So load your palette with ample paint, grab some fat brushes and get ready to paint fast, paint loose, paint bold. • Start with a strong, simple value statement • Get expressive with color • Be brave with your brushwork • 5 technique exercises • 5 start-to-finish painting demonstrations Paint fearlessly!

Color Theory for the Makeup Artist Katie Middleton, 2018-06-12 Color Theory for the Make-up Artist: Understanding Color and Light for Beauty and Special Effects analyzes and explains traditional color theory for fine artists and applies it to the make-up artist. This book is suitable for both professionals and beginners who wish to train their eye further to understand and recognize distinctions in color. It explains why we see color, how to categorize and identify color, relationships between colors, and it relates these concepts to beauty and special effects make-up. The book teaches the reader how to mix flesh tones by using only primary colors, and explains how these colors in paints and make-up are sourced and created. It also discusses the reason for variations in skin colors and undertones, and how to identify and match these using make-up, while choosing flattering colors for the eyes, lips, and cheeks. Colors found inside the body are explained for special effects make-up, like why we bruise, bleed, or appear sick. Ideas and techniques are also described for painting prosthetics, in addition to using color as inspiration in make-up designs. The book also discusses how lighting affects color on film, television, theater, and photography sets, and how to properly light a workspace for successful applications.

Storytelling with Data Cole Nussbaumer Knaflitz, 2015-10-09 Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

Color Your Style David Zyla, 2011-01-25 Move over Color Me Beautiful, an Emmy Award-winning costume designer shows women how to find their authentic style archetype. David Zyla has made women look sensational on the runway,

television, and Broadway for twenty years. In *Color Your Style*, David shows how every woman can unlock her authentic style based on a combination of her personality, her eight true colors, and one of twenty-four color-palette archetypes—from the Wholesome Flirt to the Romantic Poetess to The Maverick. Through quizzes, charts, and stories, women can discover the colors, clothes, and accessories that will attract love, power, energy, and attention. *Color Your Style* is like getting an astrological reading—only color-inspired—allowing you to learn more about yourself while you make over your wardrobe. We are at our best when we feel comfortable, confident, and know we look fantastic. *Zyla and Color Your Style* shows women how to be their best—without being slaves to designer labels or the latest trends.

Interaction of Color Josef Albers, 2013-06-28 An experimental approach to the study and teaching of color is comprised of exercises in seeing color action and feeling color relatedness before arriving at color theory.

Color Me Beautiful Carole Jackson, 2011-12-07 Color is magic! No matter what kind of clothes you like to wear, the right colors can make the difference between looking drab and looking radiant! You can wear every color of the rainbow. Shade makes the difference. Using simple guidelines, professional color consultant Carole Jackson helps you choose the thirty shades that make you look smashing. What color season are you? Spring: Your colors are clear, delicate, or bright with yellow undertones. Summer: Cool, soft colors with blue undertones are right for you. Autumn: You look best in stronger colors with orange and gold undertones. Winter: Clear, vivid, or icy colors with blue undertones make you look best. *Color Me Beautiful* will also help you: • Develop your color personality • Learn to perfect your make-up color • Use color to solve specific figure problems • Save money by designing a color-coordinated wardrobe for all occasions • Discover your clothing personality • Determine the fabrics that are best for you • Use accessories successfully—from stockings to scarves

HOW TO WORK WITH COLORS ,

Watercolour Triads Jane Blundell, 2021-10-26 Following from 'The Ultimate Mixing Palette: a World of Colours', which explored two-colour mixing using a 15-colour palette, this book looks at working with watercolour triads. The book shows triad wheels and charts for a range of triads, with sample paintings and sketches showing the triads in action. The triads are cross-referenced with mixes in the previous book.

Young House Love Sherry Petersik, John Petersik, 2015-07-14 This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, hack your Ikea table to create three distinct looks, and so much more.

Emotional Design Don Norman, 2007-03-20 Why attractive things work better and other crucial insights into human-centered design Emotions are inseparable from how we humans think, choose, and act. In *Emotional Design*, cognitive scientist Don Norman shows how the principles of human psychology apply to the invention and design of new technologies and products. In *The Design of Everyday Things*, Norman made the definitive case for human-centered design, showing that good design demanded that the user's must take precedence over a designer's aesthetic if anything, from light switches to airplanes, was going to work as the user needed. In this book, he takes his thinking several steps farther, showing that successful design must incorporate not just what users need, but must

address our minds by attending to our visceral reactions, to our behavioral choices, and to the stories we want the things in our lives to tell others about ourselves. Good human-centered design isn't just about making effective tools that are straightforward to use; it's about making affective tools that mesh well with our emotions and help us express our identities and support our social lives. From roller coasters to robots, sports cars to smart phones, attractive things work better. Whether designer or consumer, user or inventor, this book is the definitive guide to making Norman's insights work for you.

