**New York City Coffee** Erin Meister, 2018-09-10 This colorful history explores New York's coffee culture from the brew's initial arrival in the 1600s to today's artisanal connoisseurs. The coffee industry was made for New York: complex, diverse, fascinating

and full of attitude. Since arriving in seventeenth-century New Amsterdam, coffee held patriotic significance during wartime, fueled industrial revolution and transformed the city's foodways. The New York Coffee Exchange opened tumultuously in the Gilded Age. Alice Foote MacDougall founded a 1920s coffeehouse empire. In the same decade, Brooklyn teenager William Black started Chock Full o'Nuts with \$250 and a dream. Today, third wave coffeeshops like Joe and Ninth Street Espresso offer single origin pour overs and push the limits of latte art. Through stories, interviews and photographs, author and coffee professional Erin Meister shares Gotham's caffeinated past and explores the coffee-related reasons why the city never sleeps.

*The Coffee Shop* Kerri-Ann T. Thomas, 2014-02 The Coffee Shop tackles the controversial topic of gentrification from a child's perspective. However, she does not like that she is always moving because her mother can no longer afford the apartment they live in. The neighborhood is changing and it seems that Clarisse's mother cannot keep up with these changes. Clarisse notices that every time a coffee shop opens in her neighborhood, she mysteriously has to move. It's either Clarisse or the Coffee Shop.....who will stay?

*Percolations* Marilyn J. Agee, Deirdre Nielsen, Susan

Lamarre, Susan Smith, Mary Ann Campbell, Thomas Blacklock, 2010-10-19 Many a famous tale began with Once upon a Time. While yet others led off with It was a dark and dreary night. Each author, using these openings, was attempting to set the tone for his or her story and poem that followed. None of the stories or poetry that follow in this book set their tone with such epic or historic and yes sometimes hackneyed openings. Instead they all begin with what the individual author considered a fresh perspective on a subject of either his or her choosing or one chosen for him/her. In order to better understand this last statement, an explanation of how these authors came together to write such stories is required. In 2005, Milli Thornton, the author of the book *Fear of Writing*, for writers & closet writers, established a writing group in a back room of Chickis Coffee Shop in the small Texas Hill Country community of Bulverde. Each Tuesday morning this eclectic group of would-be authors gathered, and over coffee and a variety of pastries would write for two hours. The two retired school teachers, a nurse and federal agent along with, an Irish lass, and an interior designer/artist would write their stories and poems from prompts offered by Thornton in her book or from other sources such as Texas Public Radio or WritersDigest.com. Making liberal use of their literary licenses, these writers crafted their pieces from these prompts by either embodying the entire prompt or selecting key words and or phrases from these prompts. On a number of occasions the single word the was chosen from the prompt and woven into a tale. Or the writers would choose a subject that was of importance to them at that moment. A tale from ones past; a rail against some minor injustice or poking fun at one of lifes inane situation became fodder for these authors. Just as important as the prompt or fertile material as Thornton refers to them as, was the understanding that the stories and poems, when read at the conclusion of each weekly meeting, would not be negatively critiqued unless requested by the author. Instead, each

participant would receive positive feed-back and encouragement on his or her works in hopes that it would inspire him/her to continue writing. The theory behind this kind of writing support can best be articulated in the words of Thornton when she discussed unleashing your imagination. She advised, The more you flex it the more limber it becomes. Positive reinforcement was intended to aid in the limbering effort, to encouraging them to continue to write and therefore become better writers. That the theory proffered by Thorntons was effective one merely has to look at the limited success of several of the authors who have contributed to this book. Two authors submitted and had their short stories selected to be read on Texas Public Radio. One author received honorable mention in another short story competition. Another of this group of authors finished and published a novel and has completed another book that is being readied for publication. These accomplishments might have not been achieved had it not been for this writing group. Moreover, this book would have not been written had it not been for the desire and dedication of these authors who week in and week out continued to pour out their souls in their short stories. Over the succeeding years, numerous writers passed through this group. Some moved on as their life situations changed; others needed something other than what was offered by the group. And still others, decided for personal reasons that the group did not satisfy their writing needs. What remained, was a constant core of writers who continued to meet and toil each Tuesday or whenever possible. The stories and poems contained in this book are the works of that core of writers. This group of writers hope that you, the reader, get as much joy from reading this collection of short stories as their authors did in creating them. The book has been divided

