*Days of Darkness* John Pearce,1994-11-15 Among the darkest corners of Kentucky's past are the grisly feuds that tore apart the hills of Eastern Kentucky from the late nineteenth century until well into the twentieth. Now, from the tangled threads of conflicting testimony, John Ed Pearce, Kentucky's best known journalist, weaves engrossing accounts of six of the most notorious accounts to uncover what really happened and why. His story of those days of darkness brings to light new evidence, questions commonly held beliefs about the feuds, and us and long-running feuds—those in Breathitt, Clay Harlan, Perry, Pike, and Rowan counties. What caused the feuds that left Kentucky with its lingering reputation for violence? Who were the feudists, and what forces—social, political, financial—hurled them at each other? Did Big Jim Howard really kill Governor William Goebel? Did Joe Eversole die trying to protect small mountain landowners from ruthless Eastern mineral exploiters? Did the Hatfield-McCoy fight start over a hog? For years, Pearce has interviewed descendants of feuding families and examined skimpy court records and often fictional newspaper puts to rest some of the more popular legends.

**Black Huntington** Cicero M Fain III,2019-05-16 By 1930, Huntington had become West Virginia's largest city. Its booming economy and relatively tolerant racial climate attracted African Americans from across Appalachia and the South. Prosperity gave these migrants political clout and spurred the formation of communities that defined black Huntington--factors that empowered blacks to confront institutionalized and industrial racism on the one hand and the white embrace of Jim Crow on the other. Cicero M. Fain III illuminates the unique cultural identity and dynamic sense of accomplishment and purpose that transformed African American life in Huntington. Using interviews and untapped archival materials, Fain details the rise and consolidation of the black working class as it pursued, then fulfilled, its aspirations. He also reveals how African Americans developed a host of strategies--strong kin and social networks, institutional development, property ownership, and legal challenges--to defend their gains in the face of the white status quo. Eye-opening and eloquent, *Black Huntington* makes visible another facet of the African American

experience in Appalachia.
