Cellar Doors Lance Lacoax,2012-04 On the outskirts of Willow, in the shadow of a frostbitten hillside, a pair of oak doors stand against the February cold. Doors that hide an ancient secret. A secret as old and decayed as the Earth itself. And through the hollows, the lingering echo of children's laughter rises and falls in cryptic rhythm. In the wake of a grisly string of deaths, a handful of souls become entangled in a paranormal tale of lost hope, serial murder, and revenge. In their search for absolution, they find the line between the natural world, and the spiritually sinister, is easily blurred and often crossed.

*The Cellar Door* Brett Gadbois,2010 The story of Sam Bixby, a curious nine-year-old. On a fishing trip to northern Minnesota, he ignores his father's advice, explores an abandoned farmhouse, bumps his head, and winds up in another world. There, a sage teaches Sam how to transform himself into anything he beholds; a bumblebee, robin, even a cloud. Sam sets off on a journey filled with danger and wonder. He befriends a revved-up squirrel and must survive evil crow-men, imprisonment, and near-death to find a magic pool that will take him back to his father and home--Cover, p. 4.

*Slide Down My Cellar Door* Jane Basta,2001-01-20 Twin sisters, Mare Amy Silkes and Maeve Aggie Gordon have not seen one another since 1972. They were four years old when their father took Mare Amy away from the Descendants of David religious compound in Florida to live in Trinidad, Colorado. The girls' mother, Day Jean LeBarre, stayed behind in the compound with Maeve Aggie and two-year-old Telley Mark. A series of lies and mistaken police reports, followed by a devastating fire at the compound, convince each of the surviving family members that the others are dead. The story traces the sisters through events that range from sentimentally delicious to terrifyingly dangerous.

**Loris Gréaud** Loris Gréaud,Pascal Rousseau,2011 Cellar Door is a series of projects (installations, opera, book, etc.) which draws on Loris Gréaud's interweaving interests in art, architecture, and music.One could say that Gréaud's practice is characterized by a desire to fuse different fields of knowledge and activity, in a manner which is both futuristic and utopian. His modus operandi is in fact comparable to that of cinematic production (involving collaboration and co-authorship), and he often works with experts from diverse disciplines (including architects and scientists).Gréaud's work is orientated to ideas and processes rather than finished form, and his projects are liable to manifest themselves in different ways over time, and to move between rumour and fact.Cellar Door is an ambitious artistic experiment that has a range of manifestations. One was Gréaud's exhibition at the Palais de Tokyo; a second was an installation at the ICA in London; a third is an opera staged at the Paris Opera; and a fourth is a studio space that Gréaud is building for himself on the outskirts of Paris.The notion of an artist's studio is fundamental to Cellar Door: operating as a symbol of imagination and potential, and as the starting point of a perpetual cycle of activity.Published with Kunsthalle, St. Gallen; La Conservera, Murcia; Kunsthalle Wien, Vienna. With the support of Pace Gallery, New York, and Yvon Lambert, Paris/New York.English, French and Spanish text.

Cellar Door Trisha Wolfe,2019-05-13 From USA Today best-selling author Trisha Wolfe comes one of her most darkly intense thrillers.To hunt a killer, I search the darkest corners of Seattle. As a private investigator, I comb through the seediest organizations to locate my prey.There's a monster roaming the streets, and his blue, stone-cold eyes are all I see when I close mine. That he lives haunts my waking hours. Through the storm, I watched him murder a man. I saw his evil. And when the moment strikes to exact my revenge, he steals the only witness to his crime.Me.In his cellar, I unravel every dark and twisted secret; the sordid mystery that entangles both our lives. When the storm passes, and the dark chamber has heard our confessions, which one of us will survive the truth?Note: Cellar Door was previously a part of the USA Today best-sellingWanted Anthology. It has since been revised for this edition.

On the Cellar Door Dave Gregory, 2015-10-29 On the Cellar Door has very humble origins. It grew as my children grew. Once my kids could read, a sign would go up on the cellar door around Thanksgiving. The original signs were simple orders: KEEP OUT. Somewhere along the line, I started to expand on this theme and would write a little poem, ending with a dire warning for any unauthorized persons who thought to cross the threshold. The second part of this book includes stories and poems that help portray my love/hate relationship with the winter season. In this section, you'll be reminded of joyous preparations and fond memories of the Christmas season, and the short days and long nights of cold that follow until spring finally makes it a thing of the past.

**The Sunflower** Simon Wiesenthal, 2008-12-18 A Holocaust survivor's surprising and thought-provoking study of forgiveness, justice, compassion, and human responsibility, featuring contributions from the Dalai Lama, Harry Wu, Cynthia Ozick, Primo Levi, and more. You are a prisoner in a concentration camp. A dying Nazi soldier asks for your forgiveness. What would you do? While imprisoned in a Nazi concentration camp, Simon Wiesenthal was taken one day from his work detail to the bedside of a dying member of the SS. Haunted by the crimes in which he had participated, the soldier wanted to confess to--and obtain absolution from--a Jew. Faced with the choice between compassion and justice, silence and truth, Wiesenthal said nothing. But even years after the war had ended, he wondered: Had he done the right thing? What would you have done in his place? In this important book, fifty-three distinguished men and women respond to Wiesenthal's questions. They are theologians, political leaders, writers, jurists, psychiatrists, human rights activists, Holocaust survivors, and victims of attempted genocides in Bosnia, Cambodia, China and Tibet. Their responses, as varied as their experiences of the world, remind us that Wiesenthal's questions are not limited to events of the past.
