Channel of Peace Kevin Tuerff,2018-02-06 One of the inspirations for the smash hit Broadway musical *Come From Away*, *Channel of Peace* is an unforgettable memoir of the extraordinary kindness afforded to passengers whose flights were re-routed to Gander, Newfoundland, on September 11, 2001. When Kevin Tuerff and his partner boarded their flight from France to New York City on September 11, 2001, they had no idea that a few hours later the world – and their lives – would change forever. After U.S. airspace closed following the terrorist attacks, Kevin, who had been experiencing doubts about organized religion, found himself in the small town of Gander, Newfoundland, with thousands of other refugees or “come from aways.” *Channel of Peace* is a beautiful account of how the people of Gander rallied with boundless acts of generosity and compassion for the “plane people,” renewing Kevin’s spirituality and inspiring him to organize an annual and growing “giving back” day. His unforgettable and uplifting story, along with others, has reached thousands of people when it was incorporated into the Broadway musical *Come From Away*.

Fright Night on Channel 9 James Arena,2011-12-22 From 1973 to 1987, *Fright Night* was a fixture of the late Saturday evening schedule on independent New York television station WOR-TV. A genre fan's nightmare come true, the modestly produced showcase featured horror films both classic and obscure, from Universal's *Frankenstein* series to such lesser-known delights as *Beast of Blood* and *The Living Coffin*. *Fright Night* suffered no delusions of grandeur and never claimed to be anything more than what it was: great entertainment on a Saturday night. This thorough if affectionate tribute to *Fright Night*'s glory days includes a complete listing of all films shown on the series, as well as discussion of WOR-TV's other horror movie programs from the 1970s and 1980s. Also featured are interviews with the major surviving players, including *Fright Night* creator Lawrence P. Casey.

Who Killed Channel 9? Gerald Stone,2008-11-01 They stuffed the place up. That was the phrase Kerry Packer used in a lament shared with one of his most trusted advisers - his own succinct epitaph for the old Channel 9 spoken shortly before his death. Who they were and what they did to warrant their boss' stinging disapproval is precisely what this book is about. This is a book about the media like no other. How exactly do you kill a TV network that for three decades dominated the Australian television and media landscape? With Kerry Packer at the helm, and with a host of stars and personalities that made it the envy of its rivals, Channel 9 dominated the airwaves, consistently winning the ratings battle and fostering a unique esprit de corps within its ranks. But in a few short years, it's gone from top dog to also ran - with rock bottom morale, mass redundancies and a resurgent opposition mainly staffed with vengeful former Nine management. Where does the blame lie, and who's brave enough to expose the dysfunction, mismanagement and more than occasional act of bastardry that reads as a how-to of how not to run a business? In this extraordinary book, Gerald Stone gives a truly eye-opening inside account of the death of a television network. The result is a drama far more riveting than anything on television, played out by an incredible cast of characters, most of them household names, some of them business legends, and all of them as you've never, ever seen them before.

The Day the World Came to Town Jim DeFede,2011-07-12 The True Story Behind the Events on 9/11 that Inspired Broadway’s Smash Hit Musical *Come from Away*, Featuring All New Material from the Author When 38 jetliners bound for the United States were forced to land at Gander International Airport in Canada by the closing of U.S. airspace on September 11, the population of this small town on Newfoundland Island swelled from 10,300 to nearly 17,000. The citizens of Gander met the stranded passengers with an overwhelming display of friendship and goodwill. As the passengers stepped from the airplanes, exhausted, hungry and distraught after being held on board for nearly 24 hours while security checked all of the baggage, they were greeted with a feast prepared by the townspeople. Local bus drivers who had been on strike came off the picket lines to transport the passengers to the various shelters set up in local schools and churches. Linens and toiletries were bought and donated. A middle school provided showers, as well as access to computers, email, and televisions, allowing the passengers to stay in touch with family and follow the news. Over the course of those four days, many of the passengers developed friendships with Gander residents that they expect to last a lifetime. As a show of thanks, scholarship funds for the children of Gander have been formed and donations have been made to provide new computers for the schools. This book recounts the inspiring story of the residents of Gander, Canada, whose acts of kindness have touched the lives of thousands of people and been an example of humanity and goodwill.

Everybody Fights Kim Holderness,Penn Holderness,2021-03-30 A USA Today and Wall Street Journal bestseller! Learn how to fight better and end your arguments with your partner feeling closer, more loved, and better understood. We take our cars in for oil changes. We mow our lawns and pull weeds. Why don't we do maintenance on our marriages? This relationship is the most important one we will ever have, so why not get better at it? For the last several years, Penn and Kim Holderness of The Holderness Family have done the hard maintenance and the research to learn how to fight better. With the help of their marriage coach Dr. Christopher Edmonston, they break down their biggest (and in some cases, funniest) fights. How did a question about chicken wings turn into a bra fight (no, not a bar fight or a bra fight)? How did a roll of toilet paper lead to tears, resentment, and a stint in the guest bedroom? With their trademark sense of humor and complete vulnerability, Penn and Kim share their 10 most common Fight Fails and how to combat them. Throughout the book, they offer scripts for how to start, continue, and successfully close hard conversations. Couples will emerge equipped to engage and understand, not do battle—and maybe laugh a little more along the way. In *Everybody Fights*, couples will learn how to: Use magic words for healthy conflict resolution Address unspoken and unrealistic expectations Banish the three Ds of unhealthy communication—distraction, denial, and delay Carry individual baggage while helping your partner deal with theirs Penn and Kim want you to know you're not alone.

