Girl Watcher's Funeral Hugh Pentecost,2012-09-25 It's fashion week at the Beaumont, and Chambrun must investigate a haute couture killing. Barrel-chested and twinkle-eyed, Nikos Karados is one of the jet-set's most charming figures. A Greek shipping magnate with a philanthropic bent, Karados has a Midas touch that turns charities into gold. For the sake of cancer research, he comes to New York to stage a fashion show at the stately Beaumont Hotel. Beaumont press agent Mark Haskell is admiring the models when he sees Karados collapse and perish from an apparent heart attack. Inspecting the body, the house doctor discovers that Karados's medication has been replaced by placebos. To avoid a high-fashion panic, Beaumont manager Pierre Chambrun has Haskell quietly investigate the murder. Among the models, designers, and photographers lurks a killer, and Chambrun and Haskell will see to it that this unscrupulous fashionista spends next season wearing pinstripes.

The Binge Watcher's Guide to The Twilight Zone: An Unofficial Journey Jacob Trussell,2021-05-10 "You unlock this door with the key of imagination. Beyond it is another dimension—a dimension of sound, a dimension of sight, a dimension of mind." There are a lot of compendiums on *The Twilight Zone* out there, most offering a backstage peek at the ins and outs of producing this seminal genre series. *The Binge Watcher's Guide to The Twilight Zone* will offer you something these other books do not: a microscopic look into the themes and ideas that Rod Serling weaved into his landmark show to give you a deeper understanding of why *The Twilight Zone* still resonates with audiences over 60 years later. This guide will examine how the socio-political turmoil of the early 1960s, the global anxiety over nuclear power, and the looming specter of trauma in post-war America influenced Serling to use *The Twilight Zone* as a bully pulpit, pushing back against social ills, from racism and censorship to McCarthyism and totalitarianism. Whether this is your first trip to the Zone or you're an old fan returning for one more round, this retrospective is an opportunity to engage with the timeless classic in a way that can help you make sense of our here and now. "You're moving into a land of both shadow and substance, of things and ideas. You've just crossed over into the Twilight Zone."

Penny Loaves and Butter Cheap: Britain In 1846 Stephen Bates,2014-02-27 Britain in 1846 was a nation in the grip of dramatic change. As the Industrial Revolution reached its height, people were flooding from countryside to city; the railways were spreading; starvation and destitution existed alongside immense wealth and power, generating profound social tensions. And seismic change was afoot in the world of politics. Parliament's repeal of the protectionist Corn Laws eroded the powers of the landowners and ushered in an age of free trade that would form the basis of Britain's future wealth and industrial prosperity. Stephen Bates paints a kaleidoscopic portrait of a pivotal year in British history – and of a society on the cusp of modernity.

The Watchers Douglas C. Atkins,2012-05 Hundreds of years ago, deep within an ancient Jewish religious work, the details of a prophesied judgment day are revealed. Written in 300 BC, the book of Enoch holds the truth for the future. The world needs to know the reality, but one question remains who will spread the word? Long after the turn of the twenty-first century, water and oxygen are in short supply. With nearly all the natural resources depleted, a megacompany controls the insatiable demand for water and oxygen through its international desalination plants. But when the company's network administrator discovers someone is sending out classified security information about the plants, he has no idea that it is all part of a plot hatched by the Church of the Elect. Its leader, Shaul Eitan, is determined to carry out a plan to destroy all the desalination plants and, worse yet, to initiate a nuclear holocaust. Eitan wants nothing more than to destroy the human population forever. The Watchers have no choice they must risk everything. Chaos reigns in a future dystopian world as everyone wonders if the book of Enoch has foretold a truthful ending to the universe.

Wealth Watchers Alice Wood,2009-12-29 Through her journey from having it all to dealing with financial setbacks, Wood provides tools to help you organize your finances and understand which spending patterns are knocking you off-track. Ten years ago, Alice Wood was living a normal life, balancing her career, family, and finances with confidence. She knew instinctively how to handle money, until a brain injury sustained on a commercial airplane changed her life. After the injury, Alice encountered many new challenges; for the first time in her life she was overweight and in serious debt. Weight Watchers® allowed Alice to lose the weight and keep it off. Inspired by Weight Watchers'® daily discipline of journaling and the principle of group accountability, she decided to create a new and radically simple program to reclaim her financial stability. She called it Wealth Watchers. This simple program enabled her to meet her own financial goals and soon was helping thousands of others to do the same. Today, the Wealth Watchers program is an important part of the rapidly growing movement for financial literacy and empowerment sponsored by school, state, and federal government programs; corporations such as McDonald's and Visa; and several large financial institutions.

The Watchers Trilogy Christine Pope,2019-05-09 When a reluctant psychic is drawn into a thousand-year war between gargoyles and vampires, all hell breaks loose in the City of Angels.... The Watchers Trilogy boxed set includes: FALLING DARK Everything changed the day she died... Ever since a car accident nearly ended her life, Serena Quinn has been plagued by visions she can't control. To cope with the fear of having them take over her life, she withdraws completely, isolating herself from society. But when she's attacked by an unknown enemy, the mysterious Silas draws her into a hidden world of villainous, scheming vampires. Although Silas vows to protect her, Serena doesn't know who she can trust. Even as she fights her attraction for Silas, Serena's enemies become bolder, seeking to control her special powers. Will Serena's connection to her guardian be enough to save her in the end? DEAD OF NIGHT What do you do after the worst has happened? Psychic Serena Quinn is in for the fight of her life. Held captive by a centuries-old vampire master, she's forced to battle him at every turn, matching him wit for wit. It's up to Serena to do all she can to survive until Silas Drake, her lover, can save her from the vicious vampire's clutches. But Serena's new and terrifying visions are telling her something she can't quite comprehend.

The series of visions suggest she is more entwined with her vile captor than she ever imagined. Will Serena’s future be forever connected to the ancient vampire, or will Silas find her before it’s too late? RISING DAWN A drop of blood holds their only hope...or their destruction. Serena Quinn is walking a tightrope strung between grief and despair. As long as Lucius Montfort holds her lover Silas captive, she is forced to pretend she’s besotted with the vampire whose offspring murdered her sister. Worse, conflicting visions of the future show her with Lucius, then with Silas – and their child. Which future is real? As if that’s not enough, Lucius needs money – lots of money – to find a cure for vampirism. He’s got his eye on the Quinn family coffers, which Serena’s brother will empty if vampire blood can save his terminally ill daughter. In the meantime, Serena struggles to paint a convincing picture of complete devotion to Lucius, while holding out for a miracle that The Watchers will manage to rescue her captured lover. But as her visions for any future at all shred and ravel away to almost nothing, one last chance lies in a completely unexpected blood tie that could save them – or destroy them both.
