When the Adults Change, Everything Changes Paul Dix,2017-06-06 You can buy in the best behaviour tracking software, introduce 24/7 detentions or scream 'NO EXCUSES' as often as you want but ultimately the solution lies with the behaviour of the adults. It is the only behaviour over which we have absolute control. Drawing on anecdotal case studies, scripted interventions and approaches which have been tried and tested in a range of contexts, from the most challenging urban comprehensives to the most privileged international schools, behaviour training expert and Pivotal Education director Paul Dix advocates an inclusive approach that is practical, transformative and rippling with respect for staff and learners. An approach in which behavioural expectations and boundaries are exemplified by people, not by a thousand rules that nobody can recall. When the Adults Change, Everything Changes illustrates how, with their traditional sanction- and exclusion-led methods, the 'punishment brigade' are losing the argument. It outlines how each school can build authentic practice on a stable platform, resulting in shifts in daily rules and routines, in how we deal with the angriest learners, in restorative practice and in how we appreciate positive behaviour. Each chapter is themed and concludes with three helpful checklists Testing, Watch out for and Nuggets designed to help you form your own behaviour blueprint. Throughout the book both class teachers and school leaders will find indispensable advice about how to involve all staff in developing a whole school ethos built on kindness, empathy and understanding. Suitable for all head teachers, school leaders, teachers, NQTs and classroom assistants in any phase or context, including SEND and alternative provision settings who are looking to upgrade their own classroom management or school behaviour plan. When the Adults Change Everything Changes was a silver winner 2017 Foreword INDIES Awards in the Education category. Named one of Book Authority's best education reform books of all time. The iPhone Book, Third Edition (Covers iPhone 3GS, iPhone 3G, and iPod Touch) Scott Kelby,Terry White,2009-09-25 If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 3G or 3GS—you've found it. There are basically two types of iPhone books out there: (1) The "tell-me-all-about-it" kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a "show-me-how-to-do-it" book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, The iPod Book, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007 and, since then, Scott and Terry added even more tips and more tricks, and made it even easier by focusing on just the most useful and most requested iPhone 3G and 3GS features, so you can start really using your iPhone today!

Stick Control George Lawrence Stone,2013-11-06 George Lawrence Stone's Stick Control is the original classic, often called the bible of drumming. In 1993, Modern Drummer magazine named it one of the top 25 drumming books of all-time. In the words of the author, this is the ideal book for improving control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and muscular coordination, with extra attention given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions.

Leverage LIVE Online Cheryle E Walker,2021-09-14 In an era where tools are not limiting, our challenge is to cultivate a productive LIVE online culture - the opportunity is to maximise the effectiveness of remote working and virtual learning. TRANSFORMATION is well underway As the global pandemic struck the world in 2020, organisations and individuals, managers and entrepreneurs quickly hopped online to manage, deliver and facilitate virtually what needed to get done. Gartner reported that 88% of organisations worldwide made it mandatory or encouraged their employees to work from home after COVID-19 was declared a pandemic. Furthermore, 97% of organisations immediately cancelled all work-related travel. We found new ways to work, collaborate, learn, consult and sell from a webcam. Many online interactions went well, and many others were awkward, confusing or overwhelmingly fatiguing. But everyone coped as best they could. LIVE ONLINE is now the long game As we grow and emerge from the pandemic there are all sorts of ‘new normal’ to be redefined and navigated. Gartner now reports that 74% of companies plan to shift some of their employees to remote working permanently. As the majority of people have been working from home for over a year now, business leaders have started to realise the many benefits of having a remote workforce. It’s all about LEVERAGE Leveraging this shift to ‘virtual’ and ‘work-from-anywhere’ is now a compelling focus. Leaders must overcome the disengagement, webcam fatigue and poorly prepared online meetings and virtual workshops. The challenge now is how to really engage with flair, interact meaningfully, maintain attention and raise commitment in the virtual LIVE online environment.

The Things They Carried Tim O'Brien,2009-10-13 Look for O'Brien's new book, American Fantastica, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, The Things They Carried is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. The Things They Carried depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. The Things They Carried won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.
