Death & Dying in Hispanic Worlds Debra D. Andrist,2020-09-28 The dispassionate intellectual examination of the concepts of death & dying contrasts dramatically with the emotive grieving process experienced by those who mourn. Death & dying are binary concepts in human cultures. Cultural differences reveal their mutual exclusiveness in philosophical outlook, language, and much more. Other sets of binaries come into play under intellectual consideration and emotive behavior, which further divide and shape perceptions, beliefs, and actions of individuals and groups. The presence or absence of religious beliefs about life and death, and disposition of the body and/or soul, are prime distinctions. Likewise the age-old binary of reason vs. faith. To many observers, the topic of death and dying in the Hispanic cultural tradition is usually limited to that of Mexico and its transmogrified religious festival day of Día de los Muertos. The studies presented in the ten chapters, and editorial introductions to the themes of the book, seek to widen this representation, and set forth the implications of the binary aspects of death and dying in numerous cultures throughout the so-called Hispanic world, including indigenous and European-derived beliefs and practices in religion, society, art, film & literature. Contributions include engagement with the pre-Hispanic world, Picassos poetry, cultural norms in Cuba, and the literary works of Jorge Luis Borges and Gabriel García Márquez. Underlying the arguments presented is Saussurean structuralist theory, which provides a platform to disentangle cultural context in comparative settings.

One Hundred Years of Solitude Gabriel García Márquez,2022-10-11 One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

The Potency of Pastoral in the Hispanic Baroque Anne Holloway,2017 A careful re-evaluation of pastoral poetics in the early modern Hispanic literature of Spain and Latin America.

The New Novel in Latin America Philip Swanson,1995 A critical analysis of Latin American writers from the 1960s to the present reveals interesting insights into the ambiguity of the fiction's break from traditional social realism to a representation of realism which is incomprehensible and paradoxical. Swanson (Hispanic studies, State U. of New York, Albany) examines the new novel's inconsistencies, political statements, and postmodern intertextuality through the work of Puig, Vargas Llosa, Cabrera, Infante, Fuentes, Donoso, Sainz, Lispector, and Isabel Allende. Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols,Timothy R. Robbins Ph.D.,2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready-reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of machismo reflects on the portrayal of women in these societies, and the representation of Latino-Caribo cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic—and often controversial—debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant.

Gabriel García Márquez and Ovid Lorna Robinson,2013 This book explores the ways in which Ovid's poem, *Metamorphoses*, and Gabriel García Márquez's novel, *One Hundred Years of Solitude*, use magical devices to construct their literary realities. The study examines in detail the similarities and differences of each author's style and investigates the impact of politics and culture upon the magical and frequently brutal realities the two authors create in their works. Ultimately the book is interested in the use of magical elements by authors in political climates where freedoms are being restricted, and by using magical realism to explore Ovid's *Metamorphoses*, it is able to illuminate aspects of the regime of emperor Augustus and the world of Ovid and demonstrate their closeness to that of García Márquez's Colombia. Lorna Robinson holds a PhD in Classics from University College London. She is the author of *Cave Canem: A Miscellany of Latin Words and Phrases* and the essay 'The Golden Age in *Metamorphoses*' and 'One Hundred Years of Solitude' in *A Companion to Magical Realism* (Tamesis, 2005).

The African Heritage of Latinx and Caribbean Literature Sarah Quesada,2022-08-04 Interweaving the influential voices of African, Caribbean, and Latinx authors, this book challenges eurocentric notions of World Literature.

The Censorship Files Alejandro Herrero-Olaizola,2012-02-01 Investigates the role played by censorship in the Spanish-language publishing industry, which led to the

Latin American Boom literature of the 1960s and 1970s.

