The Craft of the Cocktail Dale DeGroff, 2010-07-14 The first real cookbook for cocktails, featuring 500 recipes from the world's premier mixologist, Dale DeGroff. Covering the entire breadth of this rich subject, *The Craft of the Cocktail* provides much more than merely the same old recipes: it delves into history, personalities, and anecdotes; it shows you how to set up a bar, master important techniques, and use tools correctly; and it delivers unique concoctions, many featuring DeGroff's signature use of fresh juices, as well as all the classics. It begins with the history of spirits, how they're made (but without too much boring science), the development of the mixed drink, and the culture it created, all drawn from DeGroff's vast library of vintage cocktail books. Then on to stocking the essential bar, choosing the right tools and ingredients, and mastering key techniques—the same information that DeGroff shares with the bartenders he trains in seminars and through his videos. And then the meat of the matter: 500 recipes, including everything from tried-and-true classics to of-the-moment originals. Throughout are rich stories, vintage recipes, fast facts, and other entertaining asides. Beautiful color photographs and a striking design round out the cookbook approach to this subject, highlighting the difference between an under-the-bar handbook and a stylish, full-blown treatment. *The Craft of the Cocktail* is that treatment, destined to become the bible of the bar.

Android Apps for the Drunk Harold N. Malt,Winston Sauer,Scott Scotch,2012-08-10 As alcohol connoisseurs and Android aficionados both, we felt the world was long overdue for a book targeted at what we know to be a large and growing market: people with smartphones who like to get blitzed. The collection of apps we've compiled is a testament to drunken debauchery in the age of smartphones and tablet computers, for despite the introduction of these world-changing devices into our lives, the requisites of the boozers among us have changed little. Song, sport, and passionate expression have long been keystones of the mind of the drunken reveler, and we're confident that our ebook contains apps that would excite Dionysians of the past just as much as it will delight today's intoxicated Android users. This book contains real stories, real jokes, and real profanity - so don't buy it if you can't handle it.