Everybody fights. Marriage is messy. Marriage is work. But marriage is worth it. Fight for it!

Terrorism TV Stacy Takacs, 2012-04-30 The Fox-TV series 24 might have been in production long before its premier just two months after 9/11, but its storyline—and that of many other television programs—has since become inextricably embedded in the nation's popular consciousness. This book marks the first comprehensive survey and analysis of War on Terror themes in post-9/11 American television, critiquing those shows that—either blindly or intentionally—supported the Bush administration's security policies. Stacy Takacs focuses on the role of entertainment programming in building a national consensus favoring a War on Terror, taking a close look at programs that comment both directly and allegorically on the post-9/11 world. In show after show, she chillingly illustrates how popular television helped organize public feelings of loss, fear, empathy, and self-love into narratives supportive of a controversial and unprecedented war. Takacs examines a spectrum of program genres—talk shows, reality programs, sitcoms, police procedurals, male melodramas, war narratives—to uncover the recurrent cultural themes that helped convince Americans to invade Afghanistan and Iraq and compromise their own civil liberties. Spanning the past decade of the ongoing conflict, she reviews not only key touchstones of post-9/11 popular culture such as 24, Rescue Me, and Sleeper Cell, but also less remarked-upon but relevant series like JAG, Off to War, Six Feet Under, and Jericho. She also considers voices of dissent that have emerged through satirical offerings like The Daily Show and science fiction series such as Lost and Battlestar Galactica. Takacs dissects how the War on Terror has been broadcast into our living rooms in programs that routinely offer simplistic answers to important questions—Who exactly are we fighting? Why do they hate us?—and she examines the climate of fear and paranoia they've created. Unlike cultural analyses that view the government's courting of Hollywood as a conspiracy to manipulate the masses, her book considers how economic and industry considerations complicate state-media relations throughout the era. Terrorism TV offers fresh insight into how American television directly and indirectly reinforced the Bush administration's security agenda and argues for the continued importance of the medium as a tool of collective identity formation. It is an essential guide to the televisual landscape of American consciousness in the first decade of the twenty-first century.

Mindset Carol S. Dweck, 2007-12-26 From the renowned psychologist who introduced the world to “growth mindset” comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. “Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, GatesNotes “It’s not always the people who start out the smartest who end up the smartest.” After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

The Shock of the News Brian A. Monahan, 2010-03-15 How did the events of September 11, 2001 come to be thought of as 9/11? The Shock of the News is an authoritative account of post-9/11 political and social processes, offering an in-depth analysis of the media coverage of this momentous event. Brian Monahan demonstrates how 9/11 has been transformed into a morality tale centered on patriotism, victimization, and heroes. Introducing the idea of “public drama” as a way of making sense of how media processed and packaged the 9/11 attacks for their audiences, Monahan not only illuminates how and why the coverage took shape as it did, but also provides us with new insights into the social, cultural, and political consequences of the attacks and their aftermath. Monahan explains how and why 9/11 became such a potent symbol, exploring how meanings and symbols get created, reinforced, and disseminated in modern society. Ultimately, Monahan offers an important new understanding of this singular event of our time, and his compelling narrative brings the momentous events back into focus.

The Ancient Nine: Chapter One Ian K. Smith, M.D., 2018-05-22 Pulls you into the depths of a secret world from the first page. Ian Smith's novel is unmissable. —Harlan Coben, author of Missing You Spencer Collins thinks his life at Harvard will be all about basketball and pre-med; hard workouts and grinding work in class. The friends he's made when he hits the storied ivy-clad campus from a very different life in urban Chicago are a happy bonus. But Spencer is about to be introduced to the most mysterious inner sanctum of the inner sanctum: to his surprise, he's in the running to be “punched” for one of Harvard's elite final clubs. The Delphic Club is known as “the Gas” for its crest of three gas-lit flames, and as Spencer is considered for membership, he's plunged not only into the secret world of male privilege that the Gas represents, but also into a century-old club mystery. Because at the heart of the Delphic, secured deep inside its guarded mansion club, is another secret society: a shadowy group of powerful men known as The Ancient Nine. Who are The Ancient Nine? And why is Spencer—along with his best friend Dalton Winthrop—summoned to the deathbed of Dalton's uncle just as Spencer is being punched for the club? What does the lore about a missing page from one of Harvard's most historic books mean? And how does it connect to religion, murder, and to the King James Bible, if not to King James himself? The Ancient Nine is both a coming of age novel and a swiftly plotted story that lets readers into the ultimate of closed worlds with all of its dark historical secrets and unyielding power.
