-06 La memoria -capacidad de adquirir y almacenar información sumamente diversa, desde las nimiedades de la vida cotidiana hasta las complejas abstracciones de la geografía y del álgebra- es uno de los aspectos más notables del comportamiento humano: confiere continuidad a nuestra vida y nos brinda una imagen coherente del pasado que pone en perspectiva la experiencia actual. Pero, ¿cómo se generan los recuerdos en el cerebro? Hasta hace unas pocas décadas, la mera idea de explicar los recuerdos y otros aspectos de la mente mediante estudios biológicos e interacciones moleculares era inconcebible. Sin embargo, el estudio biológico de la mente se ha transformado, desde entonces, en una posibilidad viable y una realidad concreta. En este libro se entretajan dos historias: la historia intelectual de los extraordinarios adelantos producidos en el estudio de la mente en los últimos cincuenta años y la historia de la vida y la carrera científica de uno de los mayores artífices de esos adelantos: el Premio Nobel Eric Kandel. Impulsado por una curiosidad vehemente y contagiosa, Kandel describe la trama de esta cautivante historia intelectual, uno de cuyos hilos fue su empeño por comprender la memoria. Comenzando por sus recuerdos de infancia en la Viena ocupada por los nazis, el autor hace una crónica de su descolante carrera, desde su deslumbramiento inicial con la historia, el psicoanálisis y los estudios de neurobiología, hasta sus innovadores trabajos sobre los procesos celulares y moleculares de la memoria que lo hicieron acreedor de los mayores reconocimientos científicos. Hábil combinación de recuerdos personales e historia, de la biología moderna y los estudios sobre el comportamiento, 'En busca de la memoria' es un libro en que se entrecruzan una brillante travesía intelectual y una de las empresas científicas más grandes del siglo XX: la indagación de los fundamentos biológicos de la memoria.

In the Shadow of the Mountain Silvia Vasquez-Lavado, 2022-02-01 “In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us.”—Elizabeth Gilbert Endless ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir chronicling her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she’d suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death’s close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. “The Mother of the World,” as it’s known in Nepal, allows few to reach her summit, but Silvia didn’t go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest’s base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. *In the Shadow of the Mountain* is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

Nineteen Eighty-Four George Orwell, 2021-01-09 *Nineteen Eighty-Four: A Novel*, often published as 1984, is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, *Nineteen Eighty-Four* centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that

he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

The Book And The Brotherhood Iris Murdoch,2010-04-01 It's the midsummer ball at Oxford, and a group of men and women - friends since university days - have gathered under the stars. Included in this group is David Crimond, a genius and fervent Marxist. Years earlier the friends had persuaded David to write a philosophical and political book on their behalf. But opinions and loyalties have changed, and on this summer evening the long-resting ghosts of the past come careering back into the present.
