Bay Area Coffee Monika Trobits,2011-11-02 Discover the rich history of San

Francisco's coffee culture from its roots in the nineteenth century to today's celebrated artisanal roasters. San Francisco was booming in the mid-nineteenth century, and along with adventurers seeking their fortunes came sacks of green coffee beans. The old Yerba Buena Cove swiftly filled with ships, and the city emerged as the third-largest coffee port in the United States. What followed was the rise—and local demise—of the “big three” coffee roasters: Folger's, Hills Brothers and MJB. Specialized Bay Area roasters like Peerless, Peet's and Blue Bottle sprang up in their wake, while places such as Tosca's, Caffé Trieste and the Blue Unicorn blazed the way for modern coffeehouses. In Bay Area Coffee, Monika Trobits explores how the humble coffee bean became an ever-evolving stable of San Francisco Bay.

The Glassy, Burning Floor of Hell Brian Evenson, 2021-08-03 "Here is how monstrous

humans are.” A sentient, murderous prosthetic leg; shadowy creatures lurking behind a shimmering wall; brutal barrow men: of all the terrors that populate The Glassy, Burning Floor of Hell, perhaps the most alarming are the beings who decimated the habitable Earth: humans. In this new short story collection, Brian Evenson envisions a chilling future beyond the Anthropocene that forces excruciating decisions about survival and self-sacrifice in the face of toxic air and a natural world torn between revenge and regeneration. Combining psychological and ecological horror, each tale thrums with Evenson’s award-winning literary craftsmanship, dark humor, and thrilling suspense.

The Coffeehouse Resistance Sarina Prabasi, 2019-04-09 Part coming-to-America story, part lyrical memoir, and yet another part activist's call to action, *The Coffeehouse Resistance: Brewing Hope in Desperate Times* is timely, funny, and poignant. Writing as a mother, immigrant, new American, coffeehouse owner, and international nonprofit leader, Prabasi's story weaves between Nepal, Ethiopia, and the United States. When Prabasi and her husband move from Addis Ababa, Ethiopia, to New York City with their young daughter in 2011, they start a thriving coffee business, grow their family, and are living their American Dream. After the 2016 election, they are suddenly unsure about their new home. Reclaiming the tradition of coffee houses throughout history, their coffeehouses become a hub for local organizing and action. Moving from despair to hope, this story is ultimately about building community, claiming home, and fighting for our dreams.

Over the Black Coffee, 1902

Global Brooklyn Fabio Parasecoli, Mateusz Halawa, 2021-01-14 What do the fashionable food hot spots of Cape Town, Mumbai, Copenhagen, Rio de Janeiro, and Tel

Aviv have in common? Despite all their differences, consumers in each major city are drawn to a similar atmosphere: rough wooden tables in postindustrial interiors lit by edison bulbs. There, they enjoy single-origin coffee, kombucha, and artisanal bread. This is 'Global Brooklyn,' a new transnational aesthetic regime of urban consumption. It may look shabby and improvised, but it is all carefully designed. It may romance the analog, but is made to be Instagrammed. It often references the New York borough, but is shaped by many networked locations where consumers participate in the global circulation of styles, flavors, practices, and values. This book follows this phenomenon across different world cities, arguing for a stronger appreciation of design and materialities in understanding food cultures. Attentive to local contexts, struggles, and identities, contributors explore the global mobility of aesthetic, ethical, and entrepreneurial projects, and how they materialize in everyday practices on the ground. They describe new connections among eating, drinking, design, and communication in order to give a clearer sense of the contemporary transformations of food cultures around the world.

Progress in the Balance Daniel R. Reichman,2023-08-15 Through a historical ethnography of Santos, Brazil, Progress in the Balance addresses and assesses an

anthropological theory of progress. Observing that anthropology is a progressive discipline with a pessimistic attitude towards progress, Daniel Reichman explains the contested meanings of progress in Brazil and explores how anthropologists and others can define this concept more generally. He investigates how any society can separate progress from plain old change and, if change is constantly happening all around us, how and why certain events get lifted out of a normal timeframe and into a mythic narrative of progress. Each chapter outlines a particular episode in the history of Santos, a city undergoing an unprecedented period of economic and political turmoil, as it is represented in public culture, mainly through museums, monuments, art, and public events. Drawing on the anthropology of myth, Reichman proposes a model that he refers to as a clash of timescapes. Progress in the Balance shows how this concept of progress requires a different temporal structure that separates sacralized social change from mundane historical events.

