God and Mystery in Words David Brown,2008-03-20 In *God and Mystery in Words* David Brown uses the way in which poetry and drama have in the past opened people to the possibility of religious experience as a launch pad for advocating less wooden approaches to Christian worship today. So far from encouraging imagination and exploration, hymns and sermons now more commonly merely consolidate belief. Again, contemporary liturgy in both its music and its ceremonial fails to take seriously either current dramatic theory or the sociology of ritual. Yet this was not always so. Imagery and hymns mattered, liturgical music encouraged a sense of drama, sermons required rhetoric. In a characteristically stimulating and inspiringly expansive study, that ranges from ancient Greek drama to modern poetry, from the meaning of the Logos to the history of vestments, David Brown pleads for a much wider focus on the kind of factors that aid experience of God.

Birkbeck Word Association Norms Helen Moss, Lianne Older, 1996 This is a reference work containing free association norms for over 2000 words in the English language collected over the last eight years from groups of 40-50 British English speakers aged between 17 and 45. These norms provide the information that, for example, 67% of people give dog as the first word they think of in response to the word cat, that 24% give the word society in response to the word pillar, and given the name Michael, 65% say Jackson, whereas less than 5% say Heseltine or Caine. These norms will be of use to researchers and students in many fields of psychology, especially language and memory, where the degree of association between pairs of words is often an important experimental variable. The main part of the book contains an alphabetical list of all associative responses and their frequency for each of the 2464 stimulus words. In addition, there is an index of stimulus words organised according to semantic category to aid selection of experimental materials. Full methodological details of the collection and compilation of the data are also provided in the introduction.

Mounce's Complete Expository Dictionary of Old and New Testament Words William D. Mounce, 2009-12-15 For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry (Vine's separates them) Employs both Strong's and G/K numbering systems (Vine's only uses Strong's) Mounce's accuracy is endorsed by leading scholars

Midnight Blue: A Good Old Fashion Mystery and Love Story Antonio F. Vianna, 2005-09-13 After the bodies of Sue Murphy and Steve McElroy are exhumed, a tiny needle puncture wound is found on the left arm of Steve McElroy, while signs of strangulation are evident on the neck of Sue Murphy. What previously had been reported as two independent deaths from natural causes is now being considered second-degree murders, punishable by life imprisonment. This change of opinion directly conflicts with what previously seemed to have been an unshakable premise. Were the original police investigation and medical report composed of half-truths and shadowy suppositions

resulting from incompetence? Were lies purposely told to conceal the truth? Were there other suspects not investigated? What really happened? This is fiction, but is so powerful it could be real. You will admire some of the characters while despising others. When you think you've figured out what is going on, you realize there are other clues that dangle, screaming to be told. Then, when you add to the mix the card of love, you realize that what you thought was true no longer is. The final riddle's answer is up to you.