A World Torn Apart Victoria Carpenter, 2007 This collection of essays derives from a conference on Violence, Culture and Identity held in St Andrews in June 2003. It is a contribution to the understanding of representations of violence in Latin American narrative. The collected essays are dedicated to the study of the problematic history of violence as a means of 'civilizing' the region: violence used by dictatorial regimes to eradicate the collective memory of their actions; violence as a result of the history of marginalizing segments of the population; sexual violence as an attempt at complete control of the victim. The essays establish a clear link between historical, political and literary constructs spanning the past five hundred years of Latin American history. Close readings of political texts, historical documents, prose, poetry and films employ identity theories, postcolonial discourse, and the principles of mimetic and sacrificial violence. The volume adds to the ongoing critical investigation of the relationship between Latin American history and narrative, and to the key role of representations of violence within that narrative tradition.

Commodifying Violence in Literature and on Screen Alejandro Herrero-Olaizola, 2021-10-18 This book traverses the cultural landscape of Colombia through in-depth analyses of displacement, local and global cultures, human rights abuses, and literary and media production. Through an exploration of the cultural processes that perpetuate the darker side of Latin America for global consumption, it investigates the condition that has led writers, filmmakers, and artists to embrace (purposefully or not) the incessant violence in Colombian society as the object of their own creative endeavors. In this examination of mass-marketed cultural products such as narco-stories, captivity memoirs, gritty travel narratives, and films, Herrero-Olaizola seeks to offer a hemispheric approach to the role played by Colombia in cultural production across the continent where the illicit drug trade has made significant inroads. To this end, he identifies the Colombian condition within the parameters of the global economy while concentrating on the commodification of Latin America's violence for cultural consumption. Cosmopolitan Desires Mariano Siskind, 2014-04-30 Mariano Siskind's groundbreaking debut book redefines the scope of world literature, particularly regarding the place of Latin America in its imaginaries and mappings. In Siskind's formulation, world literature is a modernizing discursive strategy, a way in which cultures negotiate their aspirations to participate in global networks of cultural exchange, and an original tool to reorganize literary history. Working with novels, poems, essays, travel narratives, and historical documents, Siskind reads the way Latin American literary modernity was produced as a global relation, from the rise of planetary novels in the 1870s and the cosmopolitan imaginaries of modernism at the turn of the twentieth century, to the global spread of magical realism. With its unusual breadth of reference and firm but unobtrusive grounding in philosophy, literary theory, and psychoanalysis, *Cosmopolitan Desires* will have a major impact in the fields of Latin American studies and comparative literature.

Bowker's Guide to Characters in Fiction 2007, 2008-02

Literature, Culture and Society Andrew Milner, 2017-09-19 As cultural studies has grown from its origins on the margins of literary studies, it has tended to discard both literature and sociology in favour of the semiotics of popular culture. *Literature, Culture and Society* makes a determined attempt to re-establish the connections between literary studies, cultural studies and sociology. Arguing against both literary humanism and sociological relativism, it provides a critical overview of theoretical approaches to textual analysis, from hermeneutics to postmodernism, and presents a substantive account of the capitalist literary mode of production. This second edition has been fully revised and rewritten, with new sections including the impact of psychoanalysis and post-structuralism, and the recent work of academics such as Franco Moretti. New case studies have been added in order to examine the intertextual connections between *Genesis*, Milton's *Paradise Lost*, *Frankenstein* (in Mary Shelley's original and also in several film versions), Karel Capek's *R.U.R.*, Fritz Lang's *Metropolis*, Ridley Scott's *Blade Runner*, *The X-Files* and *Buffy the Vampire Slayer*.