New York City Coffee Erin Meister, 2018-09-10 This colorful history explores New York's coffee culture from the brew's initial arrival in the 1600s to today's artisanal connoisseurs. The coffee industry was made for New York: complex, diverse, fascinating and full of attitude. Since arriving in seventeenth-century New Amsterdam, coffee held patriotic significance during wartime, fueled industrial revolution and transformed the city's foodways. The New York Coffee Exchange opened tumultuously in the Gilded Age. Alice Foote MacDougall founded a 1920s coffeehouse empire. In the same decade, Brooklyn teenager William Black started Chock Full o'Nuts with \$250 and a dream. Today, third wave coffeeshops like Joe and Ninth Street Espresso offer single origin pour overs

and push the limits of latte art. Through stories, interviews and photographs, author and coffee professional Erin Meister shares Gotham's caffeinated past and explores the coffee-related reasons why the city never sleeps.

Left Coast Roast Hanna Neuschwander, 2012-01-01 From Alfred Peet's original shop on the corner of Walnut and Vine in Berkeley, to the small roasters opening each year, West Coast roasters have largely defined and refined how Americans drink and think about their morning cup of joe. They have turned a morning ritual into an obsession. Left Coast Roast is a caffeine-fueled guide to 55 key companies in Washington, Oregon, and Northern California Ñ from small artisan roasters like Heart, Coava, and Kuma and history-making icons like Peet's and Starbucks, to rapidly expanding shops like Portland's Stumptown and San Francisco's Blue Bottle. Profiles describe each company's background, roasting history, and style, and explain how to visit and order beans for home brewing. A coffee primer Ñ with notes on lingo, varieties, roasting basics, and how to brew the perfect cup Ñ makes this an ideal guide to the coffee obsessed. Drink up!

The Arab Lands under Ottoman Rule Jane Hathaway, Karl Barbir, 2014-07-22 In this seminal study, Jane Hathaway presents a wide-ranging reassessment of the effects of Ottoman rule on the Arab Lands of Egypt, Greater Syria, Iraq and Yemen - the first of its kind in over forty years. Challenging outmoded perceptions of this period as a demoralizing prelude to the rise of Arab nationalism and Arab nation-states in the nineteenth and twentieth centuries, Hathaway depicts an era of immense social, cultural, economic and political change which helped to shape the foundations of today's modern Middle and Near East. Taking full advantage of a wide range of Arabic and Ottoman

primary sources, she examines the changing fortunes of not only the political elite but also the broader population of merchants, shopkeepers, peasants, tribal populations, religious scholars, women, and ethnic and religious minorities who inhabited this diverse and volatile region. With masterly concision and clarity, Hathaway guides the reader through all the key current approaches to and debates surrounding Arab society during this period. This is far more than just another political history; it is a global study which offers an entirely new perspective on the era and region as a whole.

Feldman,2019 New Orleans history is steeped in coffee. Outside the Cathedral of St. Louis in Jackson Square, early entrepreneurs like Old Rose provided eager churchgoers with the brew, and it was sold in the French Market beginning in the late 1700s. Caf du Monde and Morning Call started serving caf au lait more than a century ago. People gathered for business, socializing, politics and auctions at five hundred coffee exchanges and shops in the 1800s. Since 1978, myriad specialty coffee shops have opened to meet increasing demand for great coffee. Author Suzanne Stone presents the full story of this celebrated tradition, including how chicory became part of the city's special flavor.

REdesigning Churches Kim Miller, 2013-10-15 As campus designer for Ginghamburg Church, in Tipp City, Ohio, Kim Miller has observed that when a church gets serious about Jesus' call, there is always a design element to be addressed. Kim asserts that physical space transformation is simply a backdrop for authentic people transformation. Change the space and the opportunity and environment to change the world emerges. This comes as a fresh challenge for churches and ministries struggling to present a new look to match their relevant message. An emphasis on spatial design is an incarnation of Jesus' call for new wineskins and is emerging as a key means to create community and the opportunity for transformation for a creative generation. This book is a practical guide for church leaders to transform their physical space into a ministry asset. Filled with pictures, tutorials and stories of spaces and lives transformed, Divine Rooms offers close-up snapshots of design-on-a-dime style looks, providing readers with usable ideas and how-tos that are supported by stories of real-life change from Ginghamburg's diverse community and the many congregations with which Kim consults.
