Advertising and Promotion Chris Hackley, Rungpaka Amy Hackley, 2021-01-27 Now in its fifth edition, this popular textbook continues to provide a comprehensive insight into the world of advertising and promotional communications. Unique in its approach, the authors situate the key concepts of marketing communications from the perspective of advertising agencies and provide insight into what a career within an ad agency might be like. Their critical approach grounded in up-to-date research allows the reader to develop an interdisciplinary understanding of marketing and advertising, including business, socio-cultural, media studies and consumer culture theory perspectives. Along with striking full colour visual advertisements and illustrations, new examples and case studies, this fifth edition has been fully updated to include: Two brand new chapters on Social Media Advertising and Digital Advertising Commentary on how the COVID-19 pandemic has and will impact advertising The evolving role of advertising agencies in the post digital era Emerging forms of advertising and promotion, including the role of influencers

Crashed the Gate Doing Ninety-Eight Tim Scherrer, 2020-01-03 Crashed the Gate Doing Ninety-Eight: The Citizens Band Radio and American Culture is the untold story of the very first electronic social network in America: The CB Radio. Citizen's Band Radio grew from to a small number of hobby users to a cultural phenomenon in the 1970s. The adoption by millions of Americans forced the FCC to give up nearly all regulation. CB life created it's own ?slanguage, ?music and values. What started with mostly truckers grew during Arab Oil Crisis and eventually went widespread. Users adapted CB's to their own economic and social uses. This adaptation changed the character of the radio use eventually making the radios truly the Citizen's Band. And then they disappeared? Includes 44 illustrations, interviews with Bill Fries AKA C.W. McCall, Hairl Hensley of WSM/Grand Old Opry and Bob Cole of KIKK. Over 200 sources were used in the writing.

Imagining Soldiers and Fathers in the Mid-Victorian Era Susan Walton,2017-11-30 Beginning with the premise that women's perceptions of manliness are crucial to its construction, The author focuses on the life and writings of Charlotte Yonge as a prism for understanding the formulation of masculinities in the Victorian period. Yonge was a prolific writer whose bestselling fiction and extensive journalism enjoyed a wide readership. The author situates Yonge's work in the context of her family connections with the army, showing that an interlocking of worldly and spiritual warfare was fundamental to Yonge's outlook. For Yonge, all good Christians are soldiers, and Walton argues persuasively that the medievalised discourse of sanctified violence executed by upright moral men that is often connected with late nineteenth-century Imperialism began earlier in the century, and that Yonge's work was one major strand that gave it substance. Of significance, Yonge also endorsed missionary work, which she viewed as an extension of a father's duties in the neighborhood and which was closely allied to a vigorous promotion of refashioned Tory paternalism. The author's study is rich in historical context, including Yonge's connections with the Tractarians, the effects of industrialization, and Britain's Imperial enterprises. Informed by extensive archival scholarship, Walton offers important insights into the contradictory messages about manhood current in the mid-nineteenth century through the works of a major but undervalued Victorian author.

Innovations in Digital Research Methods Peter Halfpenny,Rob Procter,2015-05-18 Vast amounts of digital data are now generated daily by people as they go about their lives, yet social researchers are struggling to exploit it. At the same time, the challenges faced by society in the 21st century are growing ever more complex, and demands research that is bigger in scale, more collaborative and multi-disciplinary than ever before. This cutting-edge volume provides an accessible introduction to innovative digital social research tools and methods that harness this 'data deluge' and successfully tackle key research challenges. Contributions from leading international researchers cover topics such as: Qualitative, quantitative and mixed methods research Data management Social media and social network analysis Modeling and simulation Survey methods Visualizing social data Ethics and e-research The future of social research in the digital age This vibrant introduction to innovative digital research methods is essential reading for anyone conducting social research today.

The Bone Readers Claudio Tuniz,Richard Gillespie,Cheryl Jones,2016-06-16 The Bone Readers are a dedicated group of scholars who study the earliest human remains, their chemistry and DNA, their extinct floral and faunal contemporaries, and the geologic layers in which they were found. Their research leads them to theories about modern human origins that continually challenge conventional wisdom and cherished beliefs— about “Eve ,” Neanderthals, “hobbits,” and the Bering Straits, among others. Two leading Bone Readers and a science writer have penned a literate, authoritative summary of the current questions and the minefield of academic politics that surround it. Ideal for students in human origins or biological anthropology courses, and a delightful read.

Asian Yearbook of International Law B.S. Chimni, Miyoshi Masahiro, Javaid Rehman, 2013-03-05 Launched in 1991, The Asian Yearbook of International Law is a major refereed publication dedicated to international law issues as seen primarily from an Asian perspective, under the auspices of the Foundation for the Development of International Law in Asia (DILA). It is the first publication of its kind edited by a team of leading international law scholars from across Asia. The Yearbook provides a forum for the publication of articles in the field of international law, and other Asian international law topics, written by experts from the region and elsewhere. Its aim is twofold: to promote international law in Asia, and to provide an intellectual platform for the discussion and dissemination of Asian views and practices on contemporary international legal issues. Each volume of the Yearbook contains articles and shorter notes; a section on State practice; an overview of Asian states participation in multilateral treaties; succinct analysis of recent international legal developments in Asia; an agora section devoted to critical perspectives on international law issues; surveys of the activities of international organizations of special relevance to Asia; and book review, bibliography and documents sections. This volume offers Asian perspectives on topics including : treaty-making power in China; the crime of aggression, illegal fishing and the destruction of environment in armed conflicts.

A Series of Unfortunate Events 01. The Bad Beginning Lemony Snicket, 2012-09-01 There is nothing to be found in the pages of A Series of Unfortunate Events but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasanties befall the charming and clever Baudelaire children read on . . . In The Bad Beginning the three youngsters encounter a greedy and repulsive villain, itchy clothing, a disastrous fire, a plot to steal their fortune and cold porridge for breakfast. Then again, why trouble yourself with the unfortunate resolutions? With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.