Crónicas de América Latina Miguel Á. Novella, Esteban Mayorga, 2019-10-11 *Crónicas de América Latina*: narrativa de no-ficción es la primera edición de una novedosa antología de crónicas diseñada para la enseñanza de español avanzado. Los textos, fascinantes y accesibles, permiten que los estudiantes se adentren en la compleja realidad contemporánea, tanto política como social y cultural, de América Latina, mientras refuerzan la lectura, la redacción y la conversación. Los ejercicios, todos ellos diseñados a partir de los propios textos, pretenden repasar problemas gramaticales y léxicos tradicionales, con especial énfasis en aquellos que atañen a las variedades dialectales del español americano: por ejemplo, el uso del pronombre 'vos'. Este libro es un excelente material de lectura que puede usarse en clases de español como segunda lengua o en clases de español para hablantes de herencia, tanto en clases de lengua (gramática o conversación) como de contenido (cultura). Dividido en nueve capítulos, el material abarca temas cruciales tales como política, identidad, raza, género, inmigración, violencia, exilio, medio ambiente, gastronomía, fútbol y música. Cada texto puede leerse de forma independiente, lo que permite que los profesores seleccionen las lecturas según las particularidades de cada curso. Pensado en un principio para estudiantes de español, esta antología es sobre todo una lectura indispensable para cualquier persona interesada en la zona que concentra el mayor número de hispanohablantes en el mundo.

The Literature of Catastrophe Carlos Fonseca, 2020-05-14 This book investigates how nature and history intertwined during the violent aftermath of the Latin American Wars of Independence. Synthesizing intellectual history and readings of textual production, *The Literature of Catastrophe* reimagines the emergence of the modern Latin American nation-states beyond the scope of the harmonious "foundational fictions" that marked the emergence of the nation as an organic community. Through a study of philosophical, literary and artistic representations of three catastrophic figures – earthquakes, volcanoes and epidemics – this book provides a critical model through which to refute these state-sponsored "happy narratives," proposing instead that the emergence of the modern state in Latin America was indeed a violent event whose aftershocks are still felt today. Engaging a variety of sources and protagonists, from Simón Bolívar's manifestoes to Cesar Aira's use of landscape in his novels, from the revolutionary role mosquitoes had within the Haitian Revolution to the role AIDS played in the writing of Reinaldo Arenas' posthumous novel, Carlos Fonseca offers an original retelling of this foundational moment, recounting how history has become a site where the modern division between nature and culture collapses.

Masters of the Ninth Art Matthew Screech, 2005-01-01 In English-speaking countries, Francophone comic strips like Hergés's *Les Aventures de Tin Tin* and Goscinny and Uderzo's *Les Aventures d'Asterix* are viewed—and marketed—as children's literature. But in Belgium and France, their respective countries of origin, such strips—known as bandes dessinées—are considered a genuine art form, or, more specifically, the ninth art. But what accounts for the drastic difference in the way such comics are

received? In *Masters of the Ninth Art*, Matthew Screech explores that difference in the reception and reputation of bandes dessinées. Along with in-depth looks at Tin Tin and Asterix, Screech considers other major comics artists such as Jacque Tardi, Jean Giraud, and Moebius, assessing in the process their role in Francophone literary and artistic culture. Illustrated with images from the artists discussed, *Masters of the Ninth Art* will appeal to students of European popular culture, literature, and graphic art.

Landmarks in Modern Latin American Fiction (Routledge Revivals) Philip Swanson, 2015-08-11 In the 1960s, there occurred amongst Latin American writers a sudden explosion of literary activity known as the ‘Boom’. It marked an increase in the production and availability of innovative and experimental novels. But the ‘Boom’ of the 1960s should not be taken as the only flowering of Latin American fiction, for such novels dubbed ‘new novels’ were being written in the 1940s and 1950s, as well as in the 1970s and 1980s. In this edited collection, first published in 1990, Philip Swanson charts the development of Latin American fiction throughout the twentieth century. He assesses the impact of the ‘new novel’ on Latin American literature, and follows its growth. Nine key texts are analysed by contributors, including works by the ‘big four’ of the ‘Boom’ – Fuentes, Cortázar, Garcia Márquez and Vargas Llosa. This book will be of interest to critics and teachers of Latin American literature, and will be useful too as supplementary reading for students of Spanish and Hispanic Studies. It will also serve as a helpful introduction to those new to Latin American fiction.