**The South American Coffee Shop Chronicles** Ross W. Nielsen, 2013-03-23 Some people think I didn't have a childhood, as they think I was born on a cold and wet Saturday morning at

the age of 23 in the front bar of The Lord Forrest Hotel. I did in fact have a childhood, but it was spent on a wheat farm, but I hated dirt and country music so as soon I was old enough I left the farm. I ended up in a country city doing a trade ( motor mechanic ) for four years. After I had my trade papers in my hand I was out of there and down to the big smoke, a city of millions of people. I owe that city a lot as it turned me from a country youth into a man. I discovered many things, including motorcycles, race cars, the ocean, sailing and diving and also bookshops. I hated school with a passion, but I am thankful to my teachers who taught me how to read. The bookshops in that big city were amazing, every Saturday morning would see me on a bus heading into the city and I would comb the bookshops. Those bookshops were a turning point in my life that put me on a very different road to the farm boy I was supposed to be. From there I wandered around the country and finally landed a job in South America working for an American company. South America, it's people and the crazy guys I worked with was another turning point in my life. In my travels I noticed people seemed to live by a script, a script for life. Some poor souls had been given a bad script but they still lived by it, I worked out who gave them these scripts, good or bad. I discovered one's life script is vital in how we live our lives. One can rewrite one's script, but your belief system will try to stop you from changing your script. Firstly you have to learn how to over come your belief system, and then rewrite your script.

**The Coffee-House** Markman Ellis, 2011-05-12 How the simple commodity of coffee came to rewrite the experience of metropolitan life When the first coffee-house opened in London in 1652, customers were bewildered by this strange new drink from Turkey. But those who tried coffee were soon won over. More coffee-houses were opened across London and, in the following decades, in America and Europe. For a hundred years the coffee-house occupied the centre of urban life. Merchants held auctions

of goods, writers and poets conducted discussions, scientists demonstrated experiments and gave lectures, philanthropists deliberated reforms. Coffee-houses thus played a key role in the explosion of political, financial, scientific and literary change in the 18th century. In the 19th century the coffee-house declined, but the 1950s witnessed a dramatic revival in the popularity of coffee with the appearance of espresso machines and the 'coffee bar', and the 1990s saw the arrival of retail chains like Starbucks.

### **The Coffee Shop Chronicles of New Orleans PART 2**

David Lummis, 2012-08-01

Fresh Brewed Henry Meyerson, 2008 Fresh Brewed is a collection of eleven plays, all of which take place in a coffee bar, all of which use the same set of two small tables and four chairs, and all of which can be performed by two male and two female actors in various combinations from a monologue to two quartets. If all of the plays are performed in one evening, there should be no black outs between plays. Simply changing the composition of the cast can signal the audience of movement between plays. On the hand, each play is writ

Women Who Live in Coffee Shops and Other Stories Stella Pope Duarte, 2010-04-01 Everybody says that the owner of Sal's Diner is a former Mafioso, but nine-year-old Joanna, whose mom has worked for him as long as she can remember, has a hard time believing he's a Mafia retiree. But one day, when two fat, toothless men who look like the Godfather's brothers show up at the diner, she wonders if maybe the rumor is true. And when Sal is arrested a few days later, Joanna's mother not only runs the diner while he's in jail, she also leads the charge to save him. Can the women who frequent his diner--the League of Women Who Live in Coffee Shops--save Sal from doing hard time in prison? Set against an urban backdrop of seedy motels and dilapidated houses next to industrial buildings and railroad tracks, Stella Pope Duarte's award-winning stories follow characters who make up the city's underbelly. Some strut through the lethal streets,

flamboyant and hard to miss--flashy divas, transvestites, and prostitutes, like Valentine, one of the girls who decorated Van Buren Street like ornaments dangling precariously on a Christmas tree. Others remain hidden, invisible to those who don't seek them out--bag ladies, illegals, and addicts.

Shop Ministries represents about twenty-five short stories about every day people often over a cup of tea or coffee. The encounters were mostly strangers, whose lives were changed or their stories deeply affected this author to write about them. Readers often commented on the writings with words that implied the meetings were not accidental. Many referred to them as divine appointments. Several stories followed as a result of the readers sharing their lives with this author to capture as well. This author desires for the world to know that we are not alone in our journey, especially spiritually. As many of the people in these stories have been encouraged, it is this author's hope that many more can also benefit by reading them. The characters in the stories are real people with hope restored, joy uplifted, and lives changed for the better. Coffee Shop Ministries represent short stories about everyday encounters with people while sharing a cup of tea or coffee. The question that is raised, however, is Were these accidental meetings or divine appointments? Dennis felt led to capture these accounts and share them with the world. Some examples of responses to stories in the book are: Thank you for your gift of sharing God's love through your writings... especially for allowing me to sip tea at your Coffee Shop Cafe. Just reading about the encounters added light to many dismal days. Oh, how I long for your coffee shop fellowship during these times. Isileen Webb (Florida) I really love this book! I think you have done a great job. The only thing Joe and I didn't really care for were the names you gave us, Jane & Dick. Please feel free to use our real names we do not mind at all! Joe and Debby (Alabama) Note: This couple's story is the chapter titled The Young Couple.
