With this book, beginner crossword solvers can learn the ropes and quickly improve their puzzle skills. In addition to an alphabetical list of the most common crossword entries, based on an exhaustive analysis of published puzzle grids, it includes explanations of each answer with helpful details, a list of frequent clues, and tips on overcoming ploys to throw you off. (For instance, if you see the clue Quarrel and have most of the word filled in—S P A \_—be careful before writing down that last letter, because the answer could be SPAR or SPAT.)
