*The Prison Cell* Jennifer Turner, Victoria Knight, 2020-07-08

This book advances conceptualisations and empirical understanding of the prison cell. It discusses the complexities of this specific carceral space and addresses its significance in relation to the everyday experiences of incarceration. The collected chapters highlight the array of processes and practices that shape carceral life, adding the cell to a rich area of discussion in penal scholarship, criminology, anthropology, sociology and carceral geography. The chapters highlight key aspects such as penal philosophies, power relationships, sensory and emotional engagements with place to highlight the breadth and depth of interdisciplinary perspectives on the prison cell: a contested place of home, labour and leisure. The Prison Cell's empirical attention is global in its consideration, bringing together both contemporary and historical work that focuses upon the cell in the Global North and South including examples from a variety of geographical locations and settings, including police custody, prisons and immigrant detention centres. This book is an important and timely intervention in the growing and topical field of carceral studies. It presents the only standalone collection of essays with a sole focus on the space of the cell.

**Knight's Forensic Pathology Fourth Edition** Pekka

Saukko, Bernard Knight, 2015-11-04 The fourth edition of Knight's Forensic Pathology continues to be the definitive international resource for those in training and in practice, covering all aspects of the medico-legal autopsy, including the cause and time of death, interpretation of wounds and every other facet of the investigation of a fatality. The contents are intended to lead the pathologist – and in some countries, the non-pathologist – through the procedures needed in the examination of a body found under obscure, suspicious or even criminal circumstances. Although police procedures and the habits of pathologists may vary from country to country, the philosophy and techniques presented in this book offer a guide to good practices that can be modified according to local circumstances. In this new edition the text has been thoroughly updated and is complemented by the addition of over 200 new colour illustrations. It maintains the praised tradition of clarity and readability established since Prof. Bernard Knight's first edition was published in 1991, with an emphasis on the practical application of knowledge and research findings and the avoidance of over-interpretation.

**Blood and Marrow Transplant Handbook** Richard T. Maziarz, Susan Schubach Slater, 2015-04-20 This updated and expanded edition developed by the Blood and Marrow Stem Cell Transplant team at Oregon Health & Science University Knight Cancer Institute features the latest medical management guidelines and standards of care for hematopoietic stem cell transplant patients. Spanning the timeline from the initial consultation throughout the transplant process, this handbook includes indications for transplantation and donor selection, treatment guidelines for addressing complications during and after transplant, and recommendations for long-term follow up care. Concise, comprehensive, and easy-to-use, Blood and Marrow Transplant Handbook, 2nd Edition presents a multidisciplinary approach to information for physicians and advanced practice medical providers who care for transplant patients, and also

residents, fellows, and other trainees.

**Knight's Forensic Pathology Fourth Edition** Pekka Saukko, Bernard Knight, 2013-12-27 The fourth edition of this definitive international postgraduate textbook for forensic pathologists covers all aspects of the medico-legal autopsy, including the cause and time of death, interpretation of wounds, and every other facet of the investigation of a fatality. It emphasizes the practical application of knowledge, research findings, and the value of observation over received wisdom. Bernard Knight's continuing role as overall editor ensures that the book's often praised readability has been maintained.
