Anyone Can Do It Sahar Hashemi, Bobby Hashemi, 2004-05-14 *Anyone Can Do It* chronicles the start and evolution of a successful business dream. Beginning with the Hashemi siblings' first conversations (when the seed of the idea was planted) it follows the progress of Coffee Republic from business plan to the present day. Coffee Republic is now worth around £50m with 90 outlets around the UK. This is a start-up business book for real people. Sahar and Bobby take the reader step by step through every aspect of starting and growing a business from asking 'why?' and writing the plan to hiring staff and letting go. The book is illustrated throughout with inspirational anecdotes from their own experience. It is a very personal story of dreaming, acting and succeeding offering a myriad of lessons for aspiring entrepreneurs and blowing apart the myth that only 'special' people start successful businesses.

To make any old cup of coffee, you simply need a pot, heat, ground coffee, and water. But you're not just anyone. You are a coffee aficionado, a determined, fearless seeker of the best java. And this is the guide for you. *How to Make Coffee* provides an in-depth look at the art and science behind the bean. Learn the anatomy of coffee; the chemistry of caffeine; the best way to roast, grind, and brew the beans to their peak flavor; and what gadgets you really need (versus what gadgets are for mere coffee dilettantes). You're Not Fooling Anyone When You Take Your Laptop to a Coffee Shop John Scalzi, 2007-01-28 *Coffee Shop* shows the writing life as it is, from the perspective of novelist and writer John Scalzi, who in 15 years as a professional writer has written just about everything: critically acclaimed novels, best-selling humor books, nationally syndicated newspaper columns, magazine cover stories... and ad copy, corporate brochures and Web site headlines, too. His wide range of experience informs this collection of essays on writing and the writing life,

taken from his popular personal Web site, The Whatever. Whether providing practical advice, discussing writing and writers or observing the state of the writing world, Scalzi lays it out in a sharp, no-nonsense way that assumes you want the lay of the land, without all the huggy-squeezy hand-holding. Notes on the writing life, unvarnished views of writers and books and (yes) even some practical advice: It's all here.

The World Atlas of Coffee James Hoffmann, 2018-10-04 The worldwide bestseller - 1/3 million copies sold 'With his expert guidance we travel around the globe, from Burundi to Honduras via Vietnam, sipping and spitting as we go. This is high geekery made palatable by the evident love pulsing through every sentence.' - The Guardian 'The subject of coffee has never been more, er, hot, and The World Atlas of Coffee takes a close look at its history and evolution, the international range of beans and all the best ways to enjoy coffee. Great pics too.' - Susy Atkins, The Telegraph For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

Inspire Your Home Farah Merhi, 2019-10-22 Instagram star and founder of Inspire Me! Home Décor shares her creative and elegant interior design secrets so you can create a glamorous yet cozy home without spending a fortune. Farah Merhi launched Inspire Me! Home Decor in 2012 as a creative outlet during a transitional time in

her life. Farah was about to graduate college and planned to attend law school. Going through the motions and feeling unfulfilled in her career choice, she built up the courage to face her truth. Taking time off to figure herself out, Farah, through a remodel project in her home, had her “ah-ha” moment. The importance of taking care of your home, specifically in the way you clean, organize, and design, was instilled in her at a young age, but she didn’t realize how much of an impact her upbringing had until she owned her own home. Farah knew she had found her passion and calling, and was determined to inspire home owners to live their best lives in their homes. Farah believes that taking care of your home is essential to your peace of mind. Her design style is elegant and glamorous but infused with warmth and coziness, creating a welcoming feel with neutral color palettes, soft and inviting fabrics, and exquisite design details that can work in any room. She believes you can make a statement without sacrificing an inviting feel to your rooms. There is no right and wrong when it comes to designing your home and Farah encourages you to focus on the overall look and feel you desire, and her tips and advice will help guide you through the process. Starting with her most frequently asked questions about paint color versus wallpaper, lighting and rugs, home organization, and of course styling, Farah walks you through every room in the house from the mudroom to the kitchen and kids’ bedrooms. Along the way, she includes quick seasonal updates on a budget, suggested routines for maintaining your space, and her unique reward system, which includes small styling vignettes around your home. Woven throughout are Farah’s personal stories that will feel like you’re getting design advice from a close friend. Everyone deserves to walk into a beautifully decorated home every day—now you can, with the inspiration and practical tips in *Inspire Your Home*.