Colors for Your Every Mood Leatrice Eiseman, 1998 America's leading color expert shows how to choose the right color combinations for all your rooms based on Color Moods from your own personality, nature, and travel. Most decorating books start out telling readers how to achieve someone else's notion of how a room should look. This book is different. It helps you determine how you want yourself, your family, and your friends to feel when entering each room in your home. It combines psychology with a practical how-to and reveals which colors and color combinations will achieve the feeling and personal style you want to project in each room.

A Color Notation Albert H. Munsell, 2020-08-05 Reproduction of the original: A Color Notation by Albert H. Munsell

Logo Design Love David Airey, 2009-12-20 There are a lot of books out there that show collections of logos. But David Airey's "Logo Design Love" is something different: it's a guide for designers (and clients) who want to understand what this mysterious business is all about. Written in reader-friendly, concise language, with a minimum of designer jargon, Airey gives a surprisingly clear explanation of the process, using a wide assortment of real-life examples to support his points. Anyone involved in creating visual identities, or wanting to learn how to go about it, will find this book invaluable. - Tom Geismar, Chermayeff & Geismar In Logo Design Love, Irish graphic designer David Airey brings the best parts of his wildly popular blog of the same name to the printed page. Just as in the blog, David fills each page of this simple, modern-looking book with gorgeous logos and real world anecdotes that illustrate best practices for designing brand identity systems that last. David not only shares his experiences working with clients, including sketches and final results of his successful designs, but uses the work of many well-known designers to explain why well-crafted brand identity systems are important, how to create iconic logos, and how to best work with clients to achieve success as a designer. Contributors include Gerard Huerta, who designed the logos for Time magazine and Waldenbooks; Lindon Leader, who created the current FedEx brand identity system as well as the CIGNA logo; and many more. Readers will learn: Why one logo is more effective than another How to create their own iconic designs What sets some designers above the rest Best practices for working with clients 25 practical design tips for creating logos that last

Color Sells Sendpoints Publishing Co. Ltd., 2020-05 Color psychology shows that color has great influence on our mind, and it has been widely applied in product packaging to achieve great success in boosting sales. This book shows the critical roles that color plays in branding and marketing, and introduces the basics of color theory.

Landscape Painting Mitchell Albala, 2011-11-15 Because nature is so expansive and complex, so varied in its range of light, landscape painters often have to look further and more deeply to find form and structure, value patterns, and an organized arrangement of shapes. In Landscape Painting, Mitchell Albala shares his concepts and practices for translating nature's grandeur, complexity, and color dynamics into convincing representations of space and light. Concise, practical, and inspirational, Landscape Painting focuses on the greatest challenges for the landscape artist, such as: • Simplification and Massing: Learn to reduce nature's complexity by looking beneath the surface of a subject to discover the form's basic masses and shapes. • Color and Light: Explore color

theory as it specifically applies to the landscape, and learn the various strategies painters use to capture the illusion of natural light. • **Selection and Composition:** Learn to select wisely from nature's vast panorama. Albala shows you the essential cues to look for and how to find the most promising subject from a world of possibilities. The lessons in Landscape Painting—based on observation rather than imitation and applicable to both plein air and studio practice—are accompanied by painting examples, demonstrations, photographs, and diagrams. Illustrations draw from the work of more than 40 contemporary artists and such masters of landscape painting as John Constable, Sanford Gifford, and Claude Monet. Based on Albala's 25 years of experience and the proven methods taught at his successful plein air workshops, this in-depth guide to all aspects of landscape painting is a must-have for anyone getting started in the genre, as well as more experienced practitioners who want to hone their skills or learn new perspectives.

The Curated Closet Anuschka Rees, 2016-09-20 Is your closet jam-packed and yet you have absolutely nothing to wear? Can you describe your personal style in one sentence? If someone grabbed a random piece from your closet right now, how likely is it that it would be something you love and wear regularly? With so many style and shopping options, it can be difficult to create a streamlined closet of pieces that can be worn easily and confidently. In *The Curated Closet*, style writer Anuschka Rees presents a fascinatingly strategic approach to identifying, refining, and expressing personal style and building the ideal wardrobe to match it, with style and shopping strategies that women can use every day. Using *The Curated Closet* method, you'll learn to: • Shop smarter and more selectively • Make the most of your budget • Master outfit formulas and color palettes • Tweak your wardrobe for work • Assess garment fit and quality like a pro • Curate a closet of fewer, better pieces Including useful infographics, charts, and activities, as well as beautiful fashion photography, *The Curated Closet* is the ultimate practical guide to authentic and unique style.
